An additional 1,200 non-state members are covered through their public entity employer. There are over 71,000 members (lives) that will be covered under this RFP and 1,200 non-state members covered through a public entity employer. The remaining 17,000 members are covered under a Group Medicare Advantage plan.

- Medically Supervised Weight Loss Program is encouraged to be included as a component of any proposal. A Medically Supervised Weight Loss Program as an adjunct to weight loss drugs or diabetes management must be itemized separately, and MCHCP reserves the right to annually elect or exclude this option.

Contract Term

The term of the contract will be one year with an additional four (4) one-year renewal options available at the sole option of the MCHCP Board of Trustees. Bidders are required to provide the following pricing for CY2025, with not-to-exceed pricing for CY2026-CY2029:

To be considered for contract award, bidders must meet the following minimum requirements:

- **Licensing** – The bidder must hold a certificate of authority to do business in the State of Missouri and be in good standing with the office of the Missouri Secretary of State and the Missouri Department of Commerce and Insurance. MCHCP requires the contractor to comply with all state and federal laws, rules and regulations affecting their conduct of business on their own behalf and on behalf of a covered entity.

The bidder must be willing to disclose the name of the large clients, if requested. Experience with public sector health plans is preferred. The bidder must have been in operation and performing the services requested in this RFP for a minimum of five (5) years.
- **Networks** – Bidders must offer contracted provider networks capable of delivering benefits as described in the RFP. MCHCP requires a broad network that provides national coverage.
- **Contract** – Bidders shall not link nor attempt to link (unless permitted by this RFP), the award of this contract to any other bids, products, or contracts. Any bid proposal containing any contingency based upon actual or potential awards of contracts, whether or not related specifically to this RFP, or containing pricing contingencies, shall result in such bid proposal being rejected for non-responsiveness and non-compliance with this RFP.

- Rates – Bidders shall not be permitted to alter their rate or fees after submission except with agreement by MCHCP.
- Timely Submission – All deadlines outlined are necessary to meet the timeline for this contract award. Submissions after respective deadlines have passed may be rejected. All bidder documents and complete proposals must be received by the proposal deadline of February 27, 2024, as outlined in the timeline of events for this RFP. Late proposals will not be accepted. MCHCP reserves the right to modify a deadline or extend a deadline for all bidders at its discretion.
- Data exchange – Bidder must be capable of establishing a relationship with MCHCP's pharmacy benefit manager, which allows the contractor to communicate deductible and out-of-pocket information on a daily basis and potentially with other MCHCP contractors to communicate eligibility, participation or claims data.
- Performance Bond - The contractor must furnish an original performance security deposit in the form of check, cash, bank draft, or irrevocable letter of credit, issued by a bank or financial institution authorized to do business in Missouri, to MCHCP within ten (10) days after award of the contract and prior to performance of service under the contract. The performance security deposit must be made payable to MCHCP in the amount of \$5,000,000. The contract number and contract period must be specified on the performance security deposit. In the event MCHCP exercises an option to renew the contract for an additional period, the contractor shall maintain the validity and enforcement of the security deposit for the said period, pursuant to the provisions of this paragraph, in an amount stipulated at the time of contract renewal, not to exceed \$5,000,000.

MCHCP has the following overarching goal for this Request for Proposal (RFP):

- All public entities currently enrolled or joining MCHCP are required to contribute a minimum of 50 percent of the active employee only premium. Additionally, 75 percent of all eligible public entity employees (those without Medicare, Medicaid or other group coverage) must join the plan.

- The contractor will not be responsible for administering prescription drug benefits, as MCHCP has contracted for these services separately.

Section 610.011 requires that all provisions be “liberally construed and their exceptions strictly construed to promote” the public policy that records are open unless otherwise provided by law. Regardless of any claim by a bidder as to material being proprietary and not subject to copying or distribution, or how a bidder characterizes any information provided in its proposal, all material submitted by the bidder in conjunction with the RFP is subject to release after the award of a contract in relation to a request for public records under the Missouri Sunshine Law (see Chapter 610 of the Missouri Revised Statutes). MCHCP reserves the right to request written clarification of any portion of the bidder’s response to verify the intent of the bidder. The bidder is cautioned, however, that its response shall be subject to acceptance or rejection without further clarification.

MCHCP reserves the right to consider historic information and fact, whether gained from the bidder’s proposal, question and answer conferences, references, or any other source, in the evaluation process. The bidder is cautioned that it is the bidder’s sole responsibility to submit information related to the evaluation categories and that MCHCP is under no obligation to solicit such information if it is not included with the bidder’s proposal. After determining that a proposal satisfies the mandatory requirements stated in the RFP, the comparative assessment of the relative benefits and deficiencies of the proposal in relationship to the published evaluation criteria shall be made by using subjective judgment. The award(s) of a contract resulting from this RFP shall be based on the lowest and best proposal(s) received in accordance with the following evaluation criteria:

Evaluation Criteria

Financial:

Network discounts	350 points
Administration fees	
• TPA Administrative Services (inclusive of charges passed through claims wire and quality initiatives and other arrangements)	135 points
• Member Reward Incentives Fees	5 points
• Musculoskeletal Management Fees	5 points
• Medically Supervised Weight Loss Program	5 points
Total Administrative Fees	<u>150 points</u>
Total Financial	500 points

Non-financial:

Questionnaire Responses	500 points
Total – Non-Financial points	500 points

Bonus Points:

Section 29: MBE/WBE Participation Commitment	10 points
--	-----------

MCHCP will limit the number of finalists to the bidders receiving 85 percent (425 points) of the possible 500 non-financial points available or the top two bidders if less than two bidders receive 85 percent of the possible 500 non-financial points.

The bidder's proposed participation of MBE/WBE firms in meeting the targets of the RFP will be considered in the evaluation process. A maximum of MBE/WBE participation points of 10 points will be awarded based on the participation amount proposed by the bidder. Awarded MBE/WBE participation points will be added to the non-financial points earned by the bidder and will be included to determine if a bidder meets the 85 percent threshold to obtain finalist status.

Minority Business Enterprise (MBE)/Women Business Enterprise (WBE) Participation

The bidder should secure participation of certified MBEs and WBEs in provider products/services required in this RFP. The targets of participation recommended by the State of Missouri are 10 percent MBE and 5 percent WBE of the total dollar value of the contract.

- a) These targets can be met by a qualified MBE/WBE vendor themselves and/or through the use of qualified subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for MBE/WBE participation.

- b) The services performed or the products provided by MBE/WBEs must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by MBE/WBEs is utilized, to any extent, in the bidder's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.
- c) In order to be considered as meeting these targets, the MBE/WBEs must be "qualified" by the proposal opening date (date the proposal is due). See below for a definition of a qualified MBE/WBE.
- d) If the bidder is proposing MBE/WBE participation, in order to receive evaluation consideration for MBE/WBE participation, the bidder must provide the following information with the proposal:
 - a. Participation Commitment - If the bidder is proposing MBE/WBE participation, the vendor must complete Section 29 of the TPA RFP Questionnaire (MBE-WBE Participation Commitment), by listing each proposed MBE and WBE, the committed percentage of participation for each MBE and WBE, and the commercially useful products/services to be provided by the listed MBE and WBE. If the vendor submitting the proposal is a qualified MBE and/or WBE, the vendor must include the vendor in the appropriate table on the Participation Commitment Form.
 - b. Documentation of Intent to Participate – The bidder must either provide a properly completed Exhibit A-9, Documentation of Intent to Participate Form, signed and dated no earlier than the RFP issuance date by each MBE and WBE proposed or must provide a letter of intent signed and dated no earlier than the RFP issuance date by each MBE and WBE proposed which: (1) must describe the products/services the MBE/WBE will provide and (2) should include evidence that the MBE/WBE is qualified, as defined herein (i.e., the MBE/WBE Certification Number or a copy of MBE/WBE certificate issued by the Missouri OEO). If the bidder submitting the proposal is a qualified MBE and/or WBE, the bidder is not required to complete Exhibit A-9, Documentation of Intent to Participate Form or provide a recently dated letter of intent.
- e) Commitment – If the bidder's proposal is awarded, the percentage level of MBE/WBE participation committed to by the bidder on Exhibit A-9, Participation Commitment, shall be interpreted as a contractual requirement.

Definition -- Qualified MBE/WBE:

In order to be considered a qualified MBE or WBE for purposes of this RFP, the MBE/WBE must be certified by the State of Missouri, Office of Administration, Office of Equal Opportunity (OEO) by the proposal opening date.

MBE or WBE means a business that is a sole proprietorship, partnership, joint venture, or corporation in which at least fifty-one percent (51%) of the ownership interest is held by minorities or women and the management and daily business operations of which are controlled by one or more minorities or women who own it.

Instructions for Completing Re-Pricing File

The overall financial evaluation will include a claims repricing exercise. A repricing file containing claim-line detail for the most recent 12-month period will be made available through a secure workspace established by Segal, MCHCP's contracted actuary. Additional documents that will be provided by Segal include monthly claims and enrollment by plan and high cost claimant information for 2021-2023.

The tab in this workbook labeled "Repricing File Format" provides a layout of the data fields that will be included in the Re-Pricing File. To gain access to the data file(s), interested bidders responding to the RFP must upload a signed Exhibit A-1 Intent to Bid to Optavise no later than Tuesday, February 13, 2024. Upon receipt of the Intent to Bid exhibit, Segal will determine if there is a current Global or Bid-Related NDA/Confidentiality Agreement on file. No data will be issued without first having a signed NDA/Confidentiality Agreement on file. If there is no NDA/Confidentiality Agreement on file with Segal, a document will be issued to the interested Bidder for signature. Verbiage is non-negotiable. Upon receipt of the newly signed NDA or confirmation of an existing NDA on file, Segal will establish a secure workspace and upload the data file(s). A system-generated e-mail will be sent to the Bidder's designated data recipient, containing a link to instructions for accessing the workspace.

Bidders are expected to reprice each claim to represent most accurately the contractual arrangement in place, or under a "letter of intent", at the time of proposal. The claims re-pricing amounts should be based on actual data and should not include any assumptions regarding projected discounts or expected increases in eligible charges. Three (3) fields/columns at the end of the file are to be populated by the Bidder. If more than one (1) network is being proposed, the three (3) fields/columns must be replicated and populated appropriately for each network proposed:

1. Allowed/Contract Amount (based on provider contracts in place at the time of proposal)

2. Network Status – Y/N/L

Y – Currently under contract (Network provider)

N – Not under contract (Non-Network provider)

L – Letter of intent (Signed letter of intent to contract at a date in the near future)

3. Type of Contract – A/B/C/D/F/O

A - Ambulatory Payment Classification

Minimum Bidder Requirements

To be considered for contract award, bidders must meet the following minimum requirements:

- Licensing – The bidder must hold a certificate of authority to do business in the State of Missouri and be in good standing with the office of the Missouri Secretary of State and the Missouri Department of Commerce and Insurance. MCHCP requires the contractor to comply with all state and federal laws, rules and regulations affecting their conduct of business on their own behalf and on behalf of a covered entity.
- Benefits – Bidders shall not mandate specific benefits, and contractor(s) must be flexible and demonstrate the ability to administer benefits. This includes the ability to offer multiple plan designs and benefit options as well as interacting with other MCHCP vendor partners.
- Discount Arrangements - As part of the evaluation process for this bid, bidders shall agree to share all provider discount arrangements by network, as described in Attachment 4 and Exhibit A-4 with MCHCP's consultant, Segal, prior to the award of the contract.
- Data Transfer – Bidder shall agree to provide claim-level data electronically to MCHCP or designated data vendor (currently Merative) on a monthly basis, including twenty-four (24) run-out months (i.e. months following contract expiration). Bidders may be required to demonstrate the ability to provide such data before a contract award is made.
- Size and Experience – The bidder must currently provide service to clients that have at least 250,000 covered lives combined and have at least two (2) clients with 50,000 covered lives. The bidder must be willing to disclose the name of the large clients if requested. Experience with public sector health plans is preferred. The bidder must have been in operation and performing the services requested in this RFP for a minimum of five (5) years.
- Networks – Bidders must offer contracted provider networks capable of delivering benefits as described in the RFP. MCHCP requires a broad network that provides national coverage.
- Contract – Bidders shall not link nor attempt to link (unless permitted by this RFP), the award of this contract to any other bids, products or contracts. Any bid proposal containing any contingency based upon actual or potential awards of contracts, whether or not related specifically to this RFP, or containing pricing contingencies, shall result in such bid proposal being rejected for non-responsiveness and non-compliance with this RFP.

- Rates – Bidders shall not be permitted to alter their rate or fees after submission except with agreement by MCHCP.
- Timely Submission – All deadlines outlined are necessary to meet the timeline for this contract award. Submissions after respective deadlines have passed may be rejected. All bidder documents and complete proposals must be received by the proposal deadline of March 1, 2024, as outlined in the timeline of events for this RFP. Late proposals will not be accepted. MCHCP reserves the right to modify a deadline or extend a deadline for all bidders at its discretion.
- Data exchange – Bidder must be capable of establishing a relationship with MCHCP's pharmacy benefit manager, which allows the contractor to communicate deductible and out-of-pocket information on a daily basis and potentially with other MCHCP contractors to communicate eligibility, participation or claims data.
- Performance Bond - The contractor must furnish an original performance security deposit in the form of check, cash, bank draft, or irrevocable letter of credit, issued by a bank or financial institution authorized to do business in Missouri, to MCHCP within ten (10) days after award of the contract and prior to performance of service under the contract. The performance security deposit must be made payable to MCHCP in the amount of \$5,000,000. The contract number and contract period must be specified on the performance security deposit. In the event MCHCP exercises an option to renew the contract for an additional period, the contractor shall maintain the validity and enforcement of the security deposit for the said period, pursuant to the provisions of this paragraph, in an amount stipulated at the time of contract renewal, not to exceed \$5,000,000.

1. This Agreement is by and between MCHCP, a covered entity under the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA"), and _____, hereinafter referred to as "User".
2. This Agreement addresses the conditions under which MCHCP will disclose and the User will obtain and use MCHCP's file(s) specified in this agreement. This Agreement supersedes any and all agreements between the parties with respect to the use of MCHCP's file(s), and preempts and overrides any instructions, directions, agreements, or other understanding in or pertaining to any prior communication from MCHCP with respect to the data specified herein. Further, the terms of this Agreement can be changed only by a written modification to this Agreement, or by the parties adopting a new agreement. The parties agree further that instructions or interpretations issued to the User concerning this Agreement or the data specified herein, shall not be valid unless issued in writing by MCHCP's Executive Director.
3. Unless otherwise expressly stated in this Agreement, all words, terms, specifications, and requirements used or referenced in this Agreement which are defined in the HIPAA Rules shall have the same meanings as described in the HIPAA Rules. Any reference in this Agreement to a section in the HIPAA Rules means the section as in effect or amended. Any ambiguity in this Agreement shall be interpreted to permit compliance with the HIPAA Rules.
4. The parties mutually agree that MCHCP retains all ownership rights to the claims file referred to in this Agreement, and that the User does not obtain any right, title, or interest in any of the data furnished by MCHCP.
5. The parties mutually agree that the following named individual is designated as "Custodian" of the file on behalf of the User, and will be personally responsible for the observance of all conditions of use and for establishment and maintenance of security arrangements as specified in this Agreement to prevent unauthorized use. The User agrees to notify MCHCP within five (5) days of any change of custodianship. The parties mutually agree that MCHCP may disapprove the appointment of a custodian, or may require the appointment of a new custodian at any time.

Name of Company: _____

City, State and Zip Code: _____

6. The User represents and warrants, and in furnishing the claims file(s), MCHCP relies upon such representation and warranty, that these files will be used solely for the purposes outlined below. The User agrees not to use or further disclose the data covered by this Agreement other than as provided for by this Agreement. The parties agree that no provision of this Agreement permits the User to use or disclose protected health information (PHI) in a manner that would violate HIPAA if used or disclosed in like manner by MCHCP. MCHCP's demographic and claims files are used solely for the following:

- Modeling of potential claim volume related to a self-insured contract with MCHCP for health benefits; and/or
- Network analysis and evaluation of proposed network's geographic accessibility to MCHCP members for purposes of bidding on a contract with MCHCP for health benefits.

The User represents and warrants further that the User shall not disclose, release, reveal, show, sell, rent, lease, loan, or otherwise grant access to the data covered by this Agreement to any person(s) other than as allowed by this Agreement. The User agrees that, within the User organization, access to the data covered by this Agreement shall be limited to the minimum number of individuals necessary to achieve the purpose stated in this section and to those individuals on a need-to-know basis only. The User agrees to ensure that any individual(s) or agent(s) the User discloses or allows to access the data covered by this Agreement will be bound to the same restrictions and conditions that apply to the User. Disclosure of this data is made pursuant to 45 CFR §§ 164.514(e)(1).

7. MCHCP will provide the User with the file, which is a subset of MCHCP's master records. MCHCP warrants that the file is accurate to the extent possible. The file shall not contain any prohibited items.
8. The parties mutually agree that the aforesaid file (and/or any derivative file(s) [includes any file that maintains or continues identification of individuals]) may be retained by the User only for the period of time required for any processing related to the purposes outlined in section 6 above. After the process is complete, the User agrees to promptly destroy such data. The User agrees that no data from MCHCP records, or any parts thereof, shall be retained when the aforementioned file(s) are destroyed unless authorization in writing for the retention of such file(s) has been received from MCHCP's Executive Director. The User acknowledges that stringent adherence to the aforementioned information outlined in this paragraph is required. The User further acknowledges that MCHCP's demographic file received for any previous periods, and all copies thereof, must be destroyed upon receipt of an updated version. The User agrees that for any data covered by this Agreement, in any form, that the User maintains after the bidding process is complete, the User agrees to: (i) refrain from any further use or disclosure of the PHI; (ii) continue to safeguard the PHI thereafter in accordance with the terms of this Agreement; and (iii) not attempt to de-identify the PHI.

9. The User agrees to establish appropriate administrative, technical, and physical safeguards to protect the privacy and security of the data, and to prevent any unauthorized use or disclosure. The safeguards shall provide a level and scope of security that is not less than the level and scope of security established by HIPAA. The User acknowledges that the use of unsecured telecommunications, including the Internet, to transmit individually identifiable, including protected health information, or deducible information derived from the file(s) specified above in section 6 is strictly prohibited. Further, the User agrees that the data must not be physically moved or transmitted in any way from the site indicated above in section 5, without written approval from MCHCP.
10. The User agrees that the authorized representatives of MCHCP and the Department of Health and Human Services ("HHS") will be granted access to the premises where the aforesaid file(s) are kept for the purpose of inspecting security arrangements and confirming whether the User is in compliance with the privacy and security requirements specified in this Agreement.
11. The User agrees that no findings, listing, or information derived from the file(s) specified in section 7, with or without identifiers, may be released if such findings, listing, or information contain any combination of data elements that might allow the deduction of a MCHCP member's identification (Examples of such data elements include, but are not limited to, address, zip code, sex, age, etc.) The User agrees further that MCHCP shall be the sole judge as to whether any finding, listing, or information, or any combination of data extracted or derived from MCHCP's files identifies or reasonably could identify an individual or to deduce the identity of an individual.
12. The User agrees that the User shall make no attempt to link records included in the file(s) specified in section 7 to any other identifiable source of information or attempt to identify the information or individual(s) contained in the data. This includes attempts to link to other MCHCP data files. In addition, the User agrees not to contact the individual(s) who are the subject of the data covered by this Agreement.
13. The User understands and agrees that it may not reuse original or derivative data file(s) without prior written approval from MCHCP's Executive Director.
14. The User agrees to immediately report to MCHCP any use or disclosure of PHI not authorized or provided for by this Agreement in accordance with the notice provisions prescribed in this Section 14.
 - 14.1 The notice shall be delivered to, and confirmed received by, MCHCP without unreasonable delay, but in any event no later than three (3) business days of the User's first discovery, meaning the first day on which such unauthorized use or disclosure is known to the User, or by exercising reasonable diligence, would have been known to the User, of the unauthorized use or disclosure.
 - 14.2 The notice shall be in writing and shall include a complete description of the unauthorized use or disclosure, and if applicable, a list of affected individuals and a copy of the template breach notification letter to be sent to affected individuals.

15. The User agrees that in the event MCHCP determines or has a reasonable belief that the User has made or may have used or disclosed the aforesaid file(s) that is not authorized by this Agreement, or other written authorization from MCHCP's Executive Director, MCHCP in its sole discretion may require the User to: (a) promptly investigate and report to MCHCP the User's determinations regarding any alleged or actual unauthorized use or disclosure, (b) promptly resolve any problems identified by the investigation; (c) if requested by MCHCP, submit a formal written response to an allegation of unauthorized use or disclosure; (d) if requested by MCHCP, submit a corrective action plan with steps designed to prevent any future unauthorized uses or disclosures; and (e) if requested by MCHCP, destroy or return data files to MCHCP immediately. The User understands that as a result of MCHCP's determination or reasonable belief that unauthorized uses or disclosures have taken place, MCHCP may refuse to release further MCHCP data to the User for a period of time to be determined by MCHCP. Further, the User agrees that MCHCP may report the problem to the Secretary of HHS.
16. The User agrees to assume all costs and responsibilities associated with any breach, as defined in the HIPAA breach notification provisions, of any protected health information obtained from MCHCP's demographic file caused by the User organization. Such costs and responsibilities include: determining if and when a breach has occurred, however, all final decisions involving questions of a breach shall be made by MCHCP; investigating the circumstances surrounding any possible incident of breach; providing on behalf of MCHCP all notifications legally required of a covered entity in accordance with HIPAA breach notification laws and regulations; paying for the reasonable and actual costs associated with such notifications; The User further agrees to indemnify and hold MCHCP harmless from any and all penalties or damages associated with any breach caused by the User organization.
17. The User hereby acknowledges the criminal and civil penalties for violations under HIPAA. If User is a covered entity under HIPAA, its receipt of MCHCP's limited data set and violation of this data use agreement may cause the User to be in noncompliance with the standards, implementation specifications, and requirements of 45 CFR § 164.514 (e).
18. By signing this Agreement, the User agrees to abide by all provisions set out in this Agreement for protection of the data file specified in section 7, and acknowledges having received notice of potential criminal and civil penalties for violation of the terms of the Agreement.
19. On behalf of the User, the undersigned individual hereby attests that he or she is authorized to enter into this Agreement and agrees to all the terms specified herein. This Agreement shall be effective upon signature by both parties. The duration of this Agreement is one year from the effective date. The User also acknowledges that this Agreement may be terminated at any time with the consent of both parties involved. Either party may independently terminate the Agreement upon written request to the other party, in which case the termination shall be effective 60 days after the date of the notice, or at a later date specified in the notice.

The illegal or invalid provision will be deemed stricken and deleted to the same extent and effect as if it were never incorporated into this Contract, but all other provisions will remain in full force and effect.

1.9 Inducements: In making the award of this Contract, MCHCP relies on TPA's assurances of the following:

- TPA, including its subcontractors, has the skills, qualifications, expertise, financial resources and experience necessary to perform the services described in the RFP, TPA's proposal, and this Contract, in an efficient, cost-effective manner, with a high degree of quality and responsiveness, and has performed similar services for other public or private entities.

No Contract term or condition shall be held to be waived, modified, or deleted except by a written instrument signed by the parties. If any Contract term or condition or application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, condition or application. To this end, the Contract terms and conditions are severable.

1.13 Independent Contractor: TPA represents itself to be an independent contractor offering such services to the general public and shall not represent itself or its employees to be an employee of MCHCP. Therefore, TPA hereby assumes all legal and financial responsibility for taxes, FICA, employee fringe benefits, worker's compensation, employee insurance, minimum wage requirements, overtime, etc. and agrees to indemnify, save, and hold MCHCP, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters. TPA assumes sole and full responsibility for its acts and the acts of its personnel.

1.14 Relationship of the Parties: This Contract does not create a partnership, franchise, joint venture, agency, or employment relationship between the parties.

1.15 No Implied Authority: The authority delegated to TPA by MCHCP is limited to the terms of this Contract. MCHCP is a statutorily created body corporate multi-employer group health plan and trust fund designated by the Missouri Legislature to administer health care services to eligible State of Missouri and public entity employees, and no other agency or entity may grant TPA any authority related to this Contract except as authorized in writing by MCHCP. 1.18 Statutes: Each and every provision of law and clause required by law to be inserted or applicable to the services provided in this Contract shall be deemed to be inserted herein and this Contract shall be read and enforced as though it were included herein. If through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then on the application of either party the Contract shall be amended to make such insertion or correction.

1.19 Governing Law: This Contract shall be governed by the laws of the State of Missouri and shall be deemed executed at Jefferson City, Cole County, Missouri. All contractual agreements shall be subject to, governed by, and construed according to the laws of the State of Missouri.

1.20 Jurisdiction: All legal proceedings arising hereunder shall be brought in the Circuit Court of Cole County in the State of Missouri.

1.21 Acceptance: No contract provision or use of items by MCHCP shall constitute acceptance or relieve TPA of liability in respect to any expressed or implied warranties.

1.22 Survival of Terms: Termination or expiration of this Contract for any reason will not release either party from any liabilities or obligations set forth in this Contract that: (i) the parties expressly agree will survive any such termination or expiration; or (ii) remain to be performed or by their nature would be intended to apply following any such termination or expiration.

2 TPA's Obligations

2.1 Security Deposit: TPA must furnish an original performance security deposit in the form of check, cash, bank draft, or irrevocable letter of credit, issued by a bank or financial institution authorized to do business in Missouri, to MCHCP within ten (10) days after award of the contract and prior to performance of service under the contract. The performance security deposit must be made payable to MCHCP in the amount of \$5,000,000.00. The contract number and contract period must be specified on the performance security deposit. In the event MCHCP exercises an option to renew the contract for an additional period, TPA shall maintain the validity and enforcement of the security deposit for the renewal period, pursuant to the provisions of this paragraph, in an amount stipulated at the time of contract renewal, not to exceed \$5,000,000.00.

TPA shall not subcontract with any person or entity to perform all or any part of the work to be performed under this Contract without the prior written consent of MCHCP. TPA may not assign, in whole or in part, this Contract or its rights, duties, obligations, or responsibilities hereunder without the prior written consent of MCHCP. TPA agrees that any and all subcontracts entered into by TPA for the purpose of meeting the requirements of this Contract are the responsibility of TPA. MCHCP will hold TPA responsible for assuring that subcontractors meet all the requirements of this Contract and all amendments thereto. TPA must provide complete information regarding each subcontractor used by TPA to meet the requirements of this Contract.

For the purposes of this paragraph, "material" means of a nature or of sufficient monetary value, or concerning a subject which a reasonable party in the position of and comparable to MCHCP would consider relevant and important in assessing the relationship and services contemplated by this Contract. It is further understood in that in fulfilling its ongoing responsibilities under this paragraph, TPA is obligated to make its best faith efforts to disclose only those relevant matters which to the attention of or should have been known by TPA's personnel involved in the engagement covered by this Contract and/or which come to the attention of or should have been known by any individual or office of TPA designated by TPA to monitor and report such matters.

Upon learning of any such actions, MCHCP reserves the right, at its sole discretion, to terminate this Contract.

2.5 Off-shore Services: All services under this Contract shall be performed within the United States. TPA shall not perform, or permit subcontracting of services under this Contract, to any off-shore companies or locations outside of the United States. Any such actions shall result in TPA being in breach of this Contract.

For the purposes of this Contract, the term "assign" shall include, but shall not be limited to, the sale, gift, assignment, pledge, or other transfer of any ownership interest in TPA provided, however, that the term shall not apply to the sale or other transfer of stock of a publicly traded company. Any assignment consented to by MCHCP shall be evidenced by a written assignment agreement executed by TPA and its assignee in which the assignee agrees to be legally bound by all of the terms and conditions of this Contract and to assume the duties, obligations, and responsibilities being assigned. A change of name by TPA, following which TPA's federal identification number remains unchanged, shall not be considered to be an assignment hereunder. TPA shall give MCHCP written notice of any such change of name.

As principles of governmental or public law are involved, MCHCP may participate in or choose to conduct, in its sole discretion, the defense of any such action. If information and assistance are furnished by MCHCP at TPA's written request, it shall be at TPA's expense, but the responsibility for such expense shall be only that within TPA's written authorization. TPA shall indemnify and hold MCHCP harmless from all damages, costs, and expenses, including attorney's fees that TPA or MCHCP may pay or incur by reason of any infringement or violation of the rights occurring to any holder of copyright, trademark, or patent interests and rights in any products provided or used in the performance of this Contract. If any of the products provided by TPA in such suit or proceeding are held to constitute infringement and the use is enjoined, TPA shall, at its own expense and at its option, either procure the right to continue use of such infringement products, replace them with non-infringement equal performance products or modify them so that they are no longer infringing. If TPA is unable to do any of the preceding, TPA agrees to remove all the equipment or software which are obtained contemporaneously with the infringing product, or, at the option of MCHCP, only those items of equipment or software which are held to be infringing, and to pay MCHCP: 1) any amounts paid by MCHCP towards the purchase of the product, less straight line depreciation; 2) any license fee paid by MCHCP for the use of any software, less an amount for the period of usage; and 3) the pro rata portion of any maintenance fee presenting the time remaining in any period of maintenance paid for. Exhibit A-11
BUSINESS ASSOCIATE AGREEMENT

This Business Associate Agreement (“Agreement”) between the Missouri Consolidated Health Care Plan (hereinafter “Covered Entity” or “MCHCP”) and TPA. (hereinafter “Business Associate”) is entered into as a result of the business relationship between the parties in connection with services requested and performed in accordance with the MCHCP’s 2024 Health Plan (“RFP”) and under Contract #25-010125-TPA, as renewed and amended, (hereinafter the “Contract”).

This Agreement supersedes all other agreements, including any previous business associate agreements, between the parties with respect to the specific matters addressed herein. In the event the terms of this Agreement are contrary to or inconsistent with any provisions of the Contract or any other agreements between the parties, this Agreement shall prevail, subject in all respects to the Health Insurance Portability and Accountability Act of 1996, as amended (the “Act”), and the HIPAA Rules, as defined in Section 2.1 below.

1 Purpose.

The Contract is for third party administrative services for MCHCP’s self-funded employee benefit plans for State and Public Entity members.

The purpose of this Agreement is to comply with requirements of the Act and the implementing regulations enacted under the Act, 45 CFR Parts 160 - 164, as amended, to the extent such laws relate to the obligations of business associates, and to the extent such laws relate to obligations of MCHCP in connection with services performed by TPA for or on behalf of MCHCP under the Contract. This Agreement is required to allow the parties to lawfully perform their respective duties and maintain the business relationship described in the Contract.

- 2.3 To the extent a term is defined in the Contract and this Agreement, the definition in this Agreement, subject in all material respects to the HIPAA Rules, shall govern.
- 2.4 Notwithstanding the forgoing, for ease of reference throughout this Agreement, Business Associate understands and agrees that wherever PHI is referenced in this Agreement, it shall be deemed to include all MCHCP-related PHI in any format or media including paper, recordings, electronic media, emails, and all forms of MCHCP-related ePHI in any data state, be it data in motion, data at rest, data in use, or otherwise.

3 **Obligations and Activities of Business Associate.**

- 3.1 Business Associate agrees to not use or disclose PHI other than as permitted or required by this Agreement or as required by law.
- 3.2 Appropriate Safeguards. Business Associate agrees to implement, maintain, and use appropriate administrative, physical, and technical safeguards, and fully comply with all applicable standards, implementation specifications, and requirements of Subpart C of 45 CFR Part 164 with respect to ePHI, in order to: (i) ensure the confidentiality, integrity, and availability of ePHI created, received, maintained, or transmitted; (ii) protect against any reasonably anticipated threats or hazards to the security or integrity of such information; and (iii) protect against use or disclosure of ePHI by Business Associate, its workforce, and its subcontractors other than as provided for by this Agreement.

In addition to the forgoing, and in accordance with the Contract, Business Associate agrees it will not permit any subcontractor, or use any off-shore entity, to perform services under the Contract, including creation, use, storage, or transmission of PHI at any location(s) outside of the United States.

- 3.4 Reports to MCHCP. Business Associate agrees to report any use or disclosure of PHI not authorized or provided for by this Agreement, including breaches of unsecured PHI and any security incident involving MCHCP to MCHCP in accordance with the notice provisions prescribed in this Section 3.4. For purposes of the security incident reporting requirement, the term “security incident” shall not include inconsequential incidents that occur on a daily basis, such as scans, “pings,” or other unsuccessful attempts to penetrate computer networks or servers containing ePHI maintained or transmitted by Business Associate.

- 3.4.1 The notice shall be delivered to, and confirmed received by, MCHCP without unreasonable delay, but in any event no later than three (3) business days of Business Associate's first discovery, as discovery is described under § 164.410, of the unauthorized use or disclosure, breach of unsecured PHI, or security incident.
- 3.4.2 The notice shall be in writing and sent to both of the following MCHCP workforce members and deemed delivered only upon personal confirmation, acknowledgement or receipt in any form, verbal or written, from one of the designated recipients:

If, and only if, Business Associate receives an email or voicemail response indicating neither of the intended MCHCP recipients are available and no designee(s) confirm receipt within eight (8) business hours on behalf of one or both of the above-named MCHCP Officers, Business Associate shall forward the written notice to their primary MCHCP contact with copies to the Privacy and Security Officers for documentation purposes.

3.4.3 The notice shall include to the fullest extent possible:

- a) a detailed description of what happened, including the date, time, and all facts and circumstances surrounding the unauthorized use or disclosure, breach of unsecured PHI, or security incident;
- b) the date, time, and circumstances surrounding when and how Business Associate first became aware of the unauthorized use or disclosure, breach of unsecured PHI, or security incident;
- c) identification of each individual whose PHI has been, or is reasonably believed by Business Associate to have been involved or otherwise subject to possible breach;

- j) any action steps Business Associate believes affected or potentially affected individuals should take to protect themselves from potential harm resulting from the matter.

3.4.4 Business Associate agrees to cooperate with MCHCP during the course of Business Associate's investigation and risk assessment and to promptly and regularly update MCHCP in writing as supplemental information becomes available relating to any of the items addressed in the notice.

3.4.5 Business Associate further agrees to provide additional information upon and as reasonably requested by MCHCP; and to take any additional steps MCHCP reasonably deems necessary or advisable to comply with MCHCP's obligations as a covered entity under the HIPAA Rules.

3.4.6 Business Associate expressly acknowledges the presumption of breach with respect to any unauthorized acquisition, access, use, or disclosure of PHI, unless Business Associate is able to demonstrate otherwise in accordance with § 164.402(2), in which case, Business Associate agrees to fully document its assessment and all factors considered and provide MCHCP no later than ten (10) calendar days following Business Associate's discovery with its complete written risk assessment, conclusion reached, and all documentation supporting a conclusion that the unauthorized acquisition, access, use, or disclosure of PHI presents a low probability that PHI has been compromised.

3.4.7 The parties agree to work together in good faith, making every reasonable effort to reach consensus regarding whether a particular circumstance constitutes a breach or otherwise warrants notification, publication, or reporting to any affected individual, government body, or the public and also the appropriate means and content of any notification, publication, or report. Notwithstanding the foregoing, all final decisions involving questions of breach of PHI shall be made by MCHCP, including whether a breach has occurred, and any notification, publication, or public reporting required or reasonably advisable under the HIPAA Rules and MCHCP's Notice of Privacy Practices based on all objective and verifiable information provided to MCHCP by Business Associate under this Section 3.4

3.4.8 Business Associate agrees to bear all reasonable and actual costs associated with any notifications, publications, or public reports relating to breaches by Business Associate, any subcontractor of Business Associate, and any employee or workforce member of Business Associate and/or its subcontractors, as MCHCP deems necessary or advisable.

3.5 Confidential Communications. Business Associate agrees it will promptly implement and honor individual requests to receive PHI by alternative means or at an alternative location provided such request has been directed to and approved by MCHCP in accordance with § 164.522(b) applicable to

covered entities. If Business Associate receives a request for confidential communications directly from an individual, Business Associate agrees to refer the individual, and promptly forward the individual's request, to MCHCP so that MCHCP can assess, accommodate, and coordinate reasonable requests of this nature in accordance with the HIPAA Rules and prepare a timely response to the individual.

3.6 Individual Access to PHI. If an individual requests access to PHI under § 164.524, Business Associate agrees it will make all PHI about the individual which Business Associate created or received for or from MCHCP that is in Business Associate's custody or control available in a designated record set to MCHCP or, at MCHCP's direction, to the requesting individual or his or her authorized designee, in order to satisfy MCHCP's obligations as follows:

3.6.1 If Business Associate receives a request for individual PHI in a designated record set from MCHCP, Business Associate will provide the requested information to MCHCP within five (5) business days from the date of the request in a readily accessible and readable form and manner or as otherwise reasonably specified in the request.

3.6.2 If Business Associate receives a request for PHI in a designated record set directly from an individual current or former MCHCP member, Business Associate will require that the request be made in writing and will also promptly notify MCHCP that a request has been made verbally. If the individual submits a written request for PHI in a designated record set directly to Business Associate, no later than five (5) business days thereafter, Business Associate shall provide MCHCP with: (i) a copy of the individual's request to MCHCP for purposes of determining an appropriate response to the request; (ii) the designated record sets in Business Associate's custody or control that are subject to access by the requesting individual(s) requested in the form and format requested by the individual if it is readily producible in such form and format, or if not, in a readable hard copy form; and (iii) the titles of the persons or offices responsible for receiving and processing requests for access by individual(s). MCHCP will direct Business Associate in writing within five (5) business days following receipt of the information described in (i), (ii), and (iii) of this subsection 3.6.2 whether Business Associate should send the requested designated data set directly to the individual or whether MCHCP will forward the information received from Business Associate as part of a coordinated response or if for any reason MCHCP deems the response should be sent from MCHCP or another Business Associate acting on behalf of MCHCP. If Business Associate is directed by MCHCP to respond directly to the individual, Business Associate agrees to provide the designated record set requested in the form and format requested by the individual if it is readily producible in such form and format; or, if not, in a readable hard copy form or such other form and format as agreed to by Business Associate and the individual. Business Associate will provide MCHCP's Privacy Officer with a copy of all responses sent to individuals pursuant to § 164.524 and the directives set forth in this subsection 3.6.2 for MCHCP's compliance and documentation purposes.

3.7 Amendments of PHI. Business Associate agrees it will make any amendment(s) to PHI in a designated record set as directed or agreed to by MCHCP pursuant to § 164.526, and take other measures as necessary and reasonably requested by MCHCP to satisfy MCHCP's obligations under § 164.526.

- 3.7.1 If Business Associate receives a request directly from an individual to amend PHI created by Business Associate, received from MCHCP, or otherwise within the custody or control of Business Associate at the time of the request, Business Associate shall promptly refer the individual to MCHCP's Privacy Officer, and, if the request is in writing, shall forward the individual's request three (3) business days to MCHCP's Privacy Officer so that MCHCP can evaluate, coordinate and prepare a timely response to the individual's request.
- 3.7.2 MCHCP will direct Business Associate in writing as to any actions Business Associate is required to take with regard to amending records of individuals who exercise their right to amend PHI under the HIPAA Rules. Business Associate agrees to follow the direction of MCHCP regarding such amendments and to provide written confirmation of such action within seven (7) business days of receipt of MCHCP's written direction or sooner if such earlier action is required to enable MCHCP to comply with the deadlines established by the HIPAA Rules.
- 3.8 PHI Disclosure Accounting. Business Associate agrees to document, maintain, and make available to MCHCP within seven (7) calendar days of a request from MCHCP for all disclosures made by or under the control of Business Associate or its subcontractors that are subject to accounting, including all information required, under § 164.528 to satisfy MCHCP's obligations regarding accounting of disclosures of PHI.
- 3.8.1 If Business Associate receives a request for accounting directly from an individual, Business Associate agrees to refer the individual, and promptly forward the individual's request, to MCHCP so that MCHCP can evaluate, coordinate and prepare a timely response to the individual's request.
- 3.8.2 In addition to the provisions of 3.8.1, all PHI accounting requests received by Business Associate directly from the individual shall be acted upon by Business Associate as a request from MCHCP for purposes of Business Associate's obligations under this section. Unless directed by MCHCP to respond directly to the individual, Business Associate shall provide all accounting information subject to disclosure under § 164.528 to MCHCP within seven (7) calendar days of the individual's request for accounting.
- 3.9 Privacy of PHI. Business Associate agrees to fully comply with all provisions of Subpart E of 45 CFR Part 164 that apply to MCHCP to the extent Business Associate has agreed or assumed responsibilities under the Contract or this Agreement to carry out one or more of MCHCP's obligation(s) under 45 CFR Part 164 Subpart E.
- 3.10 Internal Practices, Books, and Records. Upon request of MCHCP or the Secretary, Business Associate will make its internal practices, books, and records relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of MCHCP available to MCHCP and/or the Secretary in a time and manner designated by MCHCP or the Secretary for purposes of determining MCHCP's and/or Business Associate's compliance with the HIPAA Rules.

4 Permitted Uses and Disclosures of PHI by Business Associate.

4.1 Contractual Authorization. Business Associate may access, create, use, and disclose PHI as necessary to perform its duties and obligations required by the Contract, including but not limited to specific requirements set forth in the Scope of Work (as such term is defined in the Contract), as amended. Without limiting the foregoing general authorization, MCHCP specifically authorizes Business Associate to access, create, receive, use, and disclose all PHI which is required to provide the services specified in the Contract. The parties agree that no provision of the Contract permits Business Associate to use or disclose PHI in a manner that would violate Subpart E of 45 CFR Part 164 if used or disclosed in like manner by MCHCP except that:

4.1.1 This Agreement permits Business Associate to use PHI received in its capacity as a business associate of MCHCP, if necessary: (A) for the proper management and administration of Business Associate; or (B) to carry out the legal responsibilities of Business Associate.

4.1.2 This Agreement permits Business Associate to combine PHI created or received on behalf of MCHCP as authorized in this Agreement with PHI lawfully created or received by Business Associate in its capacity as a business associate of other covered entities to permit data analysis relating to the health care operations of MCHCP and other PHI contributing covered entities in order to provide MCHCP with such comprehensive, aggregate summary reports as specifically required by, or specially requested under, the Contract.

4.2 Authorization by Law. Business Associate may use or disclose PHI as permitted or required by law.

4.3 Minimum Necessary. Notwithstanding any other provision in the Contract or this Agreement, with respect to any and all uses and disclosures permitted, Business Associate agrees to request, create, access, use, disclose, and transmit PHI involving MCHCP members subject to the following minimum necessary requirements:

4.3.1 When requesting or using PHI received from MCHCP, a member of MCHCP, or an authorized party or entity working on behalf of MCHCP, Business Associate shall make reasonable efforts to limit all requests and uses of PHI to the minimum necessary to accomplish the intended purpose of the request or use. Business Associate agrees its reasonable efforts will include identifying those persons or classes of persons, as appropriate, in Business Associate's workforce who need access to MCHCP member PHI to carry out their duties under the Contract. Business Associate further agrees to identify the minimally necessary amount of PHI needed by each such person or class and any conditions appropriate to restrict access in accordance with such assessment.

4.3.2 For any type of authorized disclosure of PHI that Business Associate makes on a routine basis to third parties, Business Associate shall implement procedures that limit the PHI disclosed to the amount minimally necessary to achieve the purpose of the disclosure. For all other authorized but non-routine disclosures, Business Associate shall develop and follow criteria for reviewing requests and limiting disclosures to the information minimally necessary to accomplish the purposes for which disclosure is sought.

4.3.3 Business Associate may rely, if such reliance is reasonable under the circumstances, on a requested disclosure as the minimum necessary for the stated purpose if and when:

- a) Making disclosures to public officials as permitted under § 164.512, if the public official represents that the information requested is the minimum necessary for the stated purpose(s); or
- b) The information is requested by a professional who is a member of its workforce or is a business associate of MCHCP for the purpose of providing professional services to MCHCP, if the professional represents that the information requested is the minimum necessary for the stated purpose(s).

4.3.4 Minimum necessary does not apply to: uses or disclosures made to the individual; uses or disclosures made pursuant to a HIPAA-compliant authorization; disclosures made to the Secretary in accordance with the HIPAA Rules: disclosures specifically permitted or required under, and made in accordance with, the HIPAA Rules.

5 Obligations of MCHCP.

- 5.1 Notice of Privacy Practices. MCHCP shall notify Business Associate of any limitation(s) that may affect Business Associate's use or disclosure of PHI by providing Business Associate with MCHCP's Notice of Privacy Practices in accordance with § 164.520, the most recent copy of which is attached to this Agreement.
- 5.2 Individual Authorization Changes. MCHCP shall notify Business Associate in writing of any changes in, or revocation of, the authorization by an individual to use or disclose his or her PHI, to the extent that such changes may affect Business Associate's use or disclosure of PHI.
- 5.3 Confidential Communications. MCHCP shall notify Business Associate in writing of individual requests approved by MCHCP in accordance with § 164.522 to receive communications of PHI from Business Associate by alternate means or at alternative locations, to the extent that such changes may affect Business Associate's use or disclosure of PHI.
- 5.4 Individual Restrictions. MCHCP shall notify Business Associate in writing of any restriction to the use or disclosure of PHI that MCHCP has agreed and, if applicable, any subsequent revocation or termination of such restriction, in accordance with § 164.522, to the extent that such changes may affect Business Associate's use or disclosure of PHI.
- 5.5 Permissible Requests by MCHCP. MCHCP shall not request Business Associate to use or disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by MCHCP.

6 Term and Termination, Expiration, or Cancellation.

- 6.1 Term. This Agreement is effective upon signature of both parties, and shall terminate upon the termination, expiration, or cancellation of the Contract, as amended, unless sooner terminated for cause under subsection 6.2 below.
- 6.2 Termination. Without limiting MCHCP's right to terminate the Contract in accordance with the terms therein, Business Associate also authorizes MCHCP to terminate this Agreement immediately by written notice and without penalty if MCHCP determines, in its sole discretion, that Business Associate has violated a material term of this Agreement and termination of this Agreement is in the best interests of MCHCP or its members. Without limiting the foregoing authorization, Business Associate agrees that MCHCP may, as an alternative or in addition to termination, require Business Associate to end the violation of the material term(s) and cure the breach of contract within the time and manner specified by MCHCP based on the circumstances presented. With respect to this subsection, MCHCP's remedies under this Agreement and the Contract are cumulative, and the exercise of any remedy shall not preclude the exercise of any other.
- 6.3 Obligations of Business Associate Upon Termination. Upon termination, expiration, or cancellation of this Agreement for any reason, Business Associate agrees to return to MCHCP or deliver to another MCHCP business associate at MCHCP's direction all PHI received from MCHCP, any current or former Business Associate or workforce member of MCHCP, or any current or former member of MCHCP, as well as all PHI created, compiled, stored or accessible to Business Associate or any subcontractor, agent, affiliate, or workforce member of Business Associate, relating to MCHCP as a result of services provided under the Contract. All such PHI shall be securely transmitted in accordance with MCHCP's written directive in electronic format accessible and decipherable by the MCHCP designated recipient. Following confirmation of receipt and usable access of the transmitted PHI by the MCHCP designated recipient, Business Associate shall destroy all MCHCP-related PHI and thereafter retain no copies in any form for any purpose whatsoever. Within seven (7) business days following full compliance with the requirements of this subsection, an authorized representative of Business Associate shall certify in writing addressed to MCHCP's Privacy and Security Officers that Business Associate has fully complied with this subsection and has no possession, control, or access, directly or indirectly, to MCHCP-related PHI from any source whatsoever.

Notwithstanding the foregoing, Business Associate may maintain MCHCP-PHI after the termination of this Agreement to the extent return or destruction of the PHI is not feasible, provided Business Associate: (i) refrains from any further use or disclosure of the PHI; (ii) continues to safeguard the PHI thereafter in accordance with the terms of this Agreement; (iii) does not attempt to de-identify the PHI without MCHCP's prior written consent; and (iv) within seven (7) days following full compliance of the requirements of this subsection, provides MCHCP written notice describing all PHI maintained by Business Associate and certification by an authorized representative of Business Associate of its agreement to fully comply with the provisions of this paragraph.

- 6.4 Survival. All obligations and representations of Business Associate under this Section 6 and subsection 7.2 shall survive termination, expiration, or cancellation of the Contract and this Agreement.

7 Miscellaneous.

- 7.1 Satisfactory Assurance. Business Associate expressly acknowledges and represents that execution of this Agreement is intended to, and does, constitute satisfactory assurance to MCHCP of Business Associate's full and complete compliance with its obligations under the HIPAA Rules. Business Associate further acknowledges that MCHCP is relying on this assurance in permitting Business Associate to create, receive, maintain, use, disclose, or transmit PHI as described herein.
- 7.2 Indemnification. Each party shall, to the fullest extent permitted by law, protect, defend, indemnify and hold harmless the other party and its current and former trustees, employees, and agents from and against any and all losses, costs, claims, penalties, fines, demands, liabilities, legal actions, judgments, and expenses of every kind (including reasonable attorneys' fees and expenses, including at trial and on appeal) arising out of the acts or omissions of such party or any subcontractor, consultant, or workforce member of such party to the extent such acts or omissions violate the terms of this Agreement or the HIPAA Rules as applied to the Contract.

Notwithstanding the foregoing, if Business Associate maintains any MCHCP-related PHI following termination of the Contract and this Agreement pursuant to subsection 6.3, Business Associate shall be solely responsible for all PHI it maintains and, to the fullest extent permitted by law, Business Associate shall protect, defend, indemnify and hold harmless MCHCP and its current and former trustees, employees, and agents from and against any and all losses, costs, claims, penalties, fines, demands, liabilities, legal actions, judgments, and expenses of every kind (including reasonable attorneys' fees and expenses, including at trial and on appeal) arising out of the acts or omissions of Business Associate or any subcontractor, consultant, or workforce member of Business Associate regarding such PHI to the extent such acts or omissions violate the terms of the Act or the HIPAA Rules.

- 7.3 No Third Party Beneficiaries. There is no intent by either party to create or establish third party beneficiary status or rights or their equivalent in any person or entity, other than the parties hereto, that may be affected by the operation of this Agreement, and no person or entity, other than the parties, shall have the right to enforce any right, claim, or benefit created or established under this Agreement.
- 7.4 Amendment. The parties agree to work together in good faith to amend this Agreement from time to time as is necessary or advisable for compliance with the requirements of the HIPAA Rules. Question	Response
1 Please provide the employee and member counts for the populations covered in this solicitation.	Subscribers - approximately 38,250 Members - approximately 72,600
3 Do you currently cover GLP-1 drugs (Ozempic, Wegovy, Zepbound) for weight loss?	MCHCP currently covers GLP 1 drugs for diabetes and weight loss as appropriate.
4 What is the strategy around GLP-1 drugs (Ozempic, Wegovy, Zepbound) for weight loss?	The Board has approved coverage and is monitoring utilization and cost impacts. Coverage is approved through the Pharmacy program administered by the PBM and not through the benefits administered by the TPA.
5 Are there any prior authorization requirements around GLP-1 drugs? If so, please describe for both Type 2 diabetes and for weight loss.	Refer to 22 CSR 10-2.045, Plan Utilization Review Policy for pharmacy services for which preauthorization is required which would include GLP-1 drugs. MCHCP has designated Express Scripts to make the preauthorization determinations and utilize their protocols for both Type 2 diabetes and Weight loss.
6 Are there any combination therapy requirements around GLP-1 drugs. If so, please describe for both Type 2 diabetes and for weight loss.	Those requirements are determined by Express Scripts as referenced in question 5.
7 Please provide GLP-1 spend over the past three years for Type 2 diabetes and for weight loss.	Pharmacy spend is not included in this procurement.
8 Are there any specific outside vendors that you would like us to coordinate with?	Please refer to the RFP requirements for the services that will be required. We will look to the bidder to identify outside vendors that may be needed to fulfill those requirements and has not specified any particular outside vendors to coordinate with a few exceptions. A few examples of outside vendors are UnitedHealthcare, Express Scripts, and Merative.
9 Is there a file size limit for documents loaded to the Optavise site?	Please contact Optavise support at systemsupport@optavise.com or 800-979-9351 for technical questions related to the use of the Optavise system.
10 Will MCHCP allow for additional questions/clarifications if the answers to those questions submitted on Feb. 13 require additional information?	Questions received after Feb. 13 will be answered and posted as time permits, but there is no guarantee of a response to these questions.
11 Why is the group out to bid?	The current contract with Anthem expires December 31, 2024, necessitating the need for this bid.
12 Are there any service issues with the incumbent? Is the incumbent meeting expectations?	The incumbent is meeting expectations.
13 Is Hinge Health offered through Anthem, or is it contracted with the group separately?	Hinge Health is offered through Anthem.
14 Please provide more detail on "medically supervised weight loss program". Does a program overseen by a nurse practitioner meet that qualifier? Responses to Vendor Questions
2025 Third Party Administrator (TPA) RFP
February 20, 2024**

Question	Response
15 Are there any other conditions that are high priority other than weight loss and MSK?	The programs mentioned in your question are ones that MCHCP will evaluate whether or not to include in its offerings. In the RFP, we have identified high cost claimants, those with complex medical conditions such as cancer, and those with diabetes of concern.
16 How much does the employer contribute to the HSA?	MCHCP contributes \$500 for individual coverage and \$1,000 for family coverage annually for active employees.
18 How will Segal reflect custom or non-standard networks that may not have credible claims experience?	As part of the claims repricing exercise, vendors are asked and expected to provide repricing for each network being proposed/offered. When evaluating the various network offerings, Segal will consider variables such as contracted discount differentials, network access, provider disruption, impact on utilization, mix of services, and enrollment, etc.
19 Does Segal want an actuarial attestation to the claim repricing to ensure it matches Segal's preferred approach and industry standard methodology?	Yes, please include an actuarial attestation of the claim repricing to ensure the data has been reviewed and matches Segal's preferred approach and industry standard methodology, as noted in the instructions.
20 Confirm you don't want carriers repricing using redirection assumptions for care (i.e. if a claim is out of network or at a lower discount facility, carriers should not redirect that claim to a higher discount facility).	Please reprice based on the actual claim, place of service, and provider/facility presented in the data. Do not make any re-direction assumptions.
21 Does Segal have any specific instructions with respect to a carrier's out of network programs being used to secure discounts for claims?	It is likely that any programs used to secure discounts for out-of-network claims have an associated cost – e.g., percent of savings, etc. – that would be passed through the claims wire. If you assume employment of such programs in the claims repricing exercise, please also provide the corresponding cost that would pass through the claims wire.
22 Related to performance guarantee 21.5, would you be willing to accept response to email inquiries rather than written?	Bidders may suggest modifications to the stated performance guarantee in the box labeled "Will you guarantee this standard (Yes or No)."
