RE: MCHCP Health Care Decision Support System (DSS) RFP

Missouri Consolidated Health Care Plan (MCHCP) will be working with Optavise, an online request for proposal (RFP) system, in the marketing of the MCHCP Health Care Decision Support System (DSS) RFP. The successful contractor will be required to begin implementation immediately following contract award and to have the system in full production by January 1, 2025.

MCHCP provides the health benefit program for most State of Missouri employees, retirees, and their dependents covering over 88,000 members (lives). An additional 1,200 non-state members are covered through their public entity employer. MCHCP currently has a data warehouse and decision support system in place with Merative which was first implemented in 2003. Because the current contract is expiring in 2024, this RFP is being released.

Proposal

The RFP requests bids for a health care decision support system. The contractor will combine claim, encounter, health assessment, dental, vision, on-site health center, and eligibility data into a single analytically-ready database which gives MCHCP the ability to understand cost and use across its entire membership. The database shall be housed and maintained by the contractor and shall be accessible by MCHCP via a web connection. This must be a product that is currently in use by other clients.

The term of the contract will be three (3) years with an additional five (5) one-year renewal options available at the sole option of the MCHCP Board of Trustees.

Minimum Bidder Requirements

- The bidder must have at least five years' experience in converting and standardizing raw claim, encounter, health assessment, dental, vision, and eligibility data to provide accessible healthcare management information. The contractor must have experience in accepting data from the following plan types: Medical (PPO, HDHP, and Medicare Advantage), PBM, dental, vision, on-site health center, and health assessment vendors.
- The bidder shall currently be providing health care decision support services to at least 2 million (2,000,000) total covered lives in employer organizations.
- The bidder must currently be providing the same or similar tool being proposed to MCHCP to at least three large employers, two of which must have more than 40,000 subscribers and one

which must have at least 50,000 subscribers. One of these employers must be a public sector state employer.

- The bidder must offer this product in such a manner that MCHCP has no responsibility for the database, the decision support software, or the technical infrastructure and associated processes and procedures.
- The database must be accessible through the web and must be secure.
- The bidder must commit to maintain HIPAA compliance for the life of the contract and as long as the data is maintained by the contractor. The bidder must comply with all state and federal laws and regulations concerning data confidentiality and security.
- Bidders shall not be permitted to increase their proposed costs after submission except with agreement by MCHCP.
- All deadlines outlined are necessary to meet the timeline for this contract award. MCHCP may reject any submissions after respective deadlines have passed. All bidder documents and complete proposals must be received by the proposal deadline of June 11, 2024, as outlined in the timeline of events for this RFP. Late proposals will not be accepted. MCHCP reserves the right to modify a deadline or extend a deadline for all bidders at its discretion.

Intent to Bid

Once the RFP is released, bidders who are interested in submitting a proposal should complete the Intent to Bid (available as a response document within the Optavise system). The Intent to Bid is due at 5:00 p.m. CT, Friday, May 24, 2024.

Your proposal will be submitted over the Internet, through an anonymous online bidding process. Optavise will assign a unique username, which will allow you to view the information pertinent to the bidding process, submit response documents, communicate directly with MCHCP through the application's messaging component, and respond to our online questionnaires. In addition, Optavise will provide a user guide with instructions for setting up your account.

You may wish to have other people in your organization access this online event to assist in the completion of the RFP. Each member of your response team must secure a unique username and password from Optavise by way of a provider contact spreadsheet, emailed directly to you by Optavise. There is no cost to use the Optavise system.

System Training

Optavise offers all participants of an Optavise-hosted event access to their downloadable *User Guides* and *Pre-Recorded Training Sessions*. These guides are located on the homepage of the *vendor-user* view and provide an overview of the application's functionality. We recommend that you and your response team take advantage of this unique opportunity to realize the full benefit of the application. In addition to this self-help option, Optavise's experienced support personnel will offer an application overview via a web-cast session.

Introduction

Missouri Consolidated Health Care Plan (MCHCP) provides the health benefit program for most State of Missouri employees, retirees, and their dependents covering over 88,000 members (lives). An additional 1,200 non-state local government members are covered through their public entity employer.

This document constitutes a request for sealed proposals from qualified organizations to provide the services listed below. MCHCP intends to award one contract to the bidder who can provide all the following services:

- **Health Care Decision Support System (DSS)** – The contractor will combine medical, pharmacy, dental, and vision claims, as well as on-site health center encounters, health risk assessment data, eligibility data, and any future data as needed into a single analytically-ready database accessible by MCHCP via a secure web connection.
- **Consumer Plan Selection Tool** – The contractor shall provide, at the option of MCHCP, an online application that enables members to view historic claims cost and utilization information for themselves and their dependents and to incorporate that information to compare available plan choices to support the open enrollment decision-making process. The system must also support new members during open enrollment and new members added throughout the year, to estimate their future costs so those without historical claims experience can also compare plan choices. The system must be accessible through single sign-on from MCHCP's website.
- **Voluntary Data Share Agreement (VDSA) Reporting** – The contractor shall provide, at the option of MCHCP, a service whereby the contractor enters into a VDSA with the Centers for Medicare & Medicaid Services (CMS) in order to conduct monthly data matching for Medicare eligibility and to transmit results to MCHCP.

MCHCP currently has a DSS contract in place with Merative. The current contract has been in effect for eight years and expires December 31, 2024. MCHCP has contracted with Merative since 2003.

MCHCP desires to contract per the attached specifications. Proposal submission requirements are stated throughout this document. There will be no public openings of submitted bids and proposals will remain confidential until such time as designated by the MCHCP Board of Trustees or its designee.

Minimum Bidder Requirements

- The bidder must have at least five years' experience in converting and standardizing raw claim, encounter, health assessment, dental, vision, and eligibility data to provide accessible healthcare management information. The contractor must have experience in accepting data from the following plan types: Medical (PPO, HDHP, and Medicare Advantage), PBM, dental, vision, onsite health center, and health assessment vendors.
- The bidder shall currently be providing health care decision support services to at least 2 million (2,000,000) total covered lives in employer organizations.
- The bidder must currently be providing the same or similar tool being proposed to MCHCP to at least three large employers, two of which must have more than 40,000 subscribers and one which

must have at least 50,000 subscribers. One of these employers must be a public sector state employer.

- The bidder must offer this product in such a manner that MCHCP has no responsibility for the database, the decision support software, or the technical infrastructure and associated processes and procedures.
- The database must be accessible through the web and must be secure.
- The bidder must commit to maintain HIPAA compliance for the life of the contract and as long as the data is maintained by the contractor. The bidder must comply with all state and federal laws and regulations concerning data confidentiality and security.
- Bidders shall not be permitted to increase their proposed costs after submission except with agreement by MCHCP.
- All deadlines outlined are necessary to meet the timeline for this contract award. MCHCP may reject any submissions after respective deadlines have passed. All bidder documents and complete proposals must be received by the proposal deadline of July 2, 2024, as outlined in the timeline of events for this RFP. Late proposals will not be accepted. MCHCP reserves the right to modify a deadline or extend a deadline for all bidders at its discretion.

Confidentiality and Proprietary Materials

Pursuant to Section 610.021 RSMo, proposals and related documents shall not be available for public review until a contract has been awarded or all proposals are rejected. MCHCP maintains copies of all proposals and related documents.

MCHCP is a governmental body under Missouri Sunshine Law (Chapter 610 RSMo). Section 610.011 requires that all provisions be “liberally construed and their exceptions strictly construed to promote” the public policy that records are open unless otherwise provided by law. Regardless of any claim by a bidder as to material being proprietary and not subject to copying or distribution, or how a bidder characterizes any information provided in its proposal, all material submitted by the bidder in conjunction with the RFP is subject to release after the award of a contract in relation to a request for public records under the Missouri Sunshine Law (see Chapter 610 of the Missouri Revised Statutes). Only information expressly permitted by the provisions of Missouri’s Sunshine Law to be closed – strictly construed – will be redacted by MCHCP from any public request submitted to MCHCP after an award is made. Bidders should presume information provided to MCHCP in a proposal will be public following the award of the bid and made available upon request in accordance with the provisions of state law.

Evaluation Process

Any apparent clerical error may be corrected by the bidder before contract award. Upon discovering an apparent clerical error, MCHCP shall contact the bidder and request written clarification of the intended proposal. The correction shall be made in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.

Any pricing information submitted by a bidder must be disclosed on the pricing pages as designated in this RFP. Any pricing information which appears elsewhere in the bidder’s proposal shall not be considered by MCHCP.

Awards shall only be made to the bidder(s) whose proposal(s) complies with all mandatory specifications and requirements of the RFP. MCHCP reserves the right to evaluate all offers and based upon that evaluation to limit the number of contract awards or reject any and all offers.

MCHCP reserves the right to request written clarification of any portion of the bidder’s response to verify the intent of the bidder. The bidder is cautioned, however, that its response shall be subject to acceptance or rejection without further clarification.

MCHCP reserves the right to consider historic information and fact, whether gained from the bidder’s proposal, question and answer conferences, references, or any other source, in the evaluation process. The bidder is cautioned that it is the bidder’s sole responsibility to submit information related to the evaluation categories and that MCHCP is under no obligation to solicit such information if it is not included with the bidder’s proposal. Failure of the bidder to submit such information may cause an adverse impact on the evaluation of the bidder’s proposal.

After determining that a proposal satisfies the mandatory requirements stated in the RFP, the comparative assessment of the relative benefits and deficiencies of the proposal in relationship to the published evaluation criteria shall be made by using subjective judgment. The award of a contract resulting from this RFP shall be based on the lowest and best proposal received in accordance with the evaluation criteria stated below:

The bidder's proposed participation of MBE/WBE firms in meeting the targets of the RFP will be considered in the evaluation process. A maximum MBE/WBE participation points of 10 points will be awarded based on the participation amount proposed by the bidder. Awarded MBE/WBE participation points will be added to the non-financial points earned by the bidder and will be included to determine if a bidder meets the 80 percent threshold to obtain finalist status.

Minority Business Enterprise (MBE)/Women Business Enterprise (WBE) Participation

The bidder should secure participation of certified MBEs and WBEs in providing products/services required in this RFP. The targets of participation recommended by the State of Missouri are 10% MBE and 5% WBE of the total dollar value of the contract.

- a) These targets can be met by a qualified MBE/WBE vendor themselves and/or through the use of qualified subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for MBE/WBE participation.
- b) The services performed or the products provided by MBE/WBEs must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by MBE/WBEs is utilized, to any extent, in the bidder's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.
- c) In order to be considered as meeting these targets, the MBE/WBEs must be "qualified" by the proposal opening date (date the proposal is due). See below for a definition of a qualified MBE/WBE.
- d) If the bidder is proposing MBE/WBE participation, in order to receive evaluation consideration for MBE/WBE participation, the bidder must provide the following information with the proposal.
 - a. Participation Commitment - If the bidder is proposing MBE/WBE participation, the vendor must complete Section 14 of the DSS Questionnaire (MBE-WBE Participation Commitment), by listing each proposed MBE and WBE, the committed percentage of participation for each MBE and WBE, and the commercially useful products/services to be provided by the listed MBE and WBE. If the vendor submitting the proposal is a qualified MBE and/or WBE, the vendor must include the vendor in the appropriate table.
 - b. Documentation of Intent to Participate – The bidder must either provide a properly completed Exhibit A-5, Documentation of Intent to Participate Form, signed and dated no earlier than the RFP issuance date by each MBE and WBE proposed or must provide a letter of intent signed and dated no earlier than the RFP issuance date by each MBE and WBE proposed which: (1) must describe the products/services the MBE/WBE will provide and (2) should include evidence that the MBE/WBE is qualified, as defined herein (i.e., the MBE/WBE Certification Number or a copy of MBE/WBE certificate issued by the Missouri OEO). If the bidder submitting the proposal is a qualified MBE and/or WBE, the bidder is not required to complete Exhibit A-5, Documentation of Intent to Participate Form or provide a recently dated letter of intent.
- e) Commitment – If the bidder's proposal is awarded, the percentage level of MBE/WBE participation committed to by the bidder on Exhibit A-5, Participation Commitment, shall be interpreted as a contractual requirement.

Definition -- Qualified MBE/WBE:

In order to be considered a qualified MBE or WBE for purposes of this RFP, the MBE/WBE must be certified by the State of Missouri, Office of Administration, Office of Equal Opportunity (OEO) by the proposal opening date.

MBE or WBE means a business that is a sole proprietorship, partnership, joint venture, or corporation in which at least fifty-one percent (51%) of the ownership interest is held by minorities or women and the management and daily business operations of which are controlled by one or more minorities or women who own it.

Minority is defined as belonging to one of the following racial minority groups: African Americans, Native Americans, Hispanic Americans, Asian Americans, American Indians, Eskimos, Aleuts, and other groups that may be recognized by the Office of Advocacy, United States Small Business Administration, Washington, D.C.

Pricing

The bidder must provide a firm, fixed pricing arrangement for providing the services described in this RFP.

The bidder is also required to complete the Performance Guarantee section of the questionnaire, indicating the total amount the bidder is willing to put at risk for these performance standards. The bidder must designate a minimum of 5 percent of total monthly fees for the implementation standard, and 20 percent of the total monthly fees for the remaining performance standards. The bidder may designate a maximum amount for any one standard. The bidder may also propose additional performance standards. MCHCP reserves the right to negotiate each standard prior to finalizing the contract.

Any cost and/or pricing data submitted or related to the bidder's proposal including any cost and/or pricing data related to contractual extension options shall be subject to evaluation if deemed by MCHCP to be in the best interest of members of the Plan.

In determining pricing points, MCHCP will consider the potential five-year cost of the project including the full not-to-exceed prices for Years 2-5 of the contract. The five-year cost includes the total monthly fees for the entire five years. MCHCP will also assume one additional data feed per year in determining the

total five-year project cost. The proposed five-year cost for Voluntary Data Share Agreement (VDSA) services and the Consumer Plan Selection Tool will also be included in the total five-year cost.

In addition, the maximum pricing points that may be earned will be relative to the amount of non-pricing points received. The bidder with the most non-price points will be eligible to receive the full 400 points allowed for pricing. All other bidders will be eligible to receive a relative amount of price points based on the relative difference of the non-price points among the bidders. An illustration is provided in Attachment 3.

Finalist Interview

After an initial screening process, a technical question and answer conference, product demonstration, and/or interview may be conducted, if deemed necessary by MCHCP, to clarify or verify the bidder's proposal and to develop a comprehensive assessment of the proposal. MCHCP may ask additional questions and/or conduct a site visit of the bidder's service center or other appropriate location.

Negotiation and Contract Award

The bidder is advised that under the provisions of this RFP, MCHCP reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- Negotiations may be conducted in person, in writing, or by telephone.
- Negotiations will only be conducted with bidders who provide potentially acceptable proposals. MCHCP reserves the right to limit negotiations to those bidders which received the highest rankings during the initial evaluation phase. All bidders involved in the negotiation process will be invited to submit a best and final offer.
- Terms, conditions, prices, methodology, or other features of the bidder's proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the bidder may be required to submit supporting financial, pricing, and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- The mandatory requirements of the RFP shall not be negotiable and shall remain unchanged unless MCHCP determines that a change in such requirements is in the best interest of MCHCP and its members.
- Bidder understands that the terms of any negotiation are confidential until an award is made or all proposals are rejected.

Any award of a contract resulting from this RFP will be made only by written authorization from MCHCP.

Renewal of Contract

The initial agreement commences when the contract is signed through December 31, 2027, with five additional one year renewals available at the sole option of the MCHCP Board of Trustees.

Proposed pricing arrangements for CY2026 through CY2029, not to exceed the allowed maximum, shall be submitted to MCHCP prior to May 15 for the following plan year. Pricing for Years CY2030 through CY2032 will be negotiated, and shall be submitted to MCHCP prior to May 15 for the following plan year.

The financial worksheet (Decision Support System Pricing) may be accessed in *Items Requiring a Response*. The *Pricing or Bid* contains worksheets to collect fee quotations based on the products and services requested in this RFP. For step-by-step instructions, please refer to the *How to Submit a Bid* User Guide located in the *Downloads* section of the Optavise application homepage. Please be certain to complete all worksheets.

The final bid deadline is Tuesday, July 2, 2024, 5:00 p.m. CT (6:00 p.m. ET). Further detail on how to submit your bids is outlined in the Submitting Bids section of these Instructions.

Notes Regarding Pricing

DSS pricing quotes should assume:

- Implementation to begin immediately following contract award, with system in full production by January 1, 2025.
- Submitted prices for CY2025 shall be firm, while prices for CY2026 through CY2029 shall be submitted as “not-to-exceed” amounts. Years 6-8 (CY2030 through CY2032) will be negotiated.
- Proposed prices are subject to negotiation prior to the award of a contract by MCHCP. Refer to this Instructions document for detailed pricing worksheet instructions.
- Renewals are solely at the option of MCHCP. Renewal prices are due by May 15 for the following year, and are subject to negotiation.

Submitting Bids

The pricing function allows you to work on a bid submission in draft form. You can enter your rates and *Save* without submitting your proposal to Optavise. Save frequently to avoid losing work. When you have

finished entering your rates, *Save* and then *Calculate*. If you have missed any required fields, you will be notified with an error message. If there are no errors, you can *Submit* your proposal through Optavise.

Once you have submitted your bid, you can make adjustments at any time up until the bids are due. Simply select the pricing/bid and choose *Edit* to make changes. Follow the steps above to save, calculate, and re-submit.

Please refer to the following list of instructions before attempting to input/submit a bid:

- Enter your rates well in advance of the required bid date. Please do NOT wait until the last minute to work on the pricing model worksheet because your bids must comply with the automated rules and data validation checks that have been implemented by MCHCP.
- Partial data entries can be saved; however, the validation rules (error checking) will not be run against your data until you complete the worksheet and either *Calculate* or *Submit* your data.
- To check that your data have been accurately entered for all worksheets, you should press the *Calculate* button at the top of the page. If your input complies with the validation rules, the rates will be calculated and totaled. Otherwise, the calculation and validation rules will not properly execute even if you press the *Calculate* button.
- You will be able to view your final rate submission prior to submitting to Optavise.
- If your data are accurate and complete, click on the *Submit Bid* icon to submit your bid to Optavise.
- Data that are submitted incorrectly will receive error messages when calculated or submitted.
- All data fields that are marked as a number or currency must be filled with a numerical value or 0. Blanks and text such as “n/a” are not permitted. If you attempt to *Submit* or *Calculate* your data with incomplete fields, you will receive an error message.
- Be sure to save your data often. Periodic saves will prevent you from losing data in the event the application times-out. For security purposes the system will automatically log you out after a specified time if there is no activity.

- B1.1 **Claim Level Data:** The contractor must be capable of converting and standardizing raw data from multiple sources into a database that can be queried by MCHCP to assist in answering the following types of questions. Types of data include, but are not limited to, medical, pharmacy, dental and vision claims; health assessment results; onsite health center encounters; and eligibility data.
- B1.1.1 How does MCHCP experience compare to other benchmarks – both commercial employers and governmental employers – especially other state employers?
- B1.1.2 Is the plan performing optimally in the areas of cost, quality, and member access?
- B1.1.3 How is the plan performing over time in relation to accepted utilization and expense criteria? What are the causes of these trends?

The contractor shall proactively identify and correct any data anomalies or gaps in data.
- B1.3 **Analytical Products and Support:** The contractor shall be able to provide a full range of analytical products and support, including, but not limited to, claims expense and utilization analysis, benchmarking against valid comparable standards, plan and program evaluation, financial management, and utilization analysis at the provider and clinical level. The contractor shall provide an annual minimum consulting retainer of 168 hours that MCHCP can utilize for special projects or to offset costs for implementing a new or replacement data source. Unused hours shall roll over to the next year.
- B1.4 **Web-based Information and Access:** The contractor shall provide secure, user-friendly, web-based access to the warehouse system that allows for ad hoc report generation with graphic presentation ability. The system must be able to integrate claims information (PPO, HDHP, Medicare Advantage, PBM, dental and vision), health clinic encounter data, health assessment (HA) results, eligibility information and other types of data as it is identified.
- B1.5 **Database Requirements:** The contractor shall create a five-year historical database using the available information from all data suppliers. Once data ages out of the database, the contractor shall archive the data and retain the capability for the data to be retrieved upon

request. The contractor shall provide MCHCP direct access to act on and manipulate, compare, consolidate, view, analyze and report the data, with the capability to summarize and compare services provided to members or by providers based on selection criteria specified by MCHCP using any combination of data dimensions. The system must allow for independent analysis and study. The contractor shall perform the following:

- B1.5.1 Maintain a comparative database embedded within the system to allow for benchmarking. At a minimum, this benchmark data must include national, regional, and industry-specific norms. A public sector norm is required.
- B1.5.2 Construct inpatient admissions and inpatient and outpatient episodes of care, linking all claims to a related episode. Episodes of care capabilities are required and included in the base price.
- B1.5.3 Provide quality of care measurement and readmission analysis capabilities using established key indicators of quality.
- B1.5.4 Provide the ability to define and access subsets of the full database based on any data variable with drill-down capabilities to the level of individual participant, provider or claim line.
- B1.5.5 Provide the ability to query the most recent five years of data and with the capability to report claims data by date of service and by date of payment.
- B1.5.6 Provide health risk scoring capabilities that, at a minimum, measure population illness burden and stratify populations upon a continuum. The health risk scoring tool must be seamlessly located within the data warehouse.
- B1.5.7 Provide the ability to display information in tables, graphs and charts and provide a wide range of selectable choices to view, array, compare, and report aggregate, sub-aggregate, and summary information.
- B1.6 **Reports:** The contractor shall electronically array and store data to allow for the generation of standard reports on a periodic basis as well as the capability to create and generate ad hoc reports on-line.
 - B1.6.1 The contractor shall provide access to a series of standard management reports that analyze underlying utilization and cost patterns.
 - B1.6.2 Query and reporting results must be downloadable to a format that can be manipulated (e.g. Excel) with nearly immediate (on-demand) access and no programming expertise needed.
 - B1.6.3 The contractor shall provide the ability to create sets of reports that can be scheduled to run following each monthly database update and at user-defined times.

B1.6.4 The contractor shall provide assistance and expertise in converting MCHCP's current reporting templates for use in the contractor's system.

B.1.7 **Training and Support:** The contractor shall provide adequate initial and ongoing training and support for up to four MCHCP employees and up to two external users and shall be able to provide the necessary technical support to make full use of the information in strategic decision making. The contractor must provide ongoing system support and training following implementation. A designated analyst with extensive experience must be included as part of the account team.

B1.8 **Monthly Data Feeds:** The contractor shall develop data interfaces which are mutually acceptable to the contractor, the data suppliers, and MCHCP. The process will include the method of transmission, content, and frequency. The contractor shall accept monthly data feeds from each of MCHCP's data suppliers and clean the data prior to importing into the central data warehouse. The data will be electronically stored on the contractor's system and will serve as a centralized data repository from which both standard and ad hoc reports may be generated. The contractor shall maintain clear communication with MCHCP regarding data suppliers' submission dates and compliance levels. The contractor must communicate interface requirements to data suppliers in the event MCHCP changes or adds data suppliers.

B1.9 **Data Extract Files:** Upon request, the contractor shall provide a data extract file to MCHCP or its designee in an agreed upon format and layout.

B2. **Implementation**

B2.1 MCHCP expects to begin implementation immediately following contract award, with the system being in full production no later than January 1, 2025. There must be no break in service from the current contractor.

B3. **Rights in Data/Turnover Requirements**

B3.1 All technical communications and records originated or prepared by the contractor pursuant to this agreement including papers, reports, charts, and other documentation, but not including contractor's administrative communications and records relating to this agreement shall be delivered to and shall become the exclusive property of MCHCP.

B3.2 Six (6) months prior to the end of the contract period, the contractor shall deliver to MCHCP a turnover work plan acceptable to MCHCP. This work plan shall address all requirements and activities necessary to complete the termination and turnover process. In addition to addressing the activities associated with the turnover process, the work plan shall include a work schedule of tasks to be performed during the turnover period and a narrative which describes each task/activity on the work schedule. The work plan must be provided within 30 days of notification of contract termination. Failure to provide an acceptable turnover work plan will incur liquidated damages as provided in the performance standards.

B3.3 The contractor shall turn over to MCHCP's new decision support system vendor, the most recent five years of raw data received from each of MCHCP's data suppliers.

B4. Voluntary Data Share Agreement (VDSA) Services

- B4.1 At MCHCP's option, the contractor shall manage the Voluntary Data Sharing Agreement (VDSA) exchange between MCHCP and the Centers for Medicare and Medicaid (CMS) Coordination of Benefits Contractor (COBC).
- B4.2 Based on the eligibility files submitted by MCHCP, the contractor shall submit a Medicare Secondary Payer (MSP) file to the CMS COBC of all MCHCP members aged 55 or older on a quarterly basis.
- B4.3 The contractor shall submit a Non-MSP file to the CMS COBC on a monthly basis of all members and submit the results provided by the CMS COBC to MCHCP in order to provide up-to-date Medicare entitlement information.

B5. Consumer Plan Selection Tool

- B5.1 At MCHCP's option, the contractor shall provide an online application that enables employees to view their specific medical and prescription drug historic cost and utilization information for themselves and their dependents and plan choices to support the open enrollment decision-making process.
- B5.2 The application shall model costs and utilization and apply such to each of the plan design options available to members. The application must model historic claims experience and premium contributions to make the plan recommendation that is the most financially advantageous to the member.
- B5.3 The contractor shall provide results reporting and provide an impact analysis of the effectiveness of the tool to determine if members selected the recommended plan.
- B5.4 The tool must be accessible to members through single sign-on from MCHCP's website and available during open enrollment in the months of September and October of each year.
- B5.5 The tool must be accessible to new employees throughout the year.

B6. Electronic Transmission Protocols: DSS and all subcontractors shall maintain encryption standards of 4096 bits or greater for RSA key pairs, and 256 bit session key strength for the encryption of confidential information and transmission over public communication infrastructure. Batch transfers of files will be performed using SFTP or FTPS with similar standards and refined as needed to best accommodate provider configurations (i.e. port assignment, access control, etc.).

B7. Payment Terms

- B7.1 MCHCP shall promptly pay all monies due the contractor in a timely manner in accordance with the pricing awarded by the Board of Trustees. MCHCP will submit payment to the contractor within (10) days of receipt and approval of the monthly invoice. Payment will be made via automatic clearing house (ACH). MCHCP shall have a grace period of 10 days for payment. MCHCP shall put forth reasonable efforts to make payment by the required payment date.

B7.1.1 The contractor shall submit its monthly invoice electronically. For MCHCP to monitor project performance, the invoice shall be divided by project with amount invoiced in accordance with pricing pages submitted by the contractor as part of the RFP. The total amount invoiced may not exceed the pricing for the calendar year.

B7.1.2 Payment shall not be construed by the contractor as acceptance of the service performed by the contractor. MCHCP reserves the right to conduct further testing and inspection after payment, but within a reasonable time after performance, and to reject the service if such post-payment testing or inspection discloses a defect or failure to meet specifications. The contractor agrees that MCHCP may set off the amount of any obligation of the contractor to MCHCP against any payments due the contractor.

B8. Renewal and Termination of Contract

B8.1 The contract term is for a period of three (3) years from January 1, 2025, through December 31, 2027.

B8.2 MCHCP has the sole right to renew the contract for five (5) additional one-year periods.

B8.3 MCHCP reserves the right to terminate the contract without penalty or recourse by giving the contractor written notice of such termination at least 30 days prior to termination.

Bidders will be evaluated and awarded a maximum of 900 total points in the areas of price points (400 maximum) and non-price points (500 maximum). Bidders must earn at least 80 percent of the non-price points (i.e. 400 points) in order to qualify for further evaluation. The amount of price points that a bidder will be eligible to earn is relative to its non-price point evaluation. In other words, the better a given bidder rates compared to other bidders in the non-price points section, the more price points that bidder is eligible to earn.

See example below:

Scenario: Price points: 400 points
Non-Price points: 500 points

Step 1: Non-Price Point Calculations

- D The bidder's non-price points divided by the non-price points of the bidder with the greatest non-price points.
- E "D" multiplied by 400 (price points). Based on relative non-price point performance, this figure is the maximum amount of price points the bidder may earn.
- F The lowest priced offer divided by "C". This is the percentage of "Price Points Eligible to Earn" ("E") that a bidder will receive.
- G "E" multiplied by "F". This is the actual price points earned.
- H "B" plus "G". This is the total non-price points and price points earned.

MISSOURI CONSOLIDATED HEALTH CARE PLAN
AND DSS CONTRACTOR.**

This Contract is entered into by and between Missouri Consolidated Health Care Plan (“MCHCP”) and DSS Contractor, (hereinafter “DSS” or “Contractor”) for the express purpose of providing a decision support system to MCHCP, pursuant to MCHCP’s Decision Support System Request for Proposal released June 10, 2024 (hereinafter “RFP”).

1. GENERAL TERMS AND CONDITIONS

1.1 Term of Contract and Costs of Services: The term of this Contract is for a period of three (3) years from January 1, 2025, through December 31, 2027. This Contract may be renewed for five (5) additional one-year periods at the sole option of the MCHCP Board of Trustees. All prices are subject to best and final offer which may result from subsequent negotiation.

1.2 Contract Documents: This Contract and following documents, attached hereto and hereby incorporated herein by reference as if fully set forth herein, constitute the full and complete Contract and, in the event of conflict in terms of language among the documents, shall be given precedence in the following order:

- a. Any future written and duly executed renewal proposals or amendments to this Contract;
- b. This written Contract signed by the parties;
- c. The following Exhibits listed in this subsection below and attached hereto, the substance of which are based on final completed exhibits or attachments required and submitted by DSS in response to the RFP and finalist negotiations,:
 - i. Exhibit 1 Pricing Pages
 - ii. Exhibit 2 Business Associate Agreement
 - iii. Exhibit 3 Confirmation Document
 - iv. Exhibit 4 Performance Guarantees
 - v. Exhibit 5 Certification of Compliance with State and Federal Employment Laws
- d. The original RFP, including any amendments, the mandatory terms of which are deemed accepted and confirmed by DSS as evidenced by DSS’s affirmative confirmations and representations required by and in accordance with the bidder response requirements described throughout the RFP.

Any exhibits or attachments voluntarily offered, proposed, or produced as evidence of DSS’s ability and willingness to provide more or different services not required by the RFP that are not specifically described in this Section or otherwise not included elsewhere in the Contract documents are excluded from the terms of this Contract unless subsequently added by the parties in the form of a written and executed amendment to this Contract.

1.3 Integration: This Contract, in its final composite form, shall represent the entire agreement between the parties and shall supersede all prior negotiations, representations or

agreements, either written or oral, between the parties relating to the subject matter hereof. This Contract between the parties shall be independent of and have no effect on any other contracts of either party.

1.4 Amendments to this Contract: This Contract shall be modified only by the written agreement of the parties. No alteration or variation in terms and conditions of the Contract shall be valid unless made in writing and signed by the parties. Every amendment shall specify the date on which its provisions shall be effective.

No agent, representative, employee or officer of either MCHCP or DSS has authority to make, or has made, any statement, agreement or representation, oral or written, in connection with this Contract, which in any way can be deemed to modify, add to or detract from, or otherwise change or alter its terms and conditions. No negotiations between the parties, nor any custom or usage, shall be permitted to modify or contradict any of the terms and conditions of this Contract.

1.5 Drafting Conventions and Definitions: Whenever the following words and expressions appear in this Contract, any amendment thereto, or the RFP document, the definition or meaning described below shall apply:

- **“Amendment”** means a written, official modification to the RFP or to this Contract.
- **“May”** means permissible but not required.
- **“Must”** means that a certain feature, component, or action is a mandatory condition. Failure to provide or comply may result in a breach.
- **“Request for Proposal” or “RFP”** means the solicitation document issued by MCHCP to potential bidders for the purchase of services as described in the document. The definition includes Exhibits, Attachments, and Amendments thereto.
- **“Shall”** has the same meaning as the word must.
- **“Should”** means desirable but not mandatory.
- The terms **“include,” “includes,”** and **“including”** are terms of inclusion, and where used in this Contract, are deemed to be followed by the words “without limitation”.

1.6 Notices: Unless otherwise expressly provided otherwise, all notices, demands, requests, approvals, instructions, consents or other communications (collectively "notices") which may be required or desired to be given by either party to the other during the course of this contract shall be in writing and shall be made by personal delivery, by prepaid overnight delivery, by United States mail postage prepaid, or transmitted by email to an authorized employee of the other party or to any other persons as may be designated by written notice from one party to the other. Notices to MCHCP shall be addressed as follows: Missouri Consolidated Health Care Plan, ATTN: Executive Director, P.O. Box 104355, Jefferson City, MO 65110-4355. Notices to DSS shall be addressed as follows: XXXXXXXX.

1.7 Headings: The article, section, paragraph, or exhibit headings or captions in this Contract are for reference and convenience only and may not be considered in the interpretation of this

Contract. Such headings or captions do not define, describe, extend, or limit the scope or intent of this Contract.

1.8 Severability: If any provision of this Contract is determined by a court of competent jurisdiction to be invalid, unenforceable, or contrary to law, such determination shall not affect the legality or validity of any other provisions. The illegal or invalid provision will be deemed stricken and deleted to the same extent and effect as if it were never incorporated into this Contract, but all other provisions will remain in full force and effect.

1.9 Inducements: In making the award of this Contract, MCHCP relies on DSS's assurances of the following:

- DSS has experience in converting and standardizing raw claims data and integrating it with employer enrollment data in order to provide accessible healthcare management information.
- DSS, including its subcontractors, has the skills, qualifications, expertise, financial resources and experience necessary to perform the services described in the RFP, DSS's proposal, and this Contract, in an efficient, cost-effective manner, with a high degree of quality and responsiveness, and has performed similar services for other public or private entities.
- DSS has thoroughly reviewed, analyzed, and understood the RFP, has timely raised all questions or objections to the RFP, and has had the opportunity to review and fully understand MCHCP's current offerings and operating environment for the activities that are the subject of this Contract and the needs and requirements of MCHCP during the contract term.
- DSS has had the opportunity to review and fully understand MCHCP's stated objectives in entering into this Contract and, based upon such review and understanding, DSS currently has the capability to perform in accordance with the terms and conditions of this Contract.

Accordingly, on the basis of the terms and conditions of this Contract, MCHCP desires to engage DSS to perform the services described in this Contract under the terms and conditions set forth in this Contract.

1.10 Industry Standards: If not otherwise provided, materials or work called for in this Contract shall be furnished and performed in accordance with best established practice and standards recognized by the contracted industry and comply with all codes and regulations which shall apply.

1.11 Force Majeure: Neither party will incur any liability to the other if its performance of any obligation under this Contract is prevented or delayed by causes beyond its control and without the fault or negligence of either party. Causes beyond a party's control may include, but aren't limited to, acts of God or war, changes in controlling law, regulations, orders or the requirements of any governmental entity, severe weather conditions, civil disorders, natural disasters, fire, epidemics and quarantines, and strikes other than by DSS's or its subcontractors' employees.

1.12 Breach and Waiver: Waiver or any breach of any Contract term or condition shall not be deemed a waiver of any prior or subsequent breach. No Contract term or condition shall be held to be waived, modified, or deleted except by a written instrument signed by the parties. If any Contract term or condition or application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, condition or application. To this end, the Contract terms and conditions are severable.

1.13 Independent Contractor: DSS represents itself to be an independent contractor offering such services to the general public and shall not represent itself or its employees to be an employee of MCHCP. Therefore, DSS hereby assumes all legal and financial responsibility for taxes, FICA, employee fringe benefits, worker's compensation, employee insurance, minimum wage requirements, overtime, etc. and agrees to indemnify, save, and hold MCHCP, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters. DSS assumes sole and full responsibility for its acts and the acts of its personnel.

1.14 Relationship of the Parties: This Contract does not create a partnership, franchise, joint venture, agency, or employment relationship between the parties.

1.15 No Implied Authority: The authority delegated to DSS by MCHCP is limited to the terms of this Contract. MCHCP is a statutorily created body corporate multi-employer group health plan and trust fund designated by the Missouri Legislature to administer health care services to eligible State of Missouri and public entity employees, and no other agency or entity may grant DSS any authority related to this Contract except as authorized in writing by MCHCP. DSS may not rely upon implied authority, and specifically is not delegated authority under this Contract to:

- Make public policy;
- Promulgate, amend, or disregard administrative regulations or program policy decisions made by MCHCP; and/or
- Unilaterally communicate or negotiate with any federal or state agency, the Missouri Legislature, or any MCHCP vendor on behalf of MCHCP regarding the services included within this Contract.

1.16 Third Party Beneficiaries: This Contract shall not be construed as providing an enforceable right to any third party, except as provided herein.

1.17 Injunction: Should MCHCP be prevented or enjoined from proceeding with this Contract before or after contract execution by reason of any litigation or other reason beyond the control of MCHCP, DSS shall not be entitled to make or assess claim for damage by reason of said delay.

1.18 Statutes: Each and every provision of law and clause required by law to be inserted or applicable to the services provided in this Contract shall be deemed to be inserted herein and this Contract shall be read and enforced as though it were included herein. If through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then on the

application of either party the Contract shall be amended to make such insertion or correction.

1.19 Governing Law: This Contract shall be governed by the laws of the State of Missouri and shall be deemed executed at Jefferson City, Cole County, Missouri. All contractual agreements shall be subject to, governed by, and construed according to the laws of the State of Missouri.

1.20 Jurisdiction: All legal proceedings arising hereunder shall be brought in the Circuit Court of Cole County in the State of Missouri.

1.21 Acceptance: No contract provision or use of items by MCHCP shall constitute acceptance or relieve DSS of liability in respect to any expressed or implied warranties.

1.22 Survival of Terms: Termination or expiration of this Contract for any reason will not release either party from any liabilities or obligations set forth in this Contract that: (i) the parties expressly agree will survive any such termination or expiration; or (ii) remain to be performed or by their nature would be intended to apply following any such termination or expiration.

2 DSS's Obligations

2.1 Confidentiality: DSS will have access to private and/or confidential data maintained by MCHCP to the extent necessary to carry out its responsibilities under this Contract. No private or confidential data received, collected, maintained, transmitted, or used in the course of performance of this Contract shall be disseminated by DSS except as authorized by MCHCP, either during the period of this Contract or thereafter. DSS must agree to return any or all data furnished by MCHCP promptly at the request of MCHCP in whatever form it is maintained by DSS. On the termination or expiration of this Contract, DSS will not use any of such data or any material derived from the data for any purpose and, where so instructed by MCHCP, will destroy or render it unreadable.

2.2 Subcontracting: Subject to the terms and conditions of this section, this Contract shall be binding upon the parties and their respective successors and assigns. DSS shall not subcontract with any person or entity to perform all or any part of the work to be performed under this Contract without the prior written consent of MCHCP. DSS may not assign, in whole or in part, this Contract or its rights, duties, obligations, or responsibilities hereunder without the prior written consent of MCHCP. DSS agrees that any and all subcontracts entered into by DSS for the purpose of meeting the requirements of this Contract are the responsibility of DSS. MCHCP will hold DSS responsible for assuring that subcontractors meet all the requirements of this Contract and all amendments thereto. DSS must provide complete information regarding each subcontractor used by DSS to meet the requirements of this Contract.

2.3 Disclosure of Material Events: DSS agrees to immediately disclose any of the following to MCHCP to the extent allowed by law for publicly traded companies:

- Any material adverse change to the financial status or condition of DSS;
- Any merger, sale or other material change of ownership of DSS;

- Any conflict of interest or potential conflict of interest between DSS's engagement with MCHCP and the work, services or products that DSS is providing or proposes to provide to any current or prospective customer; and
- (1) Any material investigation of DSS by a federal or state agency or self-regulatory organization; (2) Any material complaint against DSS filed with a federal or state agency or self-regulatory organization; (3) Any material proceeding naming DSS before any federal or state agency or self-regulatory organization; (4) Any material criminal or civil action in state or federal court naming DSS as a defendant; (5) Any material fine, penalty, censure or other disciplinary action taken against DSS by any federal or state agency or self-regulatory organization; (6) Any material judgment or award of damages imposed on or against DSS as a result of any material criminal or civil action in which DSS was a party; or (7) Any other matter material to the services rendered by DSS pursuant to this Contract.

For the purposes of this paragraph, "material" means of a nature or of sufficient monetary value, or concerning a subject which a reasonable party in the position of and comparable to MCHCP would consider relevant and important in assessing the relationship and services contemplated by this Contract. It is further understood in that in fulfilling its ongoing responsibilities under this paragraph, DSS is obligated to make its best faith efforts to disclose only those relevant matters which to the attention of or should have been known by DSS's personnel involved in the engagement covered by this Contract and/or which come to the attention of or should have been known by any individual or office of DSS designated by DSS to monitor and report such matters.

Upon learning of any such actions, MCHCP reserves the right, at its sole discretion, to terminate this Contract.

2.4 Off-shore Services: All services under this Contract shall be performed within the United States. DSS shall not perform, or permit subcontracting of services under this Contract, to any off-shore companies or locations outside of the United States. Any such actions shall result in DSS being in breach of this Contract.

2.5 Change in Laws: DSS agrees that any state and/or federal laws, applicable rules and regulations enacted during the terms of the Contract which are deemed by MCHCP to necessitate a change in the contract shall be deemed incorporated into the Contract. MCHCP will review any request for additional fees or premiums resulting from such changes and retains final authority to make any changes. In consultation with DSS, an actuary may be utilized to determine the cost impact.

2.6 Compliance with Laws: DSS shall comply with all applicable federal and state laws and regulations and local ordinances in the performance of this Contract, including but not limited to the provisions listed below.

2.6.1 Non-discrimination, Sexual Harassment and Workplace Safety: DSS agrees to abide by all applicable federal, state and local laws, rules and regulations prohibiting discrimination in employment and controlling workplace safety. DSS

shall establish and maintain a written sexual harassment policy and shall inform its employees of the policy. DSS shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subcontract so that such provisions will be binding upon each subcontractor. Any violations of applicable laws, rules and regulations may result in termination of the Contract.

2.6.2 Americans with Disabilities Act (ADA) and Americans with Disabilities Act

Amendments Act of 2008 (ADAAA): Pursuant to federal regulations promulgated under the authority of The Americans with Disabilities Act (ADA) and **Americans with Disabilities Act Amendments Act of 2008 (ADAAA)**, DSS understands and agrees that it shall not cause any individual with a disability to be excluded from participation in this Contract or from activities provided for under this Contract on the basis of such disability. As a condition of accepting this Contract, DSS agrees to comply with all regulations promulgated under ADA or ADAAA which are applicable to all benefits, services, programs, and activities provided by MCHCP through contracts with outside contractors.

2.6.3 Patient Protection and Affordable Care Act (PPACA): If applicable, DSS shall comply with the Patient Protection and Affordable Care Act (PPACA) and all regulations promulgated under the authority of PPACA, including any future regulations promulgated under PPACA, which are applicable to all benefits, services, programs, and activities provided by MCHCP through contracts with outside contractors.

2.6.4 Health Insurance Portability and Accountability Act of 1996 (HIPAA): DSS shall comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and implementing regulations, as amended, including compliance with the Privacy, Security and Breach Notification regulations and the execution of a Business Associate Agreement with MCHCP.

2.7 Indemnification: DSS shall be responsible for and agrees to indemnify and hold harmless MCHCP from all losses, damages, expenses, claims, demands, suits, and actions brought by any party against MCHCP as a result of DSS's, DSS's employees, or DSS's associate or any associate's or subcontractor's failure to comply with section 2.6 of this contract.

2.8 Prohibition of Gratuities: Neither DSS nor any person, firm or corporation employed by DSS in the performance of this Contract shall offer or give any gift, money or anything of value or any promise for future reward or compensation to any employee of MCHCP at any time.

2.9 Solicitation of Members: DSS shall not use the names, home addresses or any other information contained about members of MCHCP for the purpose of offering for sale any property or services which are not directly related to services negotiated in this RFP without the express written consent of MCHCP's Executive Director.

2.10 Insurance and Liability: DSS must maintain sufficient liability insurance, including but not limited to general liability, professional liability, and errors and omissions coverage, to protect MCHCP against any reasonably foreseeable recoverable loss, damage or expense under this engagement. DSS shall provide proof of such insurance coverage upon request from MCHCP. MCHCP shall not be required to purchase any insurance against loss or damage to any

personal property to which this Contract relates. DSS shall bear the risk of any loss or damage to any personal property in which DSS holds title.

2.11 Hold Harmless: DSS shall hold MCHCP harmless from and indemnify against any and all claims for injury to or death of any persons; for loss or damage to any property; and for infringement of any copyright or patent to the extent caused by DSS or DSS's employees or its subcontractors. MCHCP shall not be precluded from receiving the benefits of any insurance DSS may carry which provides for indemnification for any loss or damage of property in DSS's custody and control, where such loss or destruction is to MCHCP's property. DSS shall do nothing to prejudice MCHCP's right to recover against third parties for any loss, destruction, or damage to MCHCP's property.

2.12 Assignment: DSS shall not assign, convey, encumber, or otherwise transfer its rights or duties under this Contract without prior written consent of MCHCP. This Contract may terminate in the event of any assignment, conveyance, encumbrance, or other transfer by DSS made without prior written consent of MCHCP. Notwithstanding the foregoing, DSS may, without the consent of MCHCP, assign its rights to payment to be received under this Contract, provided that DSS provides written notice of such assignment to MCHCP together with a written acknowledgment from the assignee that any such payments are subject to all of the terms and conditions of this Contract. For the purposes of this Contract, the term "assign" shall include, but shall not be limited to, the sale, gift, assignment, pledge, or other transfer of any ownership interest in DSS provided, however, that the term shall not apply to the sale or other transfer of stock of a publicly traded company. Any assignment consented to by MCHCP shall be evidenced by a written assignment agreement executed by DSS and its assignee in which the assignee agrees to be legally bound by all of the terms and conditions of this Contract and to assume the duties, obligations, and responsibilities being assigned. A change of name by DSS, following which DSS's federal identification number remains unchanged, shall not be considered to be an assignment hereunder. DSS shall give MCHCP written notice of any such change of name.

2.13 Patent, Copyright, and Trademark Indemnity: DSS warrants that it is the sole owner or author of, or has entered into a suitable legal agreement concerning either: a) the design of any product or process provided or used in the performance of this Contract which is covered by a patent, copyright, or trademark registration or other right duly authorized by state or federal law or b) any copyrighted matter in any report document or other material provided to MCHCP under this Contract. DSS shall defend any suit or proceeding brought against MCHCP on account of any alleged patent, copyright or trademark infringement in the United States of any of the products provided or used in the performance of this Contract. This is upon condition that MCHCP shall provide prompt notification in writing of such suit or proceeding; full right, authorization and opportunity to conduct the defense thereof; and full information and all reasonable cooperation for the defense of same. As principles of governmental or public law are involved, MCHCP may participate in or choose to conduct, in its sole discretion, the defense of any such action. If information and assistance are furnished by MCHCP at DSS's written request, it shall be at DSS's expense, but the responsibility for such expense shall be only that within DSS's written authorization. DSS shall indemnify and hold MCHCP harmless from all damages, costs, and expenses, including attorney's fees that

DSS or MCHCP may pay or incur by reason of any infringement or violation of the rights occurring to any holder of copyright, trademark, or patent interests and rights in any products provided or used in the performance of this Contract. If any of the products provided by DSS in such suit or proceeding are held to constitute infringement and the use is enjoined, DSS shall, at its own expense and at its option, either procure the right to continue use of such infringement products, replace them with non-infringement equal performance products or modify them so that they are no longer infringing. If DSS is unable to do any of the preceding, DSS agrees to remove all the equipment or software which are obtained contemporaneously with the infringing product, or, at the option of MCHCP, only those items of equipment or software which are held to be infringing, and to pay MCHCP: 1) any amounts paid by MCHCP towards the purchase of the product, less straight line depreciation; 2) any license fee paid by MCHCP for the use of any software, less an amount for the period of usage; and 3) the pro rata portion of any maintenance fee presenting the time remaining in any period of maintenance paid for. The obligations of DSS under this paragraph continue without time limit. No costs or expenses shall be incurred for the account of DSS without its written consent.

2.14 Compensation/Expenses: DSS shall be required to perform the specified services at the price(s) quoted in this Contract. All services shall be performed within the time period(s) specified in this Contract. DSS shall be compensated only for work performed to the satisfaction of MCHCP. DSS shall not be allowed or paid travel or per diem expenses except as specifically set forth in this Contract.

2.15 Contractor Expenses: DSS will pay and will be solely responsible for DSS's travel expenses and out-of-pocket expenses incurred in connection with providing the services. DSS will be responsible for payment of all expenses related to salaries, benefits, employment taxes, and insurance for its staff.

2.16 Tax Payments: DSS shall pay all taxes lawfully imposed on it with respect to any product or service delivered in accordance with this Contract. MCHCP is exempt from Missouri state sales or use taxes and federal excise taxes for direct purchases. - 5.4 Full Responsibility:** DSS must offer this product in such a manner that MCHCP has no responsibility for the database, the decision support software, or the technical infrastructure and associated processes and procedures. DSS shall proactively identify and correct any data anomalies or gaps in data.
- 5.5 Analytical Products and Support:** DSS shall be able to provide a full range of analytical products and support, including, but not limited to, claims expense and utilization analysis, benchmarking against valid comparable standards, plan and program evaluation, financial management, and utilization analysis at the provider and clinical level. health risk scoring tool must be seamlessly located within the data warehouse.

- 5.7.7** Provide the ability to display information in tables, graphs and charts and provide a wide range of selectable choices to view, array, compare, and report aggregate, sub-aggregate, and summary information.

The contractor must provide ongoing system support and training following implementation. A designated analyst with extensive experience must be included as part of the account team.

The process will include the method of transmission, content, and frequency. DSS shall accept monthly data feeds from each of MCHCP's data suppliers and clean the data prior to importing into the central data warehouse. The data will be electronically stored on the contractor's system and will serve as a centralized data repository from which both standard and ad hoc reports may be generated. The application shall model costs and utilization and apply such to each of the plan design options available to members. The application must model historic claims experience and premium contributions to make the

plan recommendation that is the most financially advantageous to the member. The contractor shall provide results reporting and provide an impact analysis of the effectiveness of the tool to determine if members selected the recommended plan. The tool must be accessible to members through single sign-on from MCHCP's website. The tool must be accessible to new employees throughout the year.

Unless directed by MCHCP to respond directly to the individual, Business Associate shall provide all accounting information subject to disclosure under § 164.528 to MCHCP within seven (7) calendar days of the individual's request for accounting.

3.9 Privacy of PHI. Business Associate agrees to fully comply with all provisions of Subpart E of 45 CFR Part 164 that apply to MCHCP to the extent Business Associate has agreed or assumed responsibilities under the Contract or this Agreement to carry out one or more of MCHCP's obligation(s) under 45 CFR Part 164 Subpart E.

3.10 Internal Practices, Books, and Records. Upon request of MCHCP or the Secretary, Business Associate will make its internal practices, books, and records relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of MCHCP available to MCHCP and/or the Secretary in a time and manner designated by MCHCP or the Secretary for purposes of determining MCHCP's and/or Business Associate's compliance with the HIPAA Rules.

4 Permitted Uses and Disclosures of PHI by Business Associate.

4.1 Contractual Authorization. Business Associate may access, create, use, and disclose PHI as necessary to perform its duties and obligations required by the Contract, including but not limited to specific requirements set forth in the Scope of Work (as such term is defined in the Contract), as amended. Without limiting the foregoing general authorization, MCHCP specifically authorizes Business Associate to access, create, receive, use, and disclose all PHI which is required to provide the services specified in the Contract. The parties agree that no provision of the Contract permits Business Associate to use or disclose PHI in a manner that would violate Subpart E of 45 CFR Part 164 if used or disclosed in like manner by MCHCP except that:

4.1.1 This Agreement permits Business Associate to use PHI received in its capacity as a business associate of MCHCP, if necessary: (A) for the proper management and administration of Business Associate; or (B) to carry out the legal responsibilities of Business Associate.

4.1.2 This Agreement permits Business Associate to combine PHI created or received on behalf of MCHCP as authorized in this Agreement with PHI lawfully created or received by Business Associate in its capacity as a business associate of other covered entities to permit data analysis relating to the health care operations of MCHCP and other PHI contributing covered entities in order to provide MCHCP with such comprehensive, aggregate summary reports as specifically required by, or specially requested under, the Contract.

4.2 Authorization by Law. Business Associate may use or disclose PHI as permitted or required by law.

4.3 Minimum Necessary. Notwithstanding any other provision in the Contract or this Agreement, with respect to any and all uses and disclosures permitted, Business Associate agrees to request, create, access, use, disclose, and transmit PHI involving MCHCP members subject to the following minimum necessary requirements:

4.3.1 When requesting or using PHI received from MCHCP, a member of MCHCP, or an authorized party or entity working on behalf of MCHCP, Business Associate shall make reasonable efforts to limit all requests and uses of PHI to the minimum necessary to accomplish the intended purpose of the request or use. Business Associate agrees its reasonable efforts will include identifying those persons or classes of persons, as appropriate, in Business Associate's workforce who need access to MCHCP member PHI to carry out their duties under the Contract. Business Associate further agrees to identify the minimally necessary amount of PHI needed by each such person or class and any conditions appropriate to restrict access in accordance with such assessment.

4.3.2 For any type of authorized disclosure of PHI that Business Associate makes on a routine basis to third parties, Business Associate shall implement procedures that limit the PHI disclosed to the amount minimally necessary to achieve the purpose of the disclosure. For all other authorized but non-routine disclosures, Business Associate shall develop and follow criteria for reviewing requests and limiting disclosures to the information minimally necessary to accomplish the purposes for which disclosure is sought.

4.3.3 Business Associate may rely, if such reliance is reasonable under the circumstances, on a requested disclosure as the minimum necessary for the stated purpose if and when:

- a) Making disclosures to public officials as permitted under § 164.512, if the public official represents that the information requested is the minimum necessary for the stated purpose(s); or
- b) The information is requested by a professional who is a member of its workforce or is a business associate of MCHCP for the purpose of providing professional services to MCHCP, if the professional represents that the information requested is the minimum necessary for the stated purpose(s).

4.3.4 Minimum necessary does not apply to: uses or disclosures made to the individual; uses or disclosures made pursuant to a HIPAA-compliant authorization; disclosures made to the Secretary in accordance with the HIPAA Rules: disclosures specifically permitted or required under, and made in accordance with, the HIPAA Rules.

5 Obligations of MCHCP.

- 5.1 Notice of Privacy Practices. MCHCP shall notify Business Associate of any limitation(s) that may affect Business Associate's use or disclosure of PHI by providing Business Associate with MCHCP's Notice of Privacy Practices in accordance with § 164.520, the most recent copy of which is attached to this Agreement.
- 5.2 Individual Authorization Changes. MCHCP shall notify Business Associate in writing of any changes in, or revocation of, the authorization by an individual to use or disclose his or her PHI, to the extent that such changes may affect Business Associate's use or disclosure of PHI.
- 5.3 Confidential Communications. MCHCP shall notify Business Associate in writing of individual requests approved by MCHCP in accordance with § 164.522 to receive communications of PHI from Business Associate by alternate means or at alternative locations, to the extent that such changes may affect Business Associate's use or disclosure of PHI.
- 5.4 Individual Restrictions. MCHCP shall notify Business Associate in writing of any restriction to the use or disclosure of PHI that MCHCP has agreed and, if applicable, any subsequent revocation or termination of such restriction, in accordance with § 164.522, to the extent that such changes may affect Business Associate's use or disclosure of PHI.
- 5.5 Permissible Requests by MCHCP. MCHCP shall not request Business Associate to use or disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by MCHCP.

6 Term and Termination, Expiration, or Cancellation.

- 6.1 Term. This Agreement is effective upon signature of both parties, and shall terminate upon the termination, expiration, or cancellation of the Contract, as amended, unless sooner terminated for cause under subsection 6.2 below.
- 6.2 Termination. Without limiting MCHCP's right to terminate the Contract in accordance with the terms therein, Business Associate also authorizes MCHCP to terminate this Agreement immediately by written notice and without penalty if MCHCP determines, in its sole discretion, that Business Associate has violated a material term of this Agreement and termination of this Agreement is in the best interests of MCHCP or its members. Without limiting the foregoing authorization, Business Associate agrees that MCHCP may, as an alternative or in addition to termination, require Business Associate to end the violation of the material term(s) and cure the breach of contract within the time and manner specified by MCHCP based on the circumstances presented. With respect to this subsection, MCHCP's remedies under this Agreement and the Contract are cumulative, and the exercise of any remedy shall not preclude the exercise of any other.
- 6.3 Obligations of Business Associate Upon Termination. Upon termination, expiration, or cancellation of this Agreement for any reason, Business Associate agrees to return to MCHCP or deliver to another MCHCP business associate at MCHCP's direction all PHI received from MCHCP, any current or former Business Associate or workforce member of MCHCP, or any current or former member of MCHCP, as well as all PHI created, compiled, stored or accessible to Business Associate or any subcontractor, agent, affiliate, or workforce member of Business Associate, relating to MCHCP as a result of services provided under the Contract. All such PHI shall be securely transmitted in accordance with MCHCP's written directive in electronic format accessible and decipherable by the MCHCP designated recipient. Following confirmation of receipt and usable access of the transmitted PHI by the MCHCP designated recipient, Business Associate shall destroy all MCHCP-related PHI and thereafter retain no copies in any form for any purpose whatsoever. Within seven (7) business days following full compliance with the requirements of this subsection, an authorized representative of Business Associate shall certify in writing addressed to MCHCP's Privacy and Security Officers that Business Associate has fully complied with this subsection and has no possession, control, or access, directly or indirectly, to MCHCP-related PHI from any source whatsoever.

Notwithstanding the foregoing, Business Associate may maintain MCHCP-PHI after the termination of this Agreement to the extent return or destruction of the PHI is not feasible, provided Business Associate: (i) refrains from any further use or disclosure of the PHI; (ii) continues to safeguard the PHI thereafter in accordance with the terms of this Agreement; (iii) does not attempt to de-identify the PHI without MCHCP's prior written consent; and (iv) within seven (7) days following full compliance of the requirements of this subsection, provides MCHCP written notice describing all PHI maintained by Business Associate and certification by an authorized representative of Business Associate of its agreement to fully comply with the provisions of this paragraph.

- 6.4 Survival. All obligations and representations of Business Associate under this Section 6 and subsection 7.2 shall survive termination, expiration, or cancellation of the Contract and this Agreement.

7 Miscellaneous.

- 7.1 Satisfactory Assurance. Business Associate expressly acknowledges and represents that execution of this Agreement is intended to, and does, constitute satisfactory assurance to MCHCP of Business Associate's full and complete compliance with its obligations under the HIPAA Rules. Business Associate further acknowledges that MCHCP is relying on this assurance in permitting Business Associate to create, receive, maintain, use, disclose, or transmit PHI as described herein.
- 7.2 Indemnification. Each party shall, to the fullest extent permitted by law, protect, defend, indemnify and hold harmless the other party and its current and former trustees, employees, and agents from and against any and all losses, costs, claims, penalties, fines, demands, liabilities, legal actions, judgments, and expenses of every kind (including reasonable attorneys' fees and expenses, including at trial and on appeal) arising out of the acts or omissions of such party or any subcontractor, consultant, or workforce member of such party to the extent such acts or omissions violate the terms of this Agreement or the HIPAA Rules as applied to the Contract.

Notwithstanding the foregoing, if Business Associate maintains any MCHCP-related PHI following termination of the Contract and this Agreement pursuant to subsection 6.3, Business Associate shall be solely responsible for all PHI it maintains and, to the fullest extent permitted by law, Business Associate shall protect, defend, indemnify and hold harmless MCHCP and its current and former trustees, employees, and agents from and against any and all losses, costs, claims, penalties, fines, demands, liabilities, legal actions, judgments, and expenses of every kind (including reasonable attorneys' fees and expenses, including at trial and on appeal) arising out of the acts or omissions of Business Associate or any subcontractor, consultant, or workforce member of Business Associate regarding such PHI to the extent such acts or omissions violate the terms of the Act or the HIPAA Rules.

- 7.3 No Third Party Beneficiaries. There is no intent by either party to create or establish third party beneficiary status or rights or their equivalent in any person or entity, other than the parties hereto, that may be affected by the operation of this Agreement, and no person or entity, other than the parties, shall have the right to enforce any right, claim, or benefit created or established under this Agreement.
- 7.4 Amendment. The parties agree to work together in good faith to amend this Agreement from time to time as is necessary or advisable for compliance with the requirements of the HIPAA Rules. Notwithstanding the foregoing, this Agreement shall be deemed amended automatically to the extent any provisions of the Act or the HIPAA Rules not addressed herein become applicable to Business Associate during the term of this Agreement pursuant to and in accordance with any subsequent modification(s) or official and binding legal clarification(s), to the Act or the HIPAA Rules.
- 7.5 Interpretation. Any reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended. Any ambiguity in this Agreement shall be interpreted to permit compliance with the HIPAA Rules.

THE UNDERSIGNED PERSONS REPRESENT AND WARRANT THAT WE ARE LEGALLY FREE TO ENTER THIS AGREEMENT, THAT OUR EXECUTION OF THIS AGREEMENT HAS BEEN DULY AUTHORIZED, AND THAT UPON BOTH OF OUR SIGNATURES BELOW THIS SHALL BE A BINDING AGREEMENT TO THE FOREGOING TERMS AND CONDITIONS OF THIS BUSINESS ASSOCIATE AGREEMENT.

2 Does the State expect the Consumer Plan Selection Tool to be operational on January 1, 2025?	Yes, the tool will need to be operational by January 1, as new hires may utilize the tool when selecting their plan.
3 What non-medical benefits (e.g., vision, life insurance, wellness, long-term disability, 401k, etc.) need to be included in the tool?	The Consumer Plan Selection Tool includes only health plan options for state non-Medicare subscribers.
4 Will you share your plan documents so that we may ensure a complete and smooth implementation with our Consumer Plan Selection tool?	Yes, they are available on our public website at http://www.mchcp.org/stateMembers/benefitDocuments.asp .
5 For pricing, we need non-Medicare employee count plus total Medicare membership.	Total non-Medicare subscriber count is approximately 50,450. Please note this count includes those subscribers that may have dental and/or vision coverage only. Total Medicare member count is approximately 16,900.
6 The RFP indicates that including the VDSA data is at the discretion of the State. Does the State currently have VDSA support?	Yes.
7 What is the expected go-live-date of the VDSA support, if we are your successful bidder?	January 1, 2025.
8 Why were there (2) instruction files posted in the reference files for the RFP, with different RFP numbers? - see below for the two file names. 1. Reference_State of Missouri_Introduction and Instructions - 2025 MCHCP Decision Support System RFP_591678_Introduction and Instructions - 2025 MCHCP Decision Support System RFP. 2. Reference_State of Missouri_Introduction and Instructions - 2025 MCHCP Decision Support System RFP_591691_Introduction and Instructions - 2025 MCHCP Decision Support System RFP. There doesn't seem to be obvious differences between the two documents.	The files are identical.
9 For the system availability question, is the time period for 99.5% availability Monday - Friday, Monday - Saturday, 7 days per week, or some other timeframe? Since this is not a transactional system, would MCHCP agree to a lower availability threshold?	The system availability performance guarantee applies to business days. If necessary, you may propose an alternate standard in your response to "Will you guarantee this standard (Yes or No)".
