Any and all communication from bidders regarding specifications, requirements, competitive procurement process, or any other RFP-related matter must be emailed to MCHCP as indicated on the first page of the RFP. Such communication should be received no later than the date noted in Section A.

Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, to maintain a fair and equitable procurement process, all bidders will be advised, via the issuance of an amendment or other official notification to the RFP, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the RFP, any questions received by MCHCP after the date noted in Section A might not be answered.

It is the responsibility of the bidder to identify and explain any part of their response that does not conform to the requested services described in this document. Bidders must use Exhibit E for this purpose. Without documentation provided by the bidder, it is assumed by MCHCP that the bidder can provide all services as described in this document.

C2.2 Bidders are cautioned that the only official position of MCHCP is that position which is stated in writing and issued by MCHCP in the RFP or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
C2.3 MCHCP monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General’s Office for appropriate action.

C2.4 No contract shall be considered to have been entered into by MCHCP until the contract has been awarded by the MCHCP Board of Trustees and all material terms have been finalized. An award will not be made until the contract has been signed by duly authorized representatives of the selected bidder and MCHCP.

C3. PREPARATION OF PROPOSALS

C3.1 Bidders must examine the entire RFP carefully. Failure to do so shall be at the bidder’s risk.

C3.2 Unless otherwise specifically stated in the RFP, all specifications and requirements constitute minimum requirements. All proposals must meet or exceed the stated specifications and requirements.

C3.3 Unless otherwise specifically stated in the RFP, any manufacturer’s names, trade names, brand names, and/or information listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. Proposals that do not comply with the requirements and specifications are subject to rejection without clarification.

C4. DISCLOSURE OF MATERIAL EVENTS

contemplated by this RFP. It is further understood that in fulfilling its ongoing responsibilities under this paragraph, the bidder is obligated to make its best faith efforts to disclose only those relevant matters which come to the attention of or should have been known by the bidder’s personnel involved in the engagement covered by this RFP and/or which come to the attention of or should have been known by any individual or office of the bidder designated by the bidder to monitor and report such matters.

C4.2 Upon learning of any such actions, MCHCP reserves the right, at its sole discretion, to either reject the proposal or continue evaluating the proposal.

C5. COMPLIANCE WITH APPLICABLE FEDERAL LAWS

C5.1 In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Health Insurance Portability and Accountability Act (HIPAA) and The Patient Protection and Affordable Care Act (PPACA), as amended.

C5.2 Any bidder offering to provide services must be able to sign a Business Associate Agreement (BAA) (see Exhibit H) due to the provisions of HIPAA. Any requested changes shall be noted and returned with the RFP. The changes are accepted only upon MCHCP signing a revised BAA after contract award.

C5.3 Upon awarding of the contract by the Board, the BAA shall be signed by both parties within five (5) working days of the request to sign, or the award of the contract may be rescinded.
SECTION D
MANDATORY CONTRACT PROVISIONS

Bidders are expected to closely read the Mandatory Contract Provisions and provide a binding signature of intent to comply with such terms and conditions. **Rejection of these provisions may be cause for rejection of a bidder’s proposal.**

A draft contract will be presented to the bidder selected by the MCHCP Board of Trustees for review, minor modifications if appropriate, and executed by both parties before the award is final and announced. The contract will include, among other things, the following Mandatory Contract Provisions.

Additionally, bidders must utilize Exhibit E to clearly identify by subsection number, any exceptions to the RFP provisions, and include an explanation as to why the bidder cannot comply with the specific provision, and a statement recommending terms and conditions the bidder would find acceptable.

If Contractor is unable to do any of the preceding, Contractor agrees to remove all the equipment or software which are obtained contemporaneously with the infringing product, or, at the option of MCHCP, only those items of equipment or software which are held to be infringing, and to pay MCHCP: 1) any amounts paid by MCHCP towards the purchase of the product, less straight line depreciation; 2) any license fee paid by MCHCP for the use of any software, less an amount for the period of usage; and 3) the pro rata portion of any maintenance fee presenting the time remaining in any period of maintenance paid for. The obligations of Contractor under this paragraph continue without time limit. No costs or expenses shall be incurred for the account of Contractor without its written consent.

Bonus Points – MBE/WBE Participation Commitment 10 points

MCHCP will limit the number of finalists to the greater of two or all bidders receiving 85 percent (42.5 points) of the possible 50 non-financial points available.

The bidder’s proposed participation of MBE/WBE firms in meeting the targets of the RFP will be considered in the evaluation process. A maximum of MBE/WBE participation points of 10 points will be awarded based on the participation amount proposed by the bidder. Awarded MBE/WBE participation points will be added to the non-financial points earned by the bidder and will be included to determine if a bidder meets the 85 percent threshold to obtain finalist status.

**Minority Business Enterprise (MBE)/Women Business Enterprise (WBE) Participation**

The bidder should secure participation of certified MBEs and WBEs in provider products/services required in this RFP. The targets of participation recommended by the State of Missouri are 10% MBE and 5% WBE of the total dollar value of the contract.

a) These targets can be met by a qualified MBE/WBE vendor themselves and/or through the use of qualified subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for MBE/WBE participation.

b) The services performed or the products provided by MBE/WBEs must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by MBE/WBEs is utilized, to any extent, in the bidder’s obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.

c) To be considered as meeting these targets, the MBE/WBEs must be “qualified” by the proposal opening date (date the proposal is due). (See below for a definition of a qualified MBE/WBE.)

d) If the bidder is proposing MBE/WBE participation, to receive evaluation consideration for MBE/WBE participation, the bidder must provide the following information with the proposal.

   a. Participation Commitment - If the bidder is proposing MBE/WBE participation, the vendor must complete Section F5 of the Questionnaire (MBE-WBE Participation Commitment), by listing each proposed MBE and WBE, the committed percentage of participation for each MBE and WBE, and the commercially useful products/services to be provided by the listed MBE and WBE. If the vendor submitting the proposal is a qualified MBE and/or WBE, the vendor must include the vendor in the appropriate table on the Participation Commitment Form.
b. Documentation of Intent to Participate – The bidder must either provide a properly completed Exhibit G, Documentation of Intent to Participate Form, signed and dated no earlier than the RFP issuance date by each MBE and WBE proposed or must provide a letter of intent signed and dated no earlier than the RFP issuance date by each MBE and WBE proposed which: (1) must describe the products/services the MBE/WBE will provide and (2) should include evidence that the MBE/WBE is qualified, as defined herein (i.e., the MBE/WBE Certification Number or a copy of MBE/WBE certificate issued by the Missouri OEO). If the bidder submitting the proposal is a qualified MBE and/or WBE, the bidder is not required to complete Exhibit G, Documentation of Intent to Participate Form or provide a recently dated letter of intent.

e) Commitment – If the bidder’s proposal is awarded, the percentage level of MBE/WBE participation committed to by the bidder on Exhibit G, Participation Commitment, shall be interpreted as a contractual requirement.

Definition -- Qualified MBE/WBE:
In order to be considered a qualified MBE or WBE for purposes of this RFP, the MBE/WBE must be certified by the State of Missouri, Office of Administration, Office of Equal Opportunity (OEO) by the proposal opening date.

MBE or WBE means a business that is a sole proprietorship, partnership, joint venture, or corporation in which at least fifty-one percent (51%) of the ownership interest is held by minorities or women and the management and daily business operations of which are controlled by one or more minorities or women who own it.

Minority is defined as belonging to one of the following racial minority groups: African Americans, Native Americans, Hispanic Americans, Asian Americans, American Indians, Eskimos, Aleuts, and other groups that may be recognized by the Office of Advocacy, United States Small Business Administration, Washington D.C.

A listing of several resources that are available to assist bidders in their efforts to identify and secure the participation of qualified MBEs and WBEs is available at the website shown below or by contacting the Office of Equal Opportunity (OEO) at:

E3.6 MCHCP reserves the right to consider historic information and fact, whether gained from the bidder’s proposal, question and answer conferences, references, or any other source, in the evaluation process.

E3.7 The bidder is cautioned that it is the bidder’s sole responsibility to submit information related to the evaluation categories and that MCHCP is under no obligation to solicit such information if it is not included with the bidder’s proposal. Failure of the bidder to submit such information may cause an adverse impact on the evaluation of the bidder’s proposal.
E3.8 The bidder is advised that under the provisions of this RFP, MCHCP reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- Negotiations may be conducted in person, in writing, or by telephone.
- Negotiations will only be conducted with potentially acceptable proposals. MCHCP reserves the right to limit negotiations to those proposals which received the highest rankings during the initial evaluation phase. All bidders involved in the negotiation process will be invited to submit a best and final offer.
- Terms, conditions, prices, methodology, or other features of the bidder’s proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the bidder may be required to submit supporting financial, pricing, and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- The mandatory requirements of the RFP shall not be negotiable and shall remain unchanged unless MCHCP determines that a change in such requirements is in the best interest of MCHCP and its members.
- Bidder understands that the terms of any negotiation are confidential until an award is made or all proposals are rejected.

E3.9 After an initial screening process, a technical question and answer conference or interview may be conducted, if deemed necessary by MCHCP, to clarify or verify the bidder’s proposal and to develop a comprehensive assessment of the proposal. If an interview is deemed necessary, MCHCP intends to interview the finalists’ key personnel.

E4. CONTRACT AWARD

E4.1 Any award of a contract resulting from this RFP shall be made only by written authorization from MCHCP.

E4.2 The contract shall become effective January 1, 2024. Implementation and all tasks to ensure full operation and smooth transition on January 1, 2024, shall begin immediately upon execution of the contract.

E5. PRICING – All worksheets in Exhibit A must be completed.

E5.1 The bidder must submit firm, fixed prices for each transaction listed on, and in accordance with, Exhibit A-1 for the initial contract period and the second year (CY2025) renewal. The third through fifth contract years shall be based on an annual percentage increase over the second year (CY2025) pricing. Additionally, in Exhibit A-1 under 00024, the bidder must quote a firm, fixed number of basis points either above or below the 91-day (13-week) T-Bill yield rate current to the date of the scheduled proposal opening. All pricing and yield adjustment must be shown on Exhibit A-1 (under tab labeled Years 3-5) for the remaining contract renewal periods. Exhibit A-1 must be completed, signed, and returned (two copies) with the bidder’s proposal.

E5.2 The bidder must submit firm, fixed prices listed on Exhibits A-2 and A-3. Such pricing must be firm, fixed prices for the initial and all renewal periods. Exhibits A-2 and A-3 must be completed, signed, and returned (two copies) with the bidder’s proposal.
E5.3 Any cost and/or pricing data submitted or related to the bidder’s proposal including any cost and/or pricing data related to contractual extension options, whether required or voluntary, shall be subject to evaluation if deemed by MCHCP to be in the best interests of MCHCP.

E5.4 In the evaluation of the bidder’s proposal, MCHCP reserves the right to consider the time value of money and any other economic impact factors as deemed appropriate and in the best interests of MCHCP.

E5.5 Bidders may also submit an alternative method of determining the interest rate to be paid on Exhibit A-1. However, a firm, fixed number of basis points either above or below the 91-day (13 week) T-bill yield rate must be quoted as that is a minimum requirement to be compliant with the bid.

E5.6 Bidders may also submit alternative method(s) of pricing on Exhibit A-2. However, Option One must be bid, as that is a minimum requirement to be compliant with the RFP.

E5.7 Cost points, worth a maximum of 50 points, shall be computed in the following manner:

(a) Transaction prices shall be multiplied by the respective volumes for the first through fifth contract periods. All products shall be added together to determine the grand total. Twenty (20) of the 50 cost points shall be awarded for transaction prices. The maximum points shall be prorated on the basis of the lowest grand total price from a responsive bidder.

(b) The basis points quoted by the bidder shall be used in adjusting the 91-day (13-week) coupon equivalent yield rate as published in the Wall Street Journal on the day of the scheduled proposal opening, or the date of publication most recent and previous to the scheduled opening if the “Credit Markets Section” is not published on the date of the proposal opening. This manipulation shall be repeated for all five contract periods. The highest yielding amount of earned interest shall receive a maximum of thirty (30) points. All other yields shall be prorated on the basis of the highest yielding amount.

(c) If the bidder bids an alternative method of determining the interest rate to be paid, such yield rate will also be adjusted based upon the yield rate as published in the Wall Street Journal on the day of the scheduled proposal opening, or the date of publication most recent and previous to the scheduled opening. This manipulation shall be repeated for all five contract periods. Alternative methods will only be evaluated if deemed by MCHCP to be in the best interests of MCHCP. Additionally, MCHCP reserves the right to consider the time value of money and any other economic impact factors as deemed appropriate and in the best interests of MCHCP when evaluating such an alternative proposal.

(d) The bidder’s points from procedures “A” and “B” and/or “C” described above shall be added together. Should no bidder receive 50 points, the highest score shall be adjusted to receive 50 points. All other scores shall be proportionally adjusted.

E5.8 The MCHCP Board of Trustees reserves the right to renew the contract for any period beyond the initial contract period. Renewal proposals for each additional period must be submitted by June 1 for the following year’s renewal, and must be equal to or better than the proposal submitted on Exhibits A-1, A-2, and A-3. All renewal prices are subject to best and final offer which are subject to negotiation.
E6. BIDDER’S EXPERIENCE AND RELIABILITY

E6.1 Experience and reliability of the bidder’s organization is considered in the evaluation process. Therefore, the bidder is advised to submit any information which documents successful and reliable experience in past performances, especially those performances related to the requirements of this RFP, as well as documentation of a stable and reliable organization.

E7. EXPERTISE OF BIDDER’S PERSONNEL

E7.1 The qualifications of the personnel proposed by the bidder to perform the requirements of this RFP will be considered in the evaluation. Therefore, the bidder should submit detailed information related to the experience and qualifications of the staff proposed.

E8. PROPOSED METHOD OF PERFORMANCE

E8.1 Proposals will be evaluated based on the bidder's distinctive plan for performing the requirements of this RFP. Since the evaluators have already read the Scope of Work as described in the RFP, it is not necessary for the bidder to repeat the exact RFP language, or to present a paraphrased version, as an original idea for a technical approach.

E9. CONFIDENTIALITY AND PROPRIETARY MATERIALS

E9.1 Pursuant to Section 610.021 RSMo, proposals and related documents shall not be available for public review until a contract has been awarded or all proposals are rejected. MCHCP maintains copies of all proposals and related documents.

E9.2 MCHCP is a governmental body under Missouri Sunshine Law (Chapter 610 RSMo). Section 610.011 requires that all provisions be “liberally construed and their exceptions strictly construed to promote” the public policy that records are open unless otherwise provided by law. Regardless of any claim by a bidder as to material being proprietary and not subject to copying or distribution, or how a bidder characterizes any information provided in its proposal, all material submitted by the bidder in conjunction with the RFP is subject to release after the award of a contract in relation to a request for public records under the Missouri Sunshine Law (see Chapter 610 of the Missouri Revised Statutes). Only information expressly permitted by the provisions of Missouri’s Sunshine Law to be closed – strictly construed – will be redacted by MCHCP from any public request submitted to MCHCP after an award is made. Bidders should presume information provided to MCHCP in a proposal will be public following the award of the bid and made available upon request in accordance with the provisions of state law.

MISSOURI CONSOLIDATED HEALTH CARE PLAN

Investment Policy

Adopted and Effective December 15, 2005

I. Scope

This policy applies to the investment of Missouri Consolidated Health Care Plan (MCHCP) funds.

1. Pooling of Funds. Except for cash in certain restricted and special funds, the MCHCP will consolidate cash balances from all funds to maximize investment earnings. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

2. External Management of Funds. Investment through external programs, facilities and professionals operating in a manner consistent with this policy will constitute compliance.

II. General Objectives

The primary objectives, in priority order, of investment activities shall be safety, liquidity, and yield:

1. Safety. Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk. This policy only includes investments authorized by the Missouri State Treasurer’s Model Investment Policy.

    a. Credit Risk. The MCHCP will minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by:

        ▪ Only authorizing investment types approved by the Missouri State Treasurer’s Office;
        ▪ Limiting investments to the safest types of securities; and
        ▪ Diversifying the investment portfolio so that potential losses on individual securities will be minimized.

    b. Interest Rate Risk. The MCHCP will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:

        ▪ Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations (static liquidity), thereby avoiding the need to sell securities on the open market prior to maturity;
        ▪ Using cash flow modeling to moderate the interest rate risk of the portfolio by reducing any unanticipated security sales which could result in a loss of principal; and
        ▪ Maintaining the operating funds primarily in re-purchase agreements according to the current banking contract. This will be accomplished by:
a) A study of historic cash flows in each individual account;
b) An analysis of the current environment and a projection of the future cash flow requirements;
c) A combination of a) and b) above will result in a baseline number of which excess funds may be invested;
d) The portfolio shall consist largely of securities with active secondary or resale markets (dynamic liquidity) due to the fact that all possible cash demands cannot be reasonably anticipated; and
e) Using securities as collateral for borrowing short-term funds from Central Bank in the event that cash flow needs exceed balances (reverse repurchase agreement) as a failsafe procedure.

2. **Liquidity.** The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity). A portion of the portfolio also may be placed in bank deposits or repurchase agreements that offer same-day liquidity for short-term funds. Further, MCHCP shall have the ability to borrow against its assets in the investment portfolio at a reasonable cost in order to remain sufficiently liquid.

3. **Yield.** The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall not be sold prior to maturity with the following exceptions:
   - A security with declining credit may be sold early to minimize loss of principal.
   - A security exchange would improve the quality, yield, or target duration in the portfolio;
   - Liquidity needs of the portfolio require that the security be sold.

**III. Standards of Care**

1. **Prudence.** The standard of care to be used by investment officers shall be the “prudent person” standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal liability for an individual security’s credit risk or market price changes, provided deviations from expectations are reported in a timely fashion to the MCHCP Executive Director and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.

   Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

2. **Ethics and Conflicts of Interest.** Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial
decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with which business is conducted on behalf of the MCHCP.

3. **Delegation of Authority.** Authority to manage the investment program is granted to the MCHCP Executive Director and derived from Chapter 103 of the Revised Statutes of Missouri. Responsibility for the operation of the investment program is hereby delegated to the investment officer, who shall act in accordance with the established written procedures and internal controls for the operation of the investment program consistent with this investment policy. Procedures should include references to: safekeeping, delivery vs. payment, investment accounting, repurchase agreements, wire transfer agreements, and collateral/depository agreements. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures jointly established by the MCHCP Executive Director and the investment officer. The investment officer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

IV. Investment Transactions

The investment officer shall hold the MCHCP’s owned securities on a fiduciary basis in an internal safekeeping system that maintains complete real-time recordkeeping of each security belonging to the MCHCP. This system shall hold the complete security description, the date received/purchased by the MCHCP, cash payments, actual location physical or book entry and other relevant information. Each security owned shall be listed/described as an asset of the MCHCP on the monthly Bank statement provided to the MCHCP. In addition, each time a security is received/purchased/delivered/sold a written confirmation shall be provided to the MCHCP.

The investment officer shall hold securities in a separate account at either the Federal Reserve Bank of St Louis or the Depository Trust Company that includes only customer securities (not owned by the Bank). At all times, securities owned by the MCHCP shall be clearly identifiable as belonging to the MCHCP. The system and its records shall provide for adequate audit of recordkeeping information and shall be audited by both internal/external auditors and bank regulatory agencies on a regular basis. These securities and accounts shall be reconciled on a daily and monthly basis by electronic and manual means and reviewed by the MCHCP personnel as directed by the MCHCP Executive Director.

V. Suitable and Authorized Investments

1. **Investment Types.** In accordance with and subject to restrictions imposed by current statutes, the following list represents the entire range of investments that the MCHCP will consider and which shall be authorized for the investments of funds by the MCHCP. The MCHCP may directly invest in:

   a. **United States Treasury Securities.** The MCHCP may invest in obligations of the United States government for which the full faith and credit of the United States are pledged for the payment of principal and interest.

   b. **United States Agency Securities.** The MCHCP may invest in obligations issued or guaranteed by any agency of the United States Government as described in V.2.
c. **Repurchase Agreements.** The MCHCP may invest in contractual agreements between the MCHCP and commercial banks or primary government securities dealers. The purchaser in a repurchase agreement (repo) enters into a contractual agreement to purchase U.S. Treasury and government agency securities while simultaneously agreeing to resell the securities at predetermined dates and prices.

d. **Collateralized Public Deposits (certificates of deposit).** Instruments issued by financial institutions, which state that specified sums have been deposited for specified periods of time, and at specified rates of interest. The certificates of deposit are required to be backed by acceptable collateral securities as dictated by State statute.

e. **Bankers’ Acceptances.** Time drafts drawn on and accepted by a commercial bank, otherwise known as bankers’ acceptances. The MCHCP may invest in bankers’ acceptances issued by domestic commercial banks possessing the highest rating issued by Moody’s Investor Services, Inc. or Standard and Poor’s Corporation.

f. **Commercial Paper.** The MCHCP may invest in commercial paper issued by domestic corporations, which has received the highest rating issued by Moody’s Investor Services, Inc. or Standard and Poor’s Corporation. Eligible paper is further limited to issuing corporations that have total commercial paper program size in excess of five hundred million dollars ($500,000,000).

2. **Security Selection.** The following list represents the entire range of United States Agency Securities that the MCHCP will consider and which shall be authorized for the investment of funds by the MCHCP. Additionally, the following definitions and guidelines should be used in purchasing the instruments:

   a. **U.S. Govt. Agency Coupon and Zero Coupon Securities.** Bullet coupon bonds with no embedded options.

   b. **U.S. Govt. Agency Discount Notes.** Purchased at a discount with maximum maturities of one (1) year.

   c. **U.S. Govt. Agency Callable Securities.** Restricted to securities callable at par only with final maturities of five (5) years.

   d. **U.S. Govt. Agency Step-Up Securities.** The coupon rate is fixed for an initial term. At coupon date, the coupon rate rises to a new, higher fixed term. Restricted to securities with final maturities of five (5) years.

   e. **U.S. Govt. Agency Floating Rate Securities.** The coupon rate floats off of one index that reset at least quarterly. Restricted to coupons with no interim caps that reset at least quarterly.

   f. **U.S. Govt. Mortgage Backed Securities.** Restricted to securities with final maturity of no greater than five (5) years.

3. **Investment Restrictions and Prohibited Transactions.** To provide for the safety and liquidity of the MCHCP’s funds, the investment portfolio will be subject to the following restrictions:

   a. Borrowing for investment purposes (“Leverage”) is prohibited.

   b. Instruments known as Structured Notes (e.g. inverse floaters, leveraged floaters, and equity-linked securities) are not permitted. Investment in any instrument, which is
commonly considered a "derivative" instrument (e.g. options, futures, swaps, caps, floors, and collars), is prohibited.

c. Contracting to sell securities not yet acquired in order to purchase other securities for purposes of speculating on developments or trends in the market is prohibited.

d. No more than 5% of the total market value of the portfolio may be invested in bankers’ acceptances issued by any one commercial bank and no more than 5% of the total market value of the portfolio may be invested in commercial paper of any one issuer.

4. **Collateralization.** Collateralization will be required on two types of investments: certificates of deposit and repurchase agreements. The market value (including accrued interest) of the collateral should be at least 100%.

For certificates of deposit, the market value of collateral must be at least 100% or greater of the amount of certificates of deposits plus demand deposits with the depository, less the amount, if any, which is insured by the Federal Deposit Insurance Corporation, or the National Credit Unions Share Insurance Fund.

All securities, which serve as collateral against the deposits of a depository institution, must be safekept at a non-affiliated custodial facility. Depository institutions pledging collateral against deposits must, in conjunction with the custodial agent, furnish the necessary custodial receipts within five business days from the settlement date.

The MCHCP shall have a depositary contract and pledge agreement with each safekeeping bank that will comply with the Financial Institutions, Reform, Recovery, and Enforcement Act of 1989 (FIRREA). This will ensure that the MCHCP’s security interest in collateral pledged to secure deposits is enforceable against the receiver of a failed financial institution.

5. **Repurchase Agreements.** The securities for which repurchase agreements will be transacted will be limited to U.S. Treasury and government agency securities that are eligible to be delivered via the Federal Reserve’s Fedwire book entry system. Securities will be delivered to the MCHCP’s designated Custodial Agent. Funds and securities will be transferred on a delivery vs. payment basis.

**VI. Investment Parameters**

1. **Diversification.** The investments shall be diversified to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer, or specific class of securities. Diversification strategies shall be established and periodically reviewed. At a minimum, diversification standards by security type and issuer shall be:

   a. U.S. treasuries and securities having principal and/or interest guaranteed by the U.S. government................................................................. <= 100%
   
   b. Collateralized time and demand deposits..................................<= 100%
   
   c. U.S. Government agencies, including mortgage-backed securities and government sponsored enterprises........................................ <= 60%
   
   d. Collateralized repurchase agreements................................. <= 100%
   
   e. U.S. Government agency callable securities.............................. <= 30%
   
   f. Commercial Paper................................................................. <= 30%
g. Bankers' Acceptances .......................................................... <= 30%

Maximum Maturities. To the extent possible, the MCHCP shall attempt to match its investments with anticipated cash flow requirements. Investments in bankers’ acceptances and commercial paper shall mature and become payable not more than one hundred eighty days (180) from the date of purchase. All other investments shall mature and become payable not more than five (5) years from the date of purchase. The weighted average life should not exceed three (3) years and be consistent with the investment objectives.

Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio as determined by the MCHCP should be continuously invested in readily available funds such as in bank deposits or overnight repurchase agreements to ensure that appropriate liquidity is maintained to meet ongoing obligations.

VII. Reporting

1. Methods. The MCHCP Executive Director in consultation with the Investment officer shall prepare an investment report at least monthly, including a management summary that provides an analysis of the status of the current investment portfolio and transactions made over the last quarter. This management summary will be prepared in a manner that will allow the MCHCP to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report should be provided to the MCHCP Board of Trustees. The report will include the following:

- Listing of individual securities held at the end of the reporting period.
- At least annually, realized and unrealized gains or losses resulting from appreciation or depreciation by listing the cost and market value of securities over one-year duration that are not intended to be held until maturity (in accordance with Governmental Accounting Standards Board (GASB) 31 requirements).
- Average weighted yield to maturity of portfolio on investments as compared to applicable benchmarks as agreed upon between the MCHCP Executive Director and Investment officer.
- Listing of investment by maturity date.
- Percentage of the total portfolio that each type of investment represents.

2. Performance Standards. The investment portfolio will be managed in accordance with the parameters specified within this policy. The portfolio should obtain a market average rate of return during a market/economic environment of stable interest rates. A series of appropriate benchmarks may be established against which portfolio performances shall be compared on a regular basis.

Commercial paper and bankers’ acceptances will be reviewed monthly by the Investment Manager to determine if the rating level has changed. The commercial paper and bankers’ acceptances should be reviewed for possible sale if the securities are downgraded below the minimum acceptable rating levels.

3. Marking to Market. The market value of the portfolio shall be calculated at least monthly and a statement of the market value of the portfolio shall be issued at least monthly. Such market value of the portfolio shall be issued at least annually to the MCHCP Board of Trustees. This will ensure that review of the investment portfolio, in terms of value and price volatility, has been performed.
VIII. Policy Considerations

1. Exemption. Any investment currently held that does not meet the guidelines of this policy shall be exempted from the requirements of this policy. At maturity or liquidation, such monies shall be reinvested only as provided by this policy.

2. Adoption. This policy shall be adopted by the MCHCP Board of Trustees. The policy shall be reviewed annually by the MCHCP and the investment officer and any recommended changes will be presented by the MCHCP Executive Director to the MCHCP Board of Trustees for consideration.

  - Diversity of Assets/Avoidance of Concentration
  - Purchasing Power Risk (Inflation)

  This is a long-term investment and should be managed to achieve a market rate of return based on the asset allocation developed and approved by the Board of Trustees as recommended by the Investment Advisor in consultation with the Executive Director and the Chief Financial Officer.

- **Authority**

  The investment policy & any modifications thereto shall be reviewed annually and updated as necessary to prescribe to the objectives of the SRWBT. The Board of Trustees will have ultimate authority over the supervision of the investment responsibility.
The Chief Financial Officer and Investment Advisor shall plan to meet quarterly or at the discretion of the Chief Financial Officer but no less than once a year. The agenda for the meeting should include the following:

- Review security purchases & sales for the quarter
- Review of investments below policy investment grade
- Review of management reports for the portfolio asset allocation versus benchmarks.
- Review of quarterly rebalancing
- An Economic Outlook
- Proposed investment strategy including asset allocation
- Other Agenda Items deemed appropriate

**General Portfolio Objectives**

**Return:**

The return desired by the Board of Trustees is based on the allocation of assets set by this policy statement. The Board of Trustees acknowledges that the portfolio has a long term horizon, and the allocation may adjust to various needs of the system such as liquidity and funding needs. The Chief Financial Officer in consultation with the Board of Trustees may alter the asset allocation to fit the expected actuarial requirements or expected increase in short-term liquidity needs. The goal is to seek competitive investment performance versus appropriate or relative benchmarks. Annually the Chief Financial Officer shall review the actuarial reports with the Investment Advisor.

**Benchmarks:**

In order to measure the performance of the Investment Advisor, the following indices shall be used (the weighting of the indices and the specific indices may vary over time to reflect the Advisor allocation decisions):

<table>
<thead>
<tr>

• **Portfolio Constraints**

**Legal:**

All investments made within the portfolio will comply with the laws of the State of Missouri.

**Tax:**

There are no tax implications to the State Retiree Welfare Benefit Trust

**Time Horizon:**

The Portfolio's investment objectives are based on a long-term investment horizon ("Time Horizon") of five years or longer. Interim fluctuations should be viewed with appropriate perspective. The Board of Trustees has adopted a long-term investment horizon such that the risks and duration of investment losses are carefully weighed against the long-term potential for appreciation of assets.

**Liquidity:**

The portfolio should carry adequate liquidity to meet actuarially estimated cash outflows as defined by the Chief Financial Officer in consultation with the Board of Trustees.

**Quality:**

All Fixed Income investments must be rated investment grade, BBB or greater at time of original purchase.

IV. CONTROLS, MONITORING AND REPORTING MECHANISMS

The Investment Adviser will have the duty and responsibility of management overview of the activities of the investment portfolio. The activity of the investment portfolio shall be reported to the MCHCP Chief Financial Officer periodically. Each month, the Investment Advisor will provide staff with accounting reports. Additionally, a summary of portfolio graphs will be provided quarterly.

The Investment Adviser will work as a team to develop formal strategies and recommended asset allocations to meet or exceed the overall return objectives measured against all risks and regulatory factors.
**Appropriate Monitoring Controls & Report Processes:**

Periodic Chief Financial Officer Review and updates to the Board of Trustees

Regular Investment Advisor Meetings to Evaluate Strategy with the Chief Financial Officer

**V. MONITORING OF BELOW INVESTMENT GRADE “BBB” CREDITS**

The Investment Adviser will monitor corporate bond holdings that may fall below the ratings threshold for initial purchase.

The Investment Adviser will compile a report to be reviewed by the MCHCP Staff on a regular basis, not to be less than quarterly. These holdings, referred to, as “Below ‘BBB’ Rated Credits” will be monitored for declines in market value compared to current carrying value.

The Investment Adviser will review the list of “Below Investment Grade Credits” on a regular basis. Some of the criteria to be utilized in the review process will include but are not limited to:

- Credit Ratings
- Equity Price Trends
- Market News

These criteria would be used in the analysis of the retention or disposition decision. The par value of these credits should be limited to 7% of the total market value of the Trust’ fixed income holdings. In the event this limit is triggered, the Investment Adviser will make a disposition decision within 90 days.

In order to maintain this discipline, decisions to dispose of impaired credits should not be solely based upon the following factors:

- Maturity considerations
- Holding yield
- Earnings management
- Tax considerations

**VI. EQUITY PROCESS**

- Exchange Traded Funds (ETFs), Mutual Funds, and Closed End Funds (CEF’s)
The Investment Advisor will employ ETF’s, Mutual Funds and CEF’s (funds) for the equity allocation. The Investment Advisor may also employ individual equities for the Large Cap Position.

The Funds being utilized may be actively managed or passive (index) funds. Index funds by their nature will return the average of the market and therefore be rated “3 Stars” by Morningstar. The Investment Advisor will be responsible for monitoring the funds. Should the Morningstar rating fall below the guideline the fund will be monitored by the Investment Advisor and liquidation will be considered.

The Investment Advisor will regularly monitor the performance of the funds owned by the SRWBTT to include not only recent performance, but also the historical returns.

- **Individual Equity Holdings (Large Caps)**

  1. **Independent Analysts’ Recommendations**
     
     On a monthly basis the Investment Advisor will review the analysts’ recommendations for all current holdings and for those under consideration for inclusion in the portfolio.

     This approach to using independent analysts is based on the belief that these groups are not coming from a “sell side” approach. This approach avoids any conflict of interest which may occur when an analyst touts a credit within the context of an investment banking relationship. The recommendations are buy, sell or hold. The Investment Advisor’s approach is to look for a preponderance of opinion.

  2. **Technical Analysis**
     
     On a monthly basis the price graph is reviewed for each current and prospective holding. The 200-day moving average is examined for a technical approach to the buy/sell decision.

  3. **Fundamental Analysis**
     
     On a monthly basis, Bloomberg analytics is used to produce a relative value analysis for each holding, both current and prospective.

     The metrics currently being utilized are Price/Earnings, Price/Book, Dividend Discount Model, Price/Sales and Free Cash Flow. These metrics are analyzed to look for relative value within an industry group.
4. Buy/Sell Decision
   Generally, we are working from a consensus approach. We are looking for a consensus from the three types of analysis.

   If the analysts’ recommendation results in a “Buy” we are looking for confirmation of that from at least one of the other two analyses.

   This approach is applied to current holdings as well those under consideration for inclusion in the portfolio.

5. Portfolio Disciplines
   Generally, the Investment Advisor’s approach would be to limit exposure to 4% of the portfolio market value to a single issuer.

   This approach also includes a consideration of sector exposure. The Investment Advisor monitors the sector exposure of the portfolio versus that of the exposure within approximately 10% of the S&P 500 Index exposure.

Exhibit A-2
Pricing Page for Investment Management for the Capital Markets and Investment Account

The bidder must bid on the following investment management pricing option (Option One) and the Reverse Repurchase Agreements section in order to be compliant with the RFP. However, the bidder may also offer a different investment management pricing option in addition to Option One – Capital Markets. If bidder completes Option Two, then the bidder must also complete the Sample Exercise in order to meet the requirements of the RFP. The Sample Exercise will be utilized by MCHCP in the evaluation of the RFP.

Reverse Repurchase Agreements
Contractor agrees to lend MCHCP such funds at the following rate:

Such interest charged shall be the amount borrowed that day multiplied by the rate and divided by 360. [Example: MCHCP borrows $1,500,000 for one day, and the Rate is 4.0%. ($1,500,000 x 4%) / 360 = $166.67.]

Option One - Capital Markets
1. If the investment portfolio yield is less than the 91-day (13 week) T-bill yield rate, then the full amount of any such investment return shall be applied to the appropriate accounts as identified by MCHCP.
2. If the investment portfolio yield is higher than the 91-day (13 week) T-bill yield rate, then the full amount of any such investment return up to the first ____ basis points over the 91-day (13 week) T-bill yield rate [Price A] shall be applied to the appropriate accounts as identified by MCHCP.
3. If the investment portfolio yield exceeds the 91-day (13 week) T-bill yield rate plus Price A, then:
   (1) Contractor shall earn the first additional ____ basis points [Price B] over Price A; and
   (2) MCHCP shall earn any return above and beyond the 91-day (13 week) T-bill yield rate plus Price C [Price A + Price B = Price C].

Option Two - Capital Markets
Bidders may choose to bid a different investment management pricing option other than Option One - Capital Markets. Bidders that choose to provide an alternative pricing option should detail the offer in an attachment and submit it with the RFP response. The attachment should be clearly labeled "Capital Markets Investment Strategy".

Bidders must also complete the following sample exercise and submit it with your proposal.

Sample Exercise
Assume that the Capital Markets Investment Account has total assets of $80M. Explain your strategies and approach, including asset mix, expected yields, and all transaction costs related to your strategy. Be advised that Capital Markets assets will be utilized for cash management needs should the Plan’s claims expenditures require liquidity. Compare your expected yield to Option One and appropriate benchmarks. This exercise should show anticipated transactions for the period of January 1, 2024 through December 31, 2024.
Bidder must bid on the following investment management pricing option in order to be compliant with the RFP. The bidder must also complete the Sample Exercise in order to meet the requirements of the RFP. The Sample Exercise will be utilized by MCHCP in the evaluation of the RFP.

The Board has currently adopted a moderate approach to investing these funds (33% invested in equities). The bidder must provide a detailed explanation of the proposed investment approach along with all costs incurred by MCHCP or passed along to the trust fund (i.e., all processing, purchasing, redemption, exchange, and/or account fees, etc.). In addition, the bidder must also provide an expected rate of return. In addition the bidder must also provide an expected rate of return including a three-year history of performance with this model.

Bidders must outline their proposed investment strategy in an attachment labeled "Retiree Welfare Benefit Trust Investment Strategy". The Sample Exercise listed below must also be included.

**Sample Exercise 1-3**

For this exercise, (Exercise 1) assume that the State Retiree Welfare Benefit Trust (SRWBT) Investment Account has total assets of $170 M. Explain your strategies and approach, including asset mix, expected yields, and all transaction costs related to your strategy. Compare your expected yield to appropriate benchmarks. This exercise should show anticipated transactions for the period of January 1, 2024 through December 31, 2024.

For this exercise, (Exercise 2) assume the SRWBT investment account is more actively utilized to pay current retiree claims and investment account balances would require a portion of the investment account (20%) to include shortened maturities to ensure liquidity for claims payments. Explain your strategies and approach, including asset mix, expected yields, and all transaction costs related to your strategy. Compare your expected yield to appropriate benchmarks. This exercise should show anticipated transactions for the period of January 1, 2024 through December 31, 2024.

For this exercise, (Exercise 3) assume the SRWBT investment account functions as in (Exercise 2). Explain your strategies and approach, including asset mix, expected yields, and all transaction costs related to your strategy should the SRWBT investment account balance be reduced due to claims expenditures - From $170M to $100M. This exercise should show anticipated transactions for the period of January 1, 2024 through December 31, 2024.

(Dated no earlier than the RFP issuance date)
This Business Associate Agreement ("Agreement") between the Missouri Consolidated Health Care Plan (hereinafter “Covered Entity” or “MCHCP”) and Banking Company. (hereinafter “Business Associate”) is entered into as a result of the business relationship between the parties in connection with services requested and performed in accordance with the 2024 Banking and Investment Services RFP ("RFP") and under Contract #2024-BFS-01, as renewed and amended, (hereinafter the “Contract”).

This Agreement supersedes all other agreements, including any previous business associate agreements, between the parties with respect to the specific matters addressed herein. In the event the terms of this Agreement are contrary to or inconsistent with any provisions of the Contract or any other agreements between the parties, this Agreement shall prevail, subject in all respects to the Health Insurance Portability and Accountability Act of 1996, as amended (the “Act”), and the HIPAA Rules, as defined in Section 2.1 below.

1 Purpose.

The Contract is for Banking Services.

The purpose of this Agreement is to comply with requirements of the Act and the implementing regulations enacted under the Act, 45 CFR Parts 160 - 164, as amended, to the extent such laws relate to the obligations of business associates, and to the extent such laws relate to obligations of MCHCP in connection with services performed by Banking Company for or on behalf of MCHCP under the Contract. This Agreement is required to allow the parties to lawfully perform their respective duties and maintain the business relationship described in the Contract.

2.3 To the extent a term is defined in the Contract and this Agreement, the definition in this Agreement, subject in all material respects to the HIPAA Rules, shall govern.

2.4 Notwithstanding the forgoing, for ease of reference throughout this Agreement, Business Associate understands and agrees that wherever PHI is referenced in this Agreement, it shall be deemed to include all MCHCP-related PHI in any format or media including paper, recordings, electronic media, emails, and all forms of MCHCP-related ePHI in any data state, be it data in motion, data at rest, data in use, or otherwise.

3 Obligations and Activities of Business Associate.

3.1 Business Associate agrees to not use or disclose PHI other than as permitted or required by this Agreement or as required by law.

3.2 Appropriate Safeguards. Business Associate agrees to implement, maintain, and use appropriate administrative, physical, and technical safeguards, and fully comply with all applicable standards, implementation specifications, and requirements of Subpart C of 45 CFR Part 164 with respect to ePHI, in order to: (i) ensure the confidentiality, integrity, and availability of ePHI created, received, maintained, or transmitted; (ii) protect against any reasonably anticipated threats or hazards to the security or integrity of such information; and (iii) protect against use or disclosure of ePHI by Business Associate, its workforce, and its subcontractors other than as provided for by this Agreement.

3.3 Subcontractors. Pursuant to §§ 164.308(b)(2) and 164.502(e)(1)(ii), Business Associate agrees it will not permit any subcontractors to create, receive, access, use, maintain, disclose, or transmit PHI in connection with, on behalf of, or under the direction of Business Associate in connection with performing its duties and obligations under the Contract unless and until Business Associate obtains satisfactory assurances in the form of a written contract or written agreement in accordance with §§ 164.504(e) and 164.314(a)(2) that the subcontractor(s) will appropriately safeguard PHI and in all respects comply with the same restrictions, conditions, and requirements applicable to Business Associate under the HIPAA Rules and this Agreement with respect to such information.

In addition to the forgoing, and in accordance with the Contract, Business Associate agrees it will not permit any subcontractor, or use any off-shore entity, to perform services under the Contract, including creation, use, storage, or transmission of PHI at any location(s) outside of the United States.

3.4 Reports to MCHCP. Business Associate agrees to report any use or disclosure of PHI not authorized or provided for by this Agreement, including breaches of unsecured PHI and any security incident involving MCHCP to MCHCP in accordance with the notice provisions prescribed in this Section 3.4. For purposes of the security incident reporting requirement, the term “security incident” shall not include inconsequential incidents that occur on a daily basis, such as scans, “pings,” or other unsuccessful attempts to penetrate computer networks or servers containing ePHI maintained or transmitted by Business Associate.
3.4.1 The notice shall be delivered to, and confirmed received by, MCHCP without unreasonable delay, but in any event no later than three (3) business days of Business Associate’s first discovery, as discovery is described under § 164.410, of the unauthorized use or disclosure, breach of unsecured PHI, or security incident.

3.4.2 The notice shall be in writing and sent to both of the following MCHCP workforce members and deemed delivered only upon personal confirmation, acknowledgement or receipt in any form, verbal or written, from one of the designated recipients:

- MCHCP’s Privacy Officer ➔ currently, Jennifer Stilabower, (573) 522-3242, Jennifer.Stilabower@mchcp.org, 832 Weathered Rock Court, Jefferson City, MO 65101
- MCHCP’s Security Officer ➔ currently, Brad Kifer, (573) 526-2858, Brad.Kifer@mchcp.org, 832 Weathered Rock Court, Jefferson City, MO 65101

If, and only if, Business Associate receives an email or voicemail response indicating neither of the intended MCHCP recipients are available and no designee(s) confirm receipt within eight (8) business hours on behalf of one or both of the above-named MCHCP Officers, Business Associate shall forward the written notice to their primary MCHCP contact with copies to the Privacy and Security Officers for documentation purposes.

3.4.3 The notice shall include to the fullest extent possible:

a) a detailed description of what happened, including the date, time, and all facts and circumstances surrounding the unauthorized use or disclosure, breach of unsecured PHI, or security incident;

b) the date, time, and circumstances surrounding when and how Business Associate first became aware of the unauthorized use or disclosure, breach of unsecured PHI, or security incident;

c) identification of each individual whose PHI has been, or is reasonably believed by Business Associate to have been involved or otherwise subject to possible breach;

d) a description of all types of PHI known or potentially believed to be involved or affected;

e) identification of any and all unauthorized person(s) who had access to or used the PHI or to whom an unauthorized disclosure was made;

f) all decisions and steps Business Associate has taken to date to investigate, assess risk, and mitigate harm to MCHCP and all potentially affected individuals;

g) contact information, including name, position or title, phone number, email address, and physical work location of the individual(s) designated by Business Associate to act as MCHCP’s primary contact for purposes of the notice triggering event(s);
h) all corrective action steps Business Associate has taken or shall take to prevent future similar uses, disclosures, breaches, or incidents;

i) if all investigatory, assessment, mitigation, or corrective action steps are not complete as of the date of the notice, Business Associate’s best estimated timeframes for completing each planned but unfinished action step; and

j) any action steps Business Associate believes affected or potentially affected individuals should take to protect themselves from potential harm resulting from the matter.

3.4.4 Business Associate agrees to cooperate with MCHCP during the course of Business Associate’s investigation and risk assessment and to promptly and regularly update MCHCP in writing as supplemental information becomes available relating to any of the items addressed in the notice.

3.4.5 Business Associate further agrees to provide additional information upon and as reasonably requested by MCHCP; and to take any additional steps MCHCP reasonably deems necessary or advisable to comply with MCHCP’s obligations as a covered entity under the HIPAA Rules.

3.4.6 Business Associate expressly acknowledges the presumption of breach with respect to any unauthorized acquisition, access, use, or disclosure of PHI, unless Business Associate is able to demonstrate otherwise in accordance with § 164.402(2), in which case, Business Associate agrees to fully document its assessment and all factors considered and provide MCHCP no later than ten (10) calendar days following Business Associate’s discovery with its complete written risk assessment, conclusion reached, and all documentation supporting a conclusion that the unauthorized acquisition, access, use, or disclosure of PHI presents a low probability that PHI has been compromised.

3.4.7 The parties agree to work together in good faith, making every reasonable effort to reach consensus regarding whether a particular circumstance constitutes a breach or otherwise warrants notification, publication, or reporting to any affected individual, government body, or the public and also the appropriate means and content of any notification, publication, or report. Notwithstanding the foregoing, all final decisions involving questions of breach of PHI shall be made by MCHCP, including whether a breach has occurred, and any notification, publication, or public reporting required or reasonably advisable under the HIPAA Rules and MCHCP’s Notice of Privacy Practices based on all objective and verifiable information provided to MCHCP by Business Associate under this Section 3.4.

3.4.8 Business Associate agrees to bear all reasonable and actual costs associated with any notifications, publications, or public reports relating to breaches by Business Associate, any subcontractor of Business Associate, and any employee or workforce member of Business Associate and/or its subcontractors, as MCHCP deems necessary or advisable.

3.5 Confidential Communications. Business Associate agrees it will promptly implement and honor individual requests to receive PHI by alternative means or at an alternative location provided such
request has been directed to and approved by MCHCP in accordance with § 164.522(b) applicable to covered entities. If Business Associate receives a request for confidential communications directly from an individual, Business Associate agrees to refer the individual, and promptly forward the individual’s request, to MCHCP so that MCHCP can assess, accommodate, and coordinate reasonable requests of this nature in accordance with the HIPAA Rules and prepare a timely response to the individual.

3.6 Individual Access to PHI. If an individual requests access to PHI under § 164.524, Business Associate agrees it will make all PHI about the individual which Business Associate created or received for or from MCHCP that is in Business Associate’s custody or control available in a designated record set to MCHCP or, at MCHCP’s direction, to the requesting individual or his or her authorized designee, in order to satisfy MCHCP’s obligations as follows:

3.6.1 If Business Associate receives a request for individual PHI in a designated record set from MCHCP, Business Associate will provide the requested information to MCHCP within five (5) business days from the date of the request in a readily accessible and readable form and manner or as otherwise reasonably specified in the request.

3.6.2 If Business Associate receives a request for PHI in a designated record set directly from an individual current or former MCHCP member, Business Associate will require that the request be made in writing and will also promptly notify MCHCP that a request has been made verbally. If the individual submits a written request for PHI in a designated record set directly to Business Associate, no later than five (5) business days thereafter, Business Associate shall provide MCHCP with: (i) a copy of the individual’s request to MCHCP for purposes of determining an appropriate response to the request; (ii) the designated record sets in Business Associate’s custody or control that are subject to access by the requesting individual(s) requested in the form and format requested by the individual if it is readily producible in such form and format, or if not, in a readable hard copy form; and (iii) the titles of the persons or offices responsible for receiving and processing requests for access by individual(s). MCHCP will direct Business Associate in writing within five (5) business days following receipt of the information described in (i), (ii), and (iii) of this subsection 3.6.2 whether Business Associate should send the requested designated data set directly to the individual or whether MCHCP will forward the information received from Business Associate as part of a coordinated response or if for any reason MCHCP deems the response should be sent from MCHCP or another Business Associate acting on behalf of MCHCP. If Business Associate is directed by MCHCP to respond directly to the individual, Business Associate agrees to provide the designated record set requested in the form and format requested by the individual if it is readily producible in such form and format; or, if not, in a readable hard copy form or such other form and format as agreed to by Business Associate and the individual. Business Associate will provide MCHCP’s Privacy Officer with a copy of all responses sent to individuals pursuant to § 164.524 and the directives set forth in this subsection 3.6.2 for MCHCP’s compliance and documentation purposes.

3.7 Amendments of PHI. Business Associate agrees it will make any amendment(s) to PHI in a designated record set as directed or agreed to by MCHCP pursuant to § 164.526, and take other measures as necessary and reasonably requested by MCHCP to satisfy MCHCP’s obligations under § 164.526.
3.7.1 If Business Associate receives a request directly from an individual to amend PHI created by Business Associate, received from MCHCP, or otherwise within the custody or control of Business Associate at the time of the request, Business Associate shall promptly refer the individual to MCHCP’s Privacy Officer, and, if the request is in writing, shall forward the individual’s request three (3) business days to MCHCP’s Privacy Officer so that MCHCP can evaluate, coordinate and prepare a timely response to the individual’s request.

3.7.2 MCHCP will direct Business Associate in writing as to any actions Business Associate is required to take with regard to amending records of individuals who exercise their right to amend PHI under the HIPAA Rules. Business Associate agrees to follow the direction of MCHCP regarding such amendments and to provide written confirmation of such action within seven (7) business days of receipt of MCHCP’s written direction or sooner if such earlier action is required to enable MCHCP to comply with the deadlines established by the HIPAA Rules.

3.8 PHI Disclosure Accounting. Business Associate agrees to document, maintain, and make available to MCHCP within seven (7) calendar days of a request from MCHCP for all disclosures made by or under the control of Business Associate or its subcontractors that are subject to accounting, including all information required, under § 164.528 to satisfy MCHCP’s obligations regarding accounting of disclosures of PHI.

3.8.1 If Business Associate receives a request for accounting directly from an individual, Business Associate agrees to refer the individual, and promptly forward the individual’s request, to MCHCP so that MCHCP can evaluate, coordinate and prepare a timely response to the individual’s request.

3.8.2 In addition to the provisions of 3.8.1, all PHI accounting requests received by Business Associate directly from the individual shall be acted upon by Business Associate as a request from MCHCP for purposes of Business Associate’s obligations under this section. Unless directed by MCHCP to respond directly to the individual, Business Associate shall provide all accounting information subject to disclosure under § 164.528 to MCHCP within seven (7) calendar days of the individual’s request for accounting.

3.9 Privacy of PHI. Business Associate agrees to fully comply with all provisions of Subpart E of 45 CFR Part 164 that apply to MCHCP to the extent Business Associate has agreed or assumed responsibilities under the Contract or this Agreement to carry out one or more of MCHCP’s obligation(s) under 45 CFR Part 164 Subpart E.

3.10 Internal Practices, Books, and Records. Upon request of MCHCP or the Secretary, Business Associate will make its internal practices, books, and records relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of MCHCP available to MCHCP and/or the Secretary in a time and manner designated by MCHCP or the Secretary for purposes of determining MCHCP’s and/or Business Associate’s compliance with the HIPAA Rules.
4 Permitted Uses and Disclosures of PHI by Business Associate.

4.1 Contractual Authorization. Business Associate may access, create, use, and disclose PHI as necessary to perform its duties and obligations required by the Contract, including but not limited to specific requirements set forth in the Scope of Work (as such term is defined in the Contract), as amended. Without limiting the foregoing general authorization, MCHCP specifically authorizes Business Associate to access, create, receive, use, and disclose all PHI which is required to provide the services specified in the Contract. The parties agree that no provision of the Contract permits Business Associate to use or disclose PHI in a manner that would violate Subpart E of 45 CFR Part 164 if used or disclosed in like manner by MCHCP except that:

4.1.1 This Agreement permits Business Associate to use PHI received in its capacity as a business associate of MCHCP, if necessary: (A) for the proper management and administration of Business Associate; or (B) to carry out the legal responsibilities of Business Associate.

4.1.2 This Agreement permits Business Associate to combine PHI created or received on behalf of MCHCP as authorized in this Agreement with PHI lawfully created or received by Business Associate in its capacity as a business associate of other covered entities to permit data analysis relating to the health care operations of MCHCP and other PHI contributing covered entities in order to provide MCHCP with such comprehensive, aggregate summary reports as specifically required by, or specially requested under, the Contract.

4.2 Authorization by Law. Business Associate may use or disclose PHI as permitted or required by law.

4.3 Minimum Necessary. Notwithstanding any other provision in the Contract or this Agreement, with respect to any and all uses and disclosures permitted, Business Associate agrees to request, create, access, use, disclose, and transmit PHI involving MCHCP members subject to the following minimum necessary requirements:

4.3.1 When requesting or using PHI received from MCHCP, a member of MCHCP, or an authorized party or entity working on behalf of MCHCP, Business Associate shall make reasonable efforts to limit all requests and uses of PHI to the minimum necessary to accomplish the intended purpose of the request or use. Business Associate agrees its reasonable efforts will include identifying those persons or classes of persons, as appropriate, in Business Associate’s workforce who need access to MCHCP member PHI to carry out their duties under the Contract. Business Associate further agrees to identify the minimally necessary amount of PHI needed by each such person or class and any conditions appropriate to restrict access in accordance with such assessment.

4.3.2 For any type of authorized disclosure of PHI that Business Associate makes on a routine basis to third parties, Business Associate shall implement procedures that limit the PHI disclosed to the amount minimally necessary to achieve the purpose of the disclosure. For all other authorized but non-routine disclosures, Business Associate shall develop and follow criteria for reviewing requests and limiting disclosures to the information minimally necessary to accomplish the purposes for which disclosure is sought.
4.3.3 Business Associate may rely, if such reliance is reasonable under the circumstances, on a requested disclosure as the minimum necessary for the stated purpose if and when:

a) Making disclosures to public officials as permitted under § 164.512, if the public official represents that the information requested is the minimum necessary for the stated purpose(s); or

b) The information is requested by a professional who is a member of its workforce or is a business associate of MCHCP for the purpose of providing professional services to MCHCP, if the professional represents that the information requested is the minimum necessary for the stated purpose(s).

4.3.4 Minimum necessary does not apply to: uses or disclosures made to the individual; uses or disclosures made pursuant to a HIPAA-compliant authorization; disclosures made to the Secretary in accordance with the HIPAA Rules: disclosures specifically permitted or required under, and made in accordance with, the HIPAA Rules.

5 Obligations of MCHCP.

5.1 Notice of Privacy Practices. MCHCP shall notify Business Associate of any limitation(s) that may affect Business Associate’s use or disclosure of PHI by providing Business Associate with MCHCP’s Notice of Privacy Practices in accordance with § 164.520, the most recent copy of which is attached to this Agreement.

5.2 Individual Authorization Changes. MCHCP shall notify Business Associate in writing of any changes in, or revocation of, the authorization by an individual to use or disclose his or her PHI, to the extent that such changes may affect Business Associate’s use or disclosure of PHI.

5.3 Confidential Communications. MCHCP shall notify Business Associate in writing of individual requests approved by MCHCP in accordance with § 164.522 to receive communications of PHI from Business Associate by alternate means or at alternative locations, to the extent that such changes may affect Business Associate’s use or disclosure of PHI.

5.4 Individual Restrictions. MCHCP shall notify Business Associate in writing of any restriction to the use or disclosure of PHI that MCHCP has agreed and, if applicable, any subsequent revocation or termination of such restriction, in accordance with § 164.522, to the extent that such changes may affect Business Associate’s use or disclosure of PHI.

5.5 Permissible Requests by MCHCP. MCHCP shall not request Business Associate to use or disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by MCHCP.
Term and Termination, Expiration, or Cancellation.

6.1 Term. This Agreement is effective upon signature of both parties, and shall terminate upon the termination, expiration, or cancellation of the Contract, as amended, unless sooner terminated for cause under subsection 6.2 below.

6.2 Termination. Without limiting MCHCP’s right to terminate the Contract in accordance with the terms therein, Business Associate also authorizes MCHCP to terminate this Agreement immediately by written notice and without penalty if MCHCP determines, in its sole discretion, that Business Associate has violated a material term of this Agreement and termination of this Agreement is in the best interests of MCHCP or its members. Without limiting the foregoing authorization, Business Associate agrees that MCHCP may, as an alternative or in addition to termination, require Business Associate to end the violation of the material term(s) and cure the breach of contract within the time and manner specified by MCHCP based on the circumstances presented. With respect to this subsection, MCHCP’s remedies under this Agreement and the Contract are cumulative, and the exercise of any remedy shall not preclude the exercise of any other.

6.3 Obligations of Business Associate Upon Termination. Upon termination, expiration, or cancellation of this Agreement for any reason, Business Associate agrees to return to MCHCP or deliver to another MCHCP business associate at MCHCP’s direction all PHI received from MCHCP, any current or former Business Associate or workforce member of MCHCP, or any current or former member of MCHCP, as well as all PHI created, compiled, stored or accessible to Business Associate or any subcontractor, agent, affiliate, or workforce member of Business Associate, relating to MCHCP as a result of services provided under the Contract. All such PHI shall be securely transmitted in accordance with MCHCP’s written directive in electronic format accessible and decipherable by the MCHCP designated recipient. Following confirmation of receipt and usable access of the transmitted PHI by the MCHCP designated recipient, Business Associate shall destroy all MCHCP-related PHI and thereafter retain no copies in any form for any purpose whatsoever. Within seven (7) business days following full compliance with the requirements of this subsection, an authorized representative of Business Associate shall certify in writing addressed to MCHCP’s Privacy and Security Officers that Business Associate has fully complied with this subsection and has no possession, control, or access, directly or indirectly, to MCHCP-related PHI from any source whatsoever.

Notwithstanding the foregoing, Business Associate may maintain MCHCP-PHI after the termination of this Agreement to the extent return or destruction of the PHI is not feasible, provided Business Associate: (i) refrains from any further use or disclosure of the PHI; (ii) continues to safeguard the PHI thereafter in accordance with the terms of this Agreement; (iii) does not attempt to de-identify the PHI without MCHCP’s prior written consent; and (iv) within seven (7) days following full compliance of the requirements of this subsection, provides MCHCP written notice describing all PHI maintained by Business Associate and certification by an authorized representative of Business Associate of its agreement to fully comply with the provisions of this paragraph.

6.4 Survival. All obligations and representations of Business Associate under this Section 6 and subsection 7.2 shall survive termination, expiration, or cancellation of the Contract and this Agreement.
7 Miscellaneous.

7.1 Satisfactory Assurance. Business Associate expressly acknowledges and represents that execution of this Agreement is intended to, and does, constitute satisfactory assurance to MCHCP of Business Associate’s full and complete compliance with its obligations under the HIPAA Rules. Business Associate further acknowledges that MCHCP is relying on this assurance in permitting Business Associate to create, receive, maintain, use, disclose, or transmit PHI as described herein.

7.2 Indemnification. Each party shall, to the fullest extent permitted by law, protect, defend, indemnify and hold harmless the other party and its current and former trustees, employees, and agents from and against any and all losses, costs, claims, penalties, fines, demands, liabilities, legal actions, judgments, and expenses of every kind (including reasonable attorneys’ fees and expenses, including at trial and on appeal) arising out of the acts or omissions of such party or any subcontractor, consultant, or workforce member of such party to the extent such acts or omissions violate the terms of this Agreement or the HIPAA Rules as applied to the Contract.

Notwithstanding the foregoing, if Business Associate maintains any MCHCP-related PHI following termination of the Contract and this Agreement pursuant to subsection 6.3, Business Associate shall be solely responsible for all PHI it maintains and, to the fullest extent permitted by law, Business Associate shall protect, defend, indemnify and hold harmless MCHCP and its current and former trustees, employees, and agents from and against any and all losses, costs, claims, penalties, fines, demands, liabilities, legal actions, judgments, and expenses of every kind (including reasonable attorneys’ fees and expenses, including at trial and on appeal) arising out of the acts or omissions of Business Associate or any subcontractor, consultant, or workforce member of Business Associate regarding such PHI to the extent such acts or omissions violate the terms of the Act or the HIPAA Rules.

7.3 No Third Party Beneficiaries. There is no intent by either party to create or establish third party beneficiary status or rights or their equivalent in any person or entity, other than the parties hereto, that may be affected by the operation of this Agreement, and no person or entity, other than the parties, shall have the right to enforce any right, claim, or benefit created or established under this Agreement.

7.4 Amendment. The parties agree to work together in good faith to amend this Agreement from time to time as is necessary or advisable for compliance with the requirements of the HIPAA Rules. Notwithstanding the foregoing, this Agreement shall be deemed amended automatically to the extent any provisions of the Act or the HIPAA Rules not addressed herein become applicable to Business Associate during the term of this Agreement pursuant to and in accordance with any subsequent modification(s) or official and binding legal clarification(s), to the Act or the HIPAA Rules.

7.5 Interpretation. Any reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended. Any ambiguity in this Agreement shall be interpreted to permit compliance with the HIPAA Rules.
THE UNDERSIGNED PERSONS REPRESENT AND WARRANT THAT WE ARE LEGALLY FREE TO ENTER THIS AGREEMENT, THAT OUR EXECUTION OF THIS AGREEMENT HAS BEEN DULY AUTHORIZED, AND THAT UPON BOTH OF OUR SIGNATURES BELOW THIS SHALL BE A BINDING AGREEMENT TO THE FOREGOING TERMS AND CONDITIONS OF THIS BUSINESS ASSOCIATE AGREEMENT.
