RE: MCHCP Health Care Decision Support System (DSS) RFP

Missouri Consolidated Health Care Plan (MCHCP) will be working with Enrollment Advisors (formerly HighRoads), an online request for proposal (RFP) system, in the marketing of the MCHCP Health Care Decision Support System (DSS) RFP. The successful contractor will be required to begin implementation immediately following contract award and to have the system in full production by January 1, 2017. You are invited to submit a proposal for these services.

MCHCP provides the health benefit program for most State of Missouri employees, retirees, and their dependents covering over 96,000 members (lives). An additional 1,100 non-state members are covered through their public entity employer. MCHCP currently has a data warehouse and decision support system (Advantage Suite) in place with Truven Health Analytics which was first implemented in 2003. Because the current contract is expiring in 2016, this RFP is being released.

Proposal

The RFP requests bids for a health care decision support system. The contractor will combine claim, encounter, health assessment, disease management, dental, vision and eligibility data into a single analytically-ready database which gives MCHCP the ability to understand cost and use across its entire membership. The database shall be housed and maintained by the contractor and shall be accessible by MCHCP via a web connection. This must be a product that is currently in use by other clients.

The term of the contract will be three (3) years with an additional five (5) one-year renewal options available at the sole option of the MCHCP Board of Trustees.

Intent to Bid

Once the RFP is released, bidders who are interested in submitting a proposal should complete the Intent to Bid (available as a response document within the Enrollment Advisors system). The Intent to Bid is due at 4:00 p.m. CT, Wednesday, January 13, 2016.

Use of Enrollment Advisors

During this RFP process you will find Enrollment Advisors’ internet-based application offers an opportunity to streamline information exchange. We are confident your organization will find the process straightforward and user-friendly. Enrollment Advisors will be contacting you within the next 2-3 days to establish a contact person from your organization and to set up a training session, if necessary. To assist you in preparing for the online proposal process, we have outlined below some important information about this event.
**General Instructions**

Your proposal will be submitted over the Internet, through an anonymous online bidding process. Enrollment Advisors will assign a unique user name, which will allow you to view the information pertinent to the bidding process, submit response documents, communicate directly with MCHCP through the application’s messaging component, and respond to our online questionnaires. In addition, Enrollment Advisors will provide a user guide with instructions for setting up your account.

You may wish to have other people in your organization access this online event to assist in the completion of the RFP. Each member of your response team must secure a unique username and password from Enrollment Advisors by way of a provider contact spreadsheet, emailed directly to you by Enrollment Advisors. There is no cost to use the Enrollment Advisors system.

**System Training**

Enrollment Advisors offers all participants of an Enrollment Advisors-hosted event access to their downloadable User Guides and Pre-Recorded Training Sessions. These guides are located on the homepage of the vendor-user view and provide an overview of the application’s functionality. We recommend that you and your response team take advantage of this unique opportunity in order to realize the full benefit of the application. In addition to this self-help option, Enrollment Advisors’ experienced support personnel will offer an application overview via a web-cast session.

Enrollment Advisors support is also available Monday through Friday from 8 a.m. to 6 p.m. ET to help with any technical or navigation issues that may arise. The toll-free number for Enrollment Advisors is 800-979-9351. Support can also be reached by email at support@enrollmentadvisors.com.

1.7 **Headings:** The article, section, paragraph, or exhibit headings or captions in this Contract are for reference and convenience only and may not be considered in the interpretation of this Contract. Such headings or captions do not define, describe, extend, or limit the scope or intent of this Contract.
1.8 **Severability:** If any provision of this Contract is determined by a court of competent jurisdiction to be invalid, unenforceable, or contrary to law, such determination shall not affect the legality or validity of any other provisions. The illegal or invalid provision will be deemed stricken and deleted to the same extent and effect as if it were never incorporated into this Contract, but all other provisions will remain in full force and effect.

1.9 **Inducements:** In making the award of this Contract, MCHCP relies on DSS’s assurances of the following:

- DSS has experience in converting and standardizing raw claims data and integrating it with employer enrollment data in order to provide accessible healthcare management information.
- DSS, including its subcontractors, has the skills, qualifications, expertise, financial resources and experience necessary to perform the services described in the RFP, DSS’s proposal, and this Contract, in an efficient, cost-effective manner, with a high degree of quality and responsiveness, and has performed similar services for other public or private entities.
- DSS has thoroughly reviewed, analyzed, and understood the RFP, has timely raised all questions or objections to the RFP, and has had the opportunity to review and fully understand MCHCP’s current offerings and operating environment for the activities that are the subject of this Contract and the needs and requirements of MCHCP during the contract term.
- DSS has had the opportunity to review and fully understand MCHCP’s stated objectives in entering into this Contract and, based upon such review and understanding, DSS currently has the capability to perform in accordance with the terms and conditions of this Contract.

Accordingly, on the basis of the terms and conditions of this Contract, MCHCP desires to engage DSS to perform the services described in this Contract under the terms and conditions set forth in this Contract.

1.10 **Industry Standards:** If not otherwise provided, materials or work called for in this Contract shall be furnished and performed in accordance with best established practice and standards recognized by the contracted industry and comply with all codes and regulations which shall apply.

1.11 **Force Majeure:** Neither party will incur any liability to the other if its performance of any obligation under this Contract is prevented or delayed by causes beyond its control and without the fault or negligence of either party. Causes beyond a party's control may include, but aren't limited to, acts of God or war, changes in controlling law, regulations, orders or the requirements of any governmental entity, severe weather conditions, civil disorders, natural disasters, fire, epidemics and quarantines, and strikes other than by DSS’s or its subcontractors’ employees.

1.12 **Breach and Waiver:** Waiver or any breach of any Contract term or condition shall not be deemed a waiver of any prior or subsequent breach. No Contract term or condition shall be held to be waived, modified, or deleted except by a written instrument signed by the parties. If any Contract term or condition or application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, condition or application. To this end, the Contract terms and conditions are severable.
1.13 **Independent Contractor:** DSS represents itself to be an independent contractor offering such services to the general public and shall not represent itself or its employees to be an employee of MCHCP. Therefore, DSS hereby assumes all legal and financial responsibility for taxes, FICA, employee fringe benefits, worker's compensation, employee insurance, minimum wage requirements, overtime, etc. and agrees to indemnify, save, and hold MCHCP, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters. DSS assumes sole and full responsibility for its acts and the acts of its personnel.

1.14 **Relationship of the Parties:** This Contract does not create a partnership, franchise, joint venture, agency, or employment relationship between the parties.

1.15 **No Implied Authority:** The authority delegated to DSS by MCHCP is limited to the terms of this Contract. MCHCP is a statutorily created body corporate multi-employer group health plan and trust fund designated by the Missouri Legislature to administer health care services to eligible State of Missouri and public entity employees, and no other agency or entity may grant DSS any authority related to this Contract except as authorized in writing by MCHCP. DSS may not rely upon implied authority, and specifically is not delegated authority under this Contract to:

- Make public policy;
- Promulgate, amend, or disregard administrative regulations or program policy decisions made by MCHCP; and/or
- Unilaterally communicate or negotiate with any federal or state agency, the Missouri Legislature, or any MCHCP vendor on behalf of MCHCP regarding the services included within this Contract.

1.16 **Third Party Beneficiaries:** This Contract shall not be construed as providing an enforceable right to any third party.

1.17 **Injunction:** Should MCHCP be prevented or enjoined from proceeding with this Contract before or after contract execution by reason of any litigation or other reason beyond the control of MCHCP, DSS shall not be entitled to make or assess claim for damage by reason of said delay.

3.4.6 Business Associate expressly acknowledges the presumption of breach with respect to any unauthorized acquisition, access, use, or disclosure of PHI, unless Business Associate is able to demonstrate otherwise in accordance with § 164.402(2), in which case, Business Associate agrees to fully document its assessment and all factors considered and provide MCHCP no later than ten (10) calendar days following Business Associate’s discovery with its complete written risk assessment, conclusion reached, and all documentation supporting a conclusion that the unauthorized acquisition, access, use, or disclosure of PHI presents a low probability that PHI has been compromised.

3.4.7 The parties agree to work together in good faith, making every reasonable effort to reach consensus regarding whether a particular circumstance constitutes a breach or otherwise warrants notification, publication, or reporting to any affected individual, government body, or the public and also the appropriate means and content of any notification, publication, or report. Notwithstanding the foregoing, all final decisions involving questions of breach of PHI shall be made by MCHCP, including whether a breach has occurred, and any notification, publication, or public reporting required or reasonably advisable under the HIPAA Rules and MCHCP’s Notice of Privacy Practices based on all objective and verifiable information provided to MCHCP by Business Associate under this Section 3.4.

3.4.8 Business Associate agrees to bear all reasonable and actual costs associated with any notifications, publications, or public reports relating to breaches by Business Associate, any subcontractor of Business Associate, and any employee or workforce member of Business Associate and/or its subcontractors, as MCHCP deems necessary or advisable.

3.5 Confidential Communications. Business Associate agrees it will promptly implement and honor individual requests to receive PHI by alternative means or at an alternative location provided such request has been directed to and approved by MCHCP in accordance with § 164.522(b) applicable to covered entities. If Business Associate receives a request for confidential communications directly from an individual, Business Associate agrees to refer the individual, and promptly forward the individual’s request, to MCHCP so that MCHCP can assess, accommodate, and coordinate reasonable requests of this nature in accordance with the HIPAA Rules and prepare a timely response to the individual.

3.6 Individual Access to PHI. If an individual requests access to PHI under § 164.524, Business Associate agrees it will make all PHI about the individual which Business Associate created or received from or for MCHCP that is in Business Associate’s custody or control available in a designated record set to...
MCHCP or, at MCHCP’s direction, to the requesting individual or his or her authorized designee, in order to satisfy MCHCP’s obligations as follows:

3.6.1 If Business Associate receives a request for individual PHI in a designated record set from MCHCP, Business Associate will provide the requested information to MCHCP within five (5) business days from the date of the request in a readily accessible and readable form and manner or as otherwise reasonably specified in the request.

MCHCP will direct Business Associate in writing within five (5) business days following receipt of the information described in (i), (ii), and (iii) of this subsection 3.6.2 whether Business Associate should send the requested designated data set directly to the individual or whether MCHCP will forward the information received from Business Associate as part of a coordinated response or if for any reason MCHCP deems the response should be sent from MCHCP or another Business Associate acting on behalf of MCHCP. If Business Associate is directed by MCHCP to respond directly to the individual, Business Associate agrees to provide the designated record set requested in the form and format requested by the individual if it is readily producible in such form and format; or, if not, in a readable hard copy form or such other form and format as agreed to by Business Associate and the individual. Business Associate will provide MCHCP’s Privacy Officer with a copy of all responses sent to individuals pursuant to § 164.524 and the directives set forth in this subsection 3.6.2 for MCHCP’s compliance and documentation purposes.

3.7 Amendments of PHI. Business Associate agrees it will make any amendment(s) to PHI in a designated record set as directed or agreed to by MCHCP pursuant to § 164.526, and take other measures as necessary and reasonably requested by MCHCP to satisfy MCHCP’s obligations under § 164.526.

3.7.1 If Business Associate receives a request directly from an individual to amend PHI created by Business Associate, received from MCHCP, or otherwise within the custody or control of Business Associate at the time of the request, Business Associate shall promptly refer the individual to MCHCP’s Privacy Officer, and, if the request is in writing, shall forward the individual’s request three (3) business days to MCHCP’s Privacy Officer so that MCHCP can evaluate, coordinate and prepare a timely response to the individual’s request.

3.7.2 MCHCP will direct Business Associate in writing as to any actions Business Associate is required to take with regard to amending records of individuals who exercise their right to amend PHI under the HIPAA Rules. Business Associate agrees to follow the direction of MCHCP regarding such amendments and to provide written confirmation of such action within seven (7)
business days of receipt of MCHCP’s written direction or sooner if such earlier action is required to enable MCHCP to comply with the deadlines established by the HIPAA Rules.

3.8 PHI Disclosure Accounting. Business Associate agrees to document, maintain, and make available to MCHCP within fifteen (15) calendar days of a request from MCHCP for all disclosures made by or under the control of Business Associate or its subcontractors that are subject to accounting, including all information required, under § 164.528 to satisfy MCHCP’s obligations regarding accounting of disclosures of PHI.

3.8.1 If Business Associate receives a request for accounting directly from an individual, Business Associate agrees to refer the individual, and promptly forward the individual’s request, to MCHCP so that MCHCP can evaluate, coordinate and prepare a timely response to the individual’s request.

3.8.2 In addition to the provisions of 3.8.1, all PHI accounting requests received by Business Associate directly from the individual shall be acted upon by Business Associate as a request from MCHCP for purposes of Business Associate’s obligations under this section. Unless directed by MCHCP to respond directly to the individual, Business Associate shall provide all accounting information subject to disclosure under § 164.528 to MCHCP within fifteen (15) calendar days of the individual’s request for accounting.

3.9 Privacy of PHI. Business Associate agrees to fully comply with all provisions of Subpart E of 45 CFR Part 164 that apply to MCHCP to the extent Business Associate has agreed or assumed responsibilities under the Contract or this Agreement to carry out one or more of MCHCP’s obligation(s) under 45 CFR Part 164 Subpart E.

3.10 Internal Practices, Books, and Records. Upon request of MCHCP or the Secretary, Business Associate will make its internal practices, books, and records relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of MCHCP available to MCHCP and/or the Secretary in a time and manner designated by MCHCP or the Secretary for purposes of determining MCHCP’s compliance with the HIPAA Rules.

4 Permitted Uses and Disclosures of PHI by Business Associate.

4.1 Contractual Authorization. Business Associate may access, create, use, and disclose PHI as necessary to perform its duties and obligations required by the Contract, including but not limited to specific requirements set forth in the Scope of Work (as such term is defined in the Contract), as amended. Without limiting the foregoing general authorization, MCHCP specifically authorizes Business Associate to access, create, receive, use, and disclose all PHI which is required to provide the services specified in the contract.

4.2 Authorization by Law. Business Associate may use or disclose PHI as permitted or required by law.

4.3 Qualified Authorization. The parties agree that no provision of the Contract permits Business Associate to use or disclose PHI in a manner that would violate Subpart E of 45 CFR Part 164 if used or disclosed in like manner by MCHCP except that:
4.3.1 This Agreement permits Business Associate to use PHI received in its capacity as a business associate of MCHCP, if necessary: (A) for the proper management and administration of Business Associate; or (B) to carry out the legal responsibilities of Business Associate; and

4.3.2 This Agreement permits Business Associate to disclose PHI received by Business Associate in its capacity as a business associate of MCHCP, only if: (A) the disclosure is required by law; or (B) Business Associate obtains reasonable assurance from the person to whom the PHI is disclosed that it will be held confidentially and used or further disclosed only as required by law or for the purposes for which it was disclosed to the person; and such person notifies Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.

4.4 **Data Aggregation.** In addition, Business Associate may combine PHI created or received on behalf of MCHCP as authorized in this Agreement with PHI lawfully created or received by Business Associate in its capacity as a business associate of other covered entities to permit data analysis relating to the health care operations of MCHCP and other PHI contributing covered entities in order to provide MCHCP with such comprehensive, aggregate summary reports as specifically required by, or specially requested under, the Contract.

4.5 **Minimum Necessary.** Notwithstanding any other provision in the Contract or this Agreement, with respect to any and all uses and disclosures permitted, Business Associate agrees to request, create, access, use, disclose, and transmit PHI involving MCHCP members subject to the following minimum necessary requirements:

4.5.1 When requesting or using PHI received from MCHCP, a member of MCHCP, or an authorized party or entity working on behalf of MCHCP, Business Associate shall make reasonable efforts to limit all requests and uses of PHI to the minimum necessary to accomplish the intended purpose of the request or use. Business Associate agrees its reasonable efforts will include identifying those persons or classes of persons, as appropriate, in Business Associate’s workforce who needs access to MCHCP member PHI to carry out their duties under the Contract. Business Associate further agrees to identify the minimally necessary amount of PHI needed by each such person or class and any conditions appropriate to restrict access in accordance with such assessment.

4.5.2 For any type of authorized disclosure of PHI that Business Associate makes on a routine basis to third parties, Business Associate shall implement procedures that limit the PHI disclosed to the amount minimally necessary to achieve the purpose of the disclosure. For all other authorized but non-routine disclosures, Business Associate shall develop and follow criteria for reviewing requests and limiting disclosures to the information minimally necessary to accomplish the purposes for which disclosure is sought.

4.5.3 Business Associate may rely, if such reliance is reasonable under the circumstances, on a requested disclosure as the minimum necessary for the stated purpose if and when:

   a) Making disclosures to public officials as permitted under § 164.512, if the public official represents that the information requested is the minimum necessary for the stated purpose(s); or
b) The information is requested by a professional who is a member of its workforce or is a business associate of MCHCP for the purpose of providing professional services to MCHCP, if the professional represents that the information requested is the minimum necessary for the stated purpose(s).

4.5.4 Minimum necessary does not apply to: uses or disclosures made to the individual; uses or disclosures made pursuant to a HIPAA-compliant authorization; disclosures made to the Secretary in accordance with the HIPAA Rules: disclosures specifically permitted or required under, and made in accordance with, the HIPAA Rules.

5 **Obligations of MCHCP**.

5.1 **Notice of Privacy Practices**. MCHCP shall notify Business Associate of any limitation(s) that may affect Business Associate’s use or disclosure of PHI, by providing Business Associate with MCHCP’s Notice of Privacy Practices in accordance with § 164.520, the most recent copy of which is attached to this Agreement.

5.2 **Individual Authorization Changes**. MCHCP shall notify Business Associate in writing of any changes in, or revocation of, the authorization by an individual to use or disclose his or her PHI, to the extent that such changes may affect Business Associate’s use or disclosure of PHI.

5.3 **Confidential Communications**. MCHCP shall notify Business Associate in writing of individual requests approved by MCHCP in accordance with § 164.522 to receive communications of PHI from Business Associate by alternate means or at alternative locations.

5.4 **Individual Restrictions**. MCHCP shall notify Business Associate in writing of any restriction to the use or disclosure of PHI that MCHCP has agreed and, if applicable, any subsequent revocation or termination of such restriction, in accordance with § 164.522.

5.5 **Permissible Requests by MCHCP**. MCHCP shall not request Business Associate to use or disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by MCHCP.

6 **Term and Termination, Expiration, or Cancellation**.

6.1 **Term**. This Agreement is effective upon signature of both parties, and shall terminate upon the termination, expiration, or cancellation of the Contract, as amended, unless sooner terminated for cause under subsection 6.2 below.

6.2 **Termination**. Without limiting MCHCP’s right to terminate the Contract in accordance with the terms therein, Business Associate also authorizes MCHCP to terminate this Agreement immediately by written notice and without penalty if MCHCP determines, in its sole discretion, that Business Associate has violated a material term of this Agreement and termination of this Agreement is in the best interests of MCHCP or its members. Without limiting the foregoing authorization, Business Associate agrees that MCHCP may, as an alternative or in addition to termination, require Business Associate to end the violation of the material term(s) and cure the breach of contract within the time and manner specified by MCHCP based on the circumstances presented. With respect to this
subsection, MCHCP’s remedies under this Agreement and the Contract are cumulative, and the exercise of any remedy shall not preclude the exercise of any other.

6.3 Obligations of Business Associate Upon Termination. Upon termination, expiration, or cancellation of this Agreement for any reason, Business Associate agrees to return to MCHCP or deliver to another MCHCP business associate at MCHCP’s direction all PHI received from MCHCP, any current or former Business Associate or workforce member of MCHCP, or any current or former member of MCHCP, as well as all PHI created, compiled, stored or accessible to Business Associate or any subcontractor, agent, affiliate, or workforce member of Business Associate, relating to MCHCP as a result of services provided under the Contract. All such PHI shall be securely transmitted in accordance with MCHCP’s written directive in electronic format accessible and decipherable by the MCHCP designated recipient. Following confirmation of receipt and usable access of the transmitted PHI by the MCHCP designated recipient, Business Associate shall destroy all MCHCP-related PHI and thereafter retain no copies in any form for any purpose whatsoever. Within seven (7) business days following full compliance with the requirements of this subsection, an authorized representative of Business Associate shall certify in writing addressed to MCHCP’s Privacy and Security Officers that Business Associate has fully complied with this subsection and has no possession, control, or access, directly or indirectly, to MCHCP-related PHI from any source whatsoever.

Notwithstanding the foregoing, Business Associate may maintain MCHCP-PHI after the termination of this Agreement to the extent return or destruction of the PHI is not feasible, provided Business Associate: (i) refrains from any further use or disclosure of the PHI; (ii) continues to safeguard the PHI thereafter in accordance with the terms of this Agreement; (iii) does not attempt to de-identify the PHI without MCHCP’s prior written consent; and (iv) within seven (7) days following full compliance of the requirements of this subsection, provides MCHCP written notice describing all PHI maintained by Business Associate and certification by an authorized representative of Business Associate of its agreement to fully comply with the provisions of this paragraph.

6.4 Survival. All obligations and representations of Business Associate under this Section 6 and subsection 7.2 shall survive termination, expiration, or cancellation of the Contract and this Agreement.

7 Miscellaneous.

7.1 Satisfactory Assurance. Business Associate expressly acknowledges and represents that execution of this Agreement is intended to, and does, constitute satisfactory assurance to MCHCP of Business Associate’s full and complete compliance with its obligations under the HIPAA Rules. Business Associate further acknowledges that MCHCP is relying on this assurance in permitting Business Associate to create, receive, maintain, use, disclose, or transmit PHI as described herein.

7.2 Indemnification. Each party shall, to the fullest extent permitted by law, protect, defend, indemnify and hold harmless the other party and its current and former trustees, employees, and agents from and against any and all losses, costs, claims, penalties, fines, demands, liabilities, legal actions, judgments, and expenses of every kind (including reasonable attorneys’ fees and expenses, including at trial and on appeal) arising out of the acts or omissions of such party or any subcontractor, consultant, or workforce member of such party to the extent such acts or omissions violate the terms of this Agreement or the HIPAA Rules as applied to the Contract.
Notwithstanding the foregoing, if Business Associate maintains any MCHCP-related PHI following termination of the Contract and this Agreement pursuant to subsection 6.3, Business Associate shall be solely responsible for all PHI it maintains and, to the fullest extent permitted by law, Business Associate shall protect, defend, indemnify and hold harmless MCHCP and its current and former trustees, employees, and agents from and against any and all losses, costs, claims, penalties, fines, demands, liabilities, legal actions, judgments, and expenses of every kind (including reasonable attorneys’ fees and expenses, including at trial and on appeal) arising out of the acts or omissions of Business Associate or any subcontractor, consultant, or workforce member of Business Associate regarding such PHI to the extent such acts or omissions violate the terms of the Act or the HIPAA Rules.

7.3 No Third Party Beneficiaries. There is no intent by either party to create or establish third party beneficiary status or rights or their equivalent in any person or entity, other than the parties hereto, that may be affected by the operation of this Agreement, and no person or entity, other than the parties, shall have the right to enforce any right, claim, or benefit created or established under this Agreement.

7.4 Amendment. The parties agree to work together in good faith to amend this Agreement from time to time as is necessary or advisable for compliance with the requirements of the HIPAA Rules. Notwithstanding the foregoing, this Agreement shall be deemed amended automatically to the extent any provisions of the Act or the HIPAA Rules not addressed herein become applicable to Business Associate during the term of this Agreement pursuant to and in accordance with any subsequent modification(s) or official and binding legal clarification(s), to the Act or the HIPAA.

7.5 Interpretation. Any reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended. Any ambiguity in this Agreement shall be interpreted to permit compliance with the HIPAA Rules.

THE UNDERSIGNED PERSONS REPRESENT AND WARRANT THAT WE ARE LEGALLY FREE TO ENTER THIS AGREEMENT, THAT OUR EXECUTION OF THIS AGREEMENT HAS BEEN DULY AUTHORIZED, AND THAT UPON BOTH OF OUR SIGNATURES BELOW THIS SHALL BE A BINDING AGREEMENT TO THE FOREGOING TERMS AND CONDITIONS OF THIS BUSINESS ASSOCIATE AGREEMENT.

Proposal Deadline

ALL questionnaires and pricing proposals must be submitted no later than 4 p.m. CT (5 p.m. ET), Wednesday, February 3, 2016.

Disclaimers

MCHCP will not be liable under any circumstances for any expenses incurred by any respondent in connection with the selection process.

Confidentiality and Proprietary Materials

Pursuant to Section 610.021 RSMo, proposals and related documents shall not be available for public review until a contract has been awarded or all proposals are rejected. MCHCP maintains copies of all proposals and related documents. Contact Jennifer Stilabower at (573) 522-3242 to request copies.

MCHCP is a governmental body under Missouri Sunshine Law (Chapter 610 RSMo). Section 610.011 requires that all provisions be “liberally construed and their exceptions strictly construed to promote” the public policy that records are open unless otherwise provided by law. Regardless of any claim by a
bidder as to material being proprietary and not subject to copying or distribution, or how a bidder characterizes any information provided in its proposal, all material submitted by the bidder in conjunction with the RFP is subject to release after the award of a contract in relation to a request for public records under the Missouri Sunshine Law (see Chapter 610 of the Missouri Revised Statutes). Only information expressly permitted by the provisions of Missouri’s Sunshine Law to be closed – strictly construed – will be redacted by MCHCP from any public request submitted to MCHCP after an award is made. Bidders should presume information provided to MCHCP in a proposal will be public following the award of the bid and made available upon request in accordance with the provisions of state law.

**Evaluation Process**

Any apparent clerical error may be corrected by the bidder before contract award. Upon discovering an apparent clerical error, MCHCP shall contact the bidder and request written clarification of the intended proposal. The correction shall be made in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.

Any pricing information submitted by a bidder must be disclosed on the pricing pages as designated in this RFP. Any pricing information which appears elsewhere in the bidder’s proposal shall not be considered by MCHCP.

Awards shall only be made to the bidder(s) whose proposal(s) complies with all mandatory specifications and requirements of the RFP. MCHCP reserves the right to evaluate all offers and based upon that evaluation to limit the number of contract awards or reject all offers.

Subject to review and follow up action by the Board of Trustees, negotiations must be finalized no later than (3) working days prior to the Board meeting where awards are expected to be made (this is expected to be late March, 2016). No offers, proposals, clarifications or responses will be accepted after that date.

MCHCP reserves the right to request written clarification of any portion of the bidder’s response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response shall be subject to acceptance or rejection without further clarification.

MCHCP reserves the right to consider historic information and fact, whether gained from the bidder’s proposal, question and answer conferences, references, or any other source, in the evaluation process. The bidder is cautioned that it is the bidder’s sole responsibility to submit information related to the evaluation categories and that MCHCP is under no obligation to solicit such information if it is not included with the bidder’s proposal. Failure of the bidder to submit such information may cause an adverse impact on the evaluation of the bidder’s proposal.

After determining that a proposal satisfies the mandatory requirements stated in the RFP, the comparative assessment of the relative benefits and deficiencies of the proposal in relationship to the published evaluation criteria shall be made by using subjective judgment. The award of a contract resulting from this RFP shall be based on the lowest and best proposal received in accordance with the evaluation criteria stated below:
Evaluation Criteria

Non-financial:
Contractor Capabilities, Qualifications and Experience 30 points
Organization Background and Staffing 40 points
System and General Capabilities 70 points
System Features 110 points
Security and User Access 100 points
Data Consolidation and Quality Review 90 points
Reporting 80 points
Implementation, Training and Client Support 50 points
Analytic Services 30 points
Voluntary Data Share Agreement (VDSA) Services 25 points
Consumer Plan Selection Tool 25 points
Performance Guarantees 50 points

Subtotal – Non-financial points 700 points

Bonus Points – MBE/WBE Participation Commitment 10 points

Financial:
Price 300 points

Finalist Evaluation:
References 40 points
Product Demonstration 250 points

MCHCP will limit the number of finalists to the bidders receiving 80 percent (560 points) of the possible 700 non-financial points available or the top two bidders if less than two bidders receive 80 percent of the possible 700 non-financial points.

The bidder’s proposed participation of MBE/WBE firms in meeting the targets of the RFP will be considered in the evaluation process. A maximum of MBE/WBE participation points of 10 points will be awarded based on the participation amount proposed by the bidder. Awarded MBE/WBE participation points will be added to the non-financial points earned by the bidder and will be included to determine if a bidder meets the 80 percent threshold to obtain finalist status.

Finalist Interview

After an initial screening process, a technical question and answer conference, product demonstration, and/or interview may be conducted, if deemed necessary by MCHCP, to clarify or verify the bidder’s proposal and to develop a comprehensive assessment of the proposal. MCHCP may ask additional questions and/or conduct a site visit of the bidder’s service center or other appropriate location.

Minority Business Enterprise (MBE)/Women Business Enterprise (WBE) Participation

The bidder should secure participation of certified MBEs and WBEs in provider products/services required in this RFP. The targets of participation recommended by the State of Missouri are 10% MBE and 10% WBE of the total dollar value of the contract.
a) These targets can be met by a qualified MBE/WBE vendor themselves and/or through the use of qualified subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for MBE/WBE participation.

b) The services performed or the products provided by MBE/WBEs must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by MBE/WBEs is utilized, to any extent, in the bidder’s obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.

c) In order to be considered as meeting these targets, the MBE/WBEs must be “qualified” by the proposal opening date (date the proposal is due). (See below for a definition of a qualified MBE/WBE.)

d) If the bidder is proposing MBE/WBE participation, in order to receive evaluation consideration for MBE/WBE participation, the bidder must provide the following information with the proposal.

   a. Participation Commitment - If the bidder is proposing MBE/WBE participation, the vendor must complete Section 13 of the DSS Questionnaire (MBE-WBE Participation Commitment), by listing each proposed MBE and WBE, the committed percentage of participation for each MBE and WBE, and the commercially useful products/services to be provided by the listed MBE and WBE. If the vendor submitting the proposal is a qualified MBE and/or WBE, the vendor must include the vendor in the appropriate table on the Participation Commitment Form.

   b. Documentation of Intent to Participate – The bidder must either provide a properly completed Exhibit A-6, Documentation of Intent to Participate Form, signed and dated no earlier than the RFP issuance date by each MBE and WBE proposed or must provide a letter of intent signed and dated no earlier than the RFP issuance date by each MBE and WBE proposed which: (1) must describe the products/services the MBE/WBE will provide and (2) should include evidence that the MBE/WBE is qualified, as defined herein (i.e., the MBE/WBE Certification Number or a copy of MBE/WBE certificate issued by the Missouri OEO). If the bidder submitting the proposal is a qualified MBE and/or WBE, the bidder is not required to complete Exhibit A-6, Documentation of Intent to Participate Form or provide a recently dated letter of intent.

e) Commitment – If the bidder’s proposal is awarded, the percentage level of MBE/WBE participation committed to by the bidder on Exhibit A-6, Participation Commitment, shall be interpreted as a contractual requirement.
Definition -- Qualified MBE/WBE:

In order to be considered a qualified MBE or WBE for purposes of this RFP, the MBE/WBE must be certified by the State of Missouri, Office of Administration, Office of Equal Opportunity (OEO) by the proposal opening date.

MBE or WBE means a business that is a sole proprietorship, partnership, joint venture, or corporation in which at least fifty-one percent (51%) of the ownership interest is held by minorities or women and the management and daily business operations of which are controlled by one or more minorities or women who own it.

Minority is defined as belonging to one of the following racial minority groups: African Americans, Native Americans, Hispanic Americans, Asian Americans, American Indians, Eskimos, Aleuts, and other groups that may be recognized by the Office of Advocacy, United States Small Business Administration, Washington, D.C.

Resources - A listing of several resources that are available to assist bidders in their efforts to identify and secure the participation of qualified MBEs and WBEs is available at the website shown below or by contacting the Office of Equal Opportunity (OEO) at:

Pricing

The bidder must provide a firm, fixed pricing arrangement for providing the services described in this RFP.

The bidder is also required to complete the Performance Guarantee section of the questionnaire, indicating the total amount the bidder is willing to put at risk for these performance standards. The bidder must designate a minimum of 20 percent of the total implementation cost for the implementation standard, and 20 percent of the total monthly fees for the remaining performance standards. The bidder may designate a maximum amount for any one standard. The bidder may also propose additional performance standards. MCHCP reserves the right to negotiate each standard prior to finalizing the contract.

Non-incumbent bidders are also required to complete Exhibit A-2, providing a proposed implementation plan and payment schedule. The bidder must designate the amount to be paid by MCHCP to the contractor following successful completion of each phase of the implementation plan. However, the minimum amount to be designated for the final phase must be at least 50 percent of the total implementation cost listed in the DSS Pricing Proposal.

Any cost and/or pricing data submitted or related to the bidder's proposal including any cost and/or pricing data related to contractual extension options shall be subject to evaluation if deemed by MCHCP to be in the best interest of members of the Plan.
In determining pricing points, MCHCP will consider the potential five year cost of the project including the full not-to-exceed prices for Years 2-5 of the contract. The five year cost includes the implementation cost, plus the total monthly fees for the entire five years. MCHCP will also assume one additional data feed per year in determining the total five-year project cost. The proposed five-year cost for Voluntary Data Share Agreement (VDSA) services and the Consumer Plan Selection Tool will also be included in the total five-year cost.

In addition, the maximum pricing points that may be earned will be relative to the amount of non-pricing points received. The bidder with the most non-price points will be eligible to receive the full 300 points allowed for pricing. All other bidders will be eligible to receive a relative amount of price points based on the relative difference of the non-price points among the bidders. An illustration is provided in Attachment 3.

Negotiation and Contract Award

The bidder is advised that under the provisions of this RFP, MCHCP reserves the right to conduct negotiations of the proposals received or to award a contract without negotiations. If such negotiations are conducted, the following conditions shall apply:

- Negotiations may be conducted in person, in writing, or by telephone.

- Negotiations will only be conducted with bidders who provide potentially acceptable proposals. MCHCP reserves the right to limit negotiations to those bidders that received the highest rankings during the initial evaluation phase. All bidders involved in the negotiation process will be invited to submit a best and final offer.

- Terms, conditions, prices, methodology, or other features of the bidder’s proposal may be subject to negotiation and subsequent revision. As part of the negotiations, the bidder may be required to submit supporting financial, pricing, and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.

- The mandatory requirements of the RFP shall not be negotiable and shall remain unchanged unless MCHCP determines that a change in such requirements is in the best interest of MCHCP and its members.

- Bidder understands that the terms of any negotiation are confidential until an award is made or all proposals are rejected.

Any award of a contract resulting from this RFP will be made only by written authorization from MCHCP.

Renewal of Contract

The initial agreement commences when the contract is signed through December 31, 2019, with five additional one year renewals available at the sole option of the MCHCP Board of Trustees.
Proposed pricing arrangements for CY2018 through CY2021, not to exceed the allowed maximum, shall be submitted to MCHCP prior to May 15 for the following plan year. Pricing for Years CY2022 through CY2024 will be negotiated, and shall be submitted to MCHCP prior to May 15 for the following plan year.

**Using Enrollment Advisors**

The 2017 MCHCP Decision Support System (DSS) RFP contains 2 broad categories of items that you will need to work on via the Enrollment Advisors application:

1) **Items Requiring a Response:**
   
   a. Pricing Forms (e.g., Decision Support System Pricing) are online input forms to collect your pricing proposal as requested by MCHCP. These pricing forms also calculate based on the rates you input.
   
   b. Questionnaires (e.g., Decision Support System Questionnaire) are also online forms to collect your responses to questions about your capabilities.
   
   c) Response Documents (e.g., Exhibit A-1 Intent to Bid) are attachment files (e.g., MS Word or Excel) that are posted to the Enrollment Advisors website. They should be downloaded, completed and/or signed by your organization, and then posted/uploaded back to the Enrollment Advisors application. When you upload your response, from the drop-down menu, identify each uploaded document as a *Response* document and associate it to the appropriate document by name. For step-by-step instructions, please refer to the *How to Download and Attach Files* User Guide located in the *Downloads* section on the application homepage.

2) **Reference Files from MCHCP:**

   a) Documents (e.g., Exhibit B – Scope of Work) that you should download and read completely before submitting your RFP response.

All of these components can be found in the Enrollment Advisors Application under the 2017 MCHCP Decision Support System (DSS) RFP on the Event Details page of the application.

Note that as you use the Enrollment Advisors application to respond to this RFP, User Guides are accessible throughout the application by simply clicking on the help icon or from the *Downloads* area of the Enrollment Advisors application homepage. For help with data entry and navigation throughout the application, you can contact the Enrollment Advisors staff:

- Phone: 800-979-9351, option 2;
- E-mail: support@enrollmentadvisors.com

**Responding to Questionnaires**

We have posted two forms for your response:

- Decision Support System Questionnaire
- Mandatory Contract Provisions Questionnaire
The questionnaires need to be completed and submitted to Enrollment Advisors by **Wednesday, February 3, 2016, 4 p.m. CT (5 p.m. ET)**.

The questionnaires are located within the *Items Requiring a Response* tab. This tab contains all of the items you and your team are required to access and respond to. For step-by-step instructions, please refer to the *How to Submit a Questionnaire* User Guide located in the *Downloads* section of the Enrollment Advisors application homepage. You have the option to “respond online” or through the use of two different off-line (or desktop) tools.

### Completing Pricing Worksheets

The financial worksheet (Decision Support System Pricing) may be accessed in *Items Requiring a Response*. The *Pricing* or *Bid* contains worksheets to collect fee quotations based on the stated benefit plan designs. For step-by-step instructions, please refer to the *How to Submit a Bid* User Guide located in the *Downloads* section of the Enrollment Advisors Application homepage. Please be certain to complete all worksheets.

The Initial Bid Date for pricing is **Monday, February 1, 2016, 4 p.m. CT (5 p.m. ET)**. You are encouraged, but not required, to submit an initial bid by this date in order to familiarize yourself with the pricing function of Enrollment Advisors. You may further refine or modify your bid until the **final bid deadline of Wednesday, February 3, 2016, 4 p.m. CT (5 p.m. ET)**. Further detail on how to submit your bids is outlined in the Submitting Bids section of these Instructions.

### Notes Regarding Pricing

DSS pricing quotes should assume:

- Implementation to begin immediately following contract award, with system in full production by January 1, 2017.

- Submitted prices for Implementation and CY2017 shall be firm, while prices for CY2018 through CY2021 shall be submitted as “not-to-exceed” amounts. Years 6-8 (CY2022 through CY2024) will be negotiated.

- Proposed prices are subject to negotiation prior to the award of a contract by MCHCP. Please refer to the Instructions document for detailed pricing worksheet instructions.

- Renewals are solely at the option of MCHCP. Renewal prices are due by May 15 for the following year, and are subject to negotiation.

### Submitting Bids

The pricing function allows you to work on a bid submission in draft form. You can enter your rates and *Save* without submitting your proposal to Enrollment Advisors. Save frequently in order to avoid losing work. When you have finished entering all of your rates, *Save* and then *Calculate*. If you have missed any required fields, you will be notified with an error message. If there are no errors, you can *Submit* your proposal through Enrollment Advisors.
Once you have submitted your bid, you can make adjustments at any time up until the bids are due. Simply select the pricing/bid and choose Edit to make changes. Follow the steps above to save, calculate, and re-submit.

Please refer to the following list of instructions before attempting to input/submit a bid:

- Enter your rates well in advance of the required bid date. Please do NOT wait until the last minute to work on the pricing model worksheet because your bids must comply with the automated rules and data validation checks that have been implemented by MCHCP.

- Partial data entries can be saved; however, the validation rules (error checking) will not be run against your data until you complete the worksheet and either Calculate or Submit your data.

- To check that your data have been accurately entered for all worksheets, you should press the Calculate button at the top of the page. If your input complies with the validation rules, all of the rates will be calculated and totaled. Otherwise, the calculation and validation rules will not properly execute even if you press the Calculate button.

- You will be able to view your final rate submission prior to submitting to Enrollment Advisors.

- If your data are accurate and complete, click on the Submit Bid icon to submit your bid to Enrollment Advisors.

- Data that are submitted incorrectly will receive error messages when calculated or submitted.

- All data fields that are marked as a number or currency must be filled with a numerical value or 0. Blanks and text such as “n/a” are not permitted. If you attempt to Submit or Calculate your data with incomplete fields, you will receive an error message.

- Be sure to save your data often. Periodic saves will prevent you from losing data in the event the application times-out. For security purposes the system will automatically log you out after a specified time if there is no activity.

EXHIBIT B
SCOPE OF WORK

B1. GENERAL REQUIREMENTS

B1.1 The contractor must be capable of converting and standardizing raw claim, encounter, health assessment, disease management, dental, vision, enrollment, and eligibility data from multiple sources into a database that can be queried by MCHCP to assist in answering the following types of questions:

B1.1.1 Are our health plan benefit dollars being managed equal to or better than comparable plans?

B1.1.2 Are our plans performing at optimum levels in the areas of cost, quality, and member access?

B1.1.3 How are the plans performing over time in relation to accepted utilization and expense criteria? What are the causes of these trends?

B1.1.4 What is the expected or actual impact of new or existing programs (e.g., wellness initiatives and disease management)?

B1.1.5 What are the primary clinical reasons people are receiving benefits? What are the high cost and high utilization areas? How can we affect these?

B1.2 The contractor must offer this product in such a manner that MCHCP has no responsibility for the database, the decision support software, or the technical infrastructure and associated processes and procedures.

B1.3 The contractor shall be able to provide a full range of analytical products and support, including, but not limited to, claims expense and utilization analysis, benchmarking against valid comparable standards, plan and program evaluation, financial management, and utilization analysis at the provider and clinical level.

B1.4 The information shall be web-based and allow ad hoc report generation with graphic presentation ability. The system must be able to integrate vendor claims information (PPO, HDHP, PBM, dental, and vision), disease management (DM) and coaching participation, health clinic encounter data, health assessment (HA) results, and eligibility and enrollment information.

B1.5 In addition to the ability to provide standard reports, the system must allow for independent analysis and study, providing "drill down" capabilities to the level of participant or provider. Further, the system must be able to subset or aggregate the data on various levels to allow flexibility in reporting. Additionally, query and reporting results must be downloadable to a format that can be manipulated (e.g., Excel).

B1.6 The contractor shall provide adequate initial and ongoing training and support for MCHCP and shall be able to provide the necessary technical support in order to make full use of the information in strategic decision making. Initial training must take place before MCHCP makes the final implementation payment.
B1.7 The contractor shall accept monthly data feeds from each of MCHCP’s vendors and clean the data prior to importing into the central data warehouse. The data will be electronically stored on the contractor's system and will serve as a centralized data repository from which both standard and ad hoc reports may be generated.

B1.8 Upon request, the contractor shall provide a data extract file to MCHCP or its designee in an agreed upon format and layout.

B2. PROJECT EXPECTATIONS

B2.1 MCHCP expects to begin implementation immediately following contract award, with the system being in full production no later than January 1, 2017. There must be no break in service from the current contractor.

B2.2 The final payment for the implementation phase will not be made until the system is in full production.

B2.3 Once in full production and training is complete, MCHCP reserves the right to hold the final payment (as agreed to in Exhibit A-2 Implementation Plan) for up to 30 days to allow MCHCP to test the system. Upon validation by MCHCP, the final payment will be remitted.

B2.4 “Full production” means receiving data from all identified data sources and the database being updated monthly, plus the full decision support capability being made available to MCHCP power users and standard reports available to MCHCP management (as agreed to in the Exhibit A-2 Implementation Plan).

B3. PROJECT REQUIREMENTS

B3.1 At a minimum, MCHCP requires the following services and features to support its efforts to provide quality healthcare coverage that is affordable to MCHCP and its members:

B3.1.1 Develop, with all of MCHCP’s existing vendors, data interfaces which are mutually acceptable to the contractor, the vendors, and MCHCP. The process will include the method of transmission, content and frequency.

B3.1.2 Create a five-year historical database using the available information from all vendors. Once data ages out of the data base, the contractor shall archive the data and retain the capability for the data to be retrieved upon request.

B3.1.3 Receive data from all vendors on a monthly basis and maintain clear communication with MCHCP regarding vendors’ submission dates and compliance levels.

B3.1.4 Proactively identify and correct any data anomalies or gaps in data.

B3.1.5 Array and store data electronically to allow for the generation of "standard" reports on a periodic basis as well as the capability to create and generate ad hoc reports on-line. Besides the ability to provide ad hoc and standard reports, the tool must provide drill-down capabilities to the level of individual participant, provider, or claim line.
B3.1.6 Provide MCHCP direct access to act on and manipulate, compare, consolidate, view, analyze and report the data, with the capability to summarize and compare services provided to members or by providers on the basis of selection criteria specified by MCHCP using any combination of data dimensions.

B3.1.7 Maintain a comparative database embedded within the system to allow for benchmarking. At a minimum, this benchmark data must include national, regional, and industry-specific norms. A public sector norm is required.

B3.1.8 Construct inpatient admissions and inpatient and outpatient episodes of care, linking all claims to a related episode. Episodes of care capabilities are a required component of the DSS and its cost must be included in the base price.

B3.1.9 Provide quality of care measurement and readmission analysis capabilities using established key indicators of quality.

B3.1.10 Provide access to a series of standard management reports that analyze underlying utilization and cost patterns.

B3.1.11 Include the ability to display information in tables, graphs and charts and provide the user with a wide range of selectable choices to view, array, compare, and report aggregate, sub-aggregate, and summary information.

B3.1.12 Provide the capability to efficiently download any size report to Excel where access is nearly immediate (“on-demand”) and no programming expertise is needed.

B3.1.13 Provide the ability to define and access subsets of the full database based on any data variable.

B3.1.14 Provide the ability to create sets of reports that can be scheduled to run following each monthly database update and at user-defined times.

B3.1.15 System must be capable to query most recent five years of data at all times, and must have the capability to report claims data by date of service and by date of payment.

B3.1.16 Provide adequate training and ongoing support to four to six MCHCP employees on how to navigate the system.

B3.1.17 Provide ongoing system support following implementation. A designated analyst with extensive experience must be included as part of the account team.

B3.1.18 Communicate interface requirements to data suppliers in the event that MCHCP changes or adds administrators.

B3.1.19 Provide assistance and expertise in converting MCHCP’s current reporting templates for use in the contractor’s system.

Any and all communication from bidders
regarding specifications, requirements, competitive procurement process, etc., must be directed to MCHCP via the messaging tool on the Enrollment Advisors website, as indicated on the last page of the *Introduction and Instructions* document of the RFP. Such communication must be received no later than Friday, January 15, 2016, 4 p.m. CT (5 p.m. ET).

Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable procurement process, all bidders will be advised, via the issuance of an amendment or other official notification to the RFP, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the RFP, any questions received by MCHCP after the date noted above might not be answered.

It is the responsibility of the bidder to identify and explain any part of their response that does not conform to the requested services described in this document. Without documentation provided by the bidder, it is assumed by MCHCP that the bidder can provide all services as described in this document.

It is further understood that in fulfilling its ongoing responsibilities under this paragraph, the bidder is obligated to make its best faith efforts to disclose only those relevant matters which come to the attention of or should have been known by the bidder’s personnel involved in the engagement covered by this RFP and/or which come to the attention of or should have been known by any individual or office of the bidder designated by the bidder to monitor and report such matters.

C4.2 Upon learning of any such actions, MCHCP reserves the right, at its sole discretion, to either reject the proposal or continue evaluating the proposal.

C5. COMPLIANCE WITH APPLICABLE FEDERAL LAWS

C5.1 In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Health Insurance Portability and Accountability Act (HIPAA) and The Patient Protection and Affordable Care Act (PPACA), as amended.

Cost Points Illustration

Bidders will be evaluated and awarded a maximum of 1000 total points in the areas of price points (300 maximum) and non-price points (700 maximum). Bidders must earn at least 80% of the non-price points (i.e. 560 points) in order to qualify for further evaluation. The amount of price points that a bidder will be eligible to earn is relative to its non-price point evaluation. In other words, the better a given bidder rates compared to other bidders in the non-price points section, the more price points that bidder is eligible to earn.

Notes:
A  Bidder identification.
B  The number of non-price points earned.
C  The total dollar figure bidder supplied in pricing model. This includes the Implementation Cost, Ongoing Service Cost, and the cost for Additional Feeds.
D  The bidder's non-price points divided by the non-price points of the bidder with the greatest non-price points.
E  "D" multiplied by 300 (price points). Based on relative non-price point performance, this figure is the maximum amount of price points the bidder may earn.
F  The lowest priced offer divided by "C". This is the percentage of "Price Points Eligible to Earn" ("E") that a bidder will receive.
G  "E" multiplied by "F". This is the actual price points earned.
H  "B" plus "G". This is the total non-price points and price points earned.

Further, MCHCP shall not agree to pay attorney fees and late payment charges beyond those available under this Contract, and no provision will be given effect which attempts to exclude, modify, disclaim or otherwise attempt to limit implied warranties of merchantability and fitness for a particular purpose.
1.37 Assignment: Contractor shall not assign, convey, encumber, or otherwise transfer its rights or duties under this Contract without prior written consent of MCHCP. This Contract may terminate in the event of any assignment, conveyance, encumbrance or other transfer by Contractor made without prior written consent of MCHCP. Notwithstanding the foregoing, Contractor may, without the consent of MCHCP, assign its rights to payment to be received under this Contract, provided that Contractor provides written notice of such assignment to MCHCP together with a written acknowledgment from the assignee that any such payments are subject to all of the terms and conditions of this Contract. For the purposes of this Contract, the term "assign" shall include, but shall not be limited to, the sale, gift, assignment, pledge, or other transfer of any ownership interest in the Contractor provided, however, that the term shall not apply to the sale or other transfer of stock of a publicly traded company. Contractor shall defend any suit or proceeding brought against MCHCP on account of any alleged patent, copyright or trademark infringement in the United States of any of the products provided or used in the performance of this Contract. This is upon condition that MCHCP shall provide prompt notification in writing of such suit or proceeding; full right, authorization and opportunity to conduct the defense thereof; and full information and all reasonable cooperation for the defense of same. As principles of governmental or public law are involved, MCHCP may participate in or choose to conduct, in its sole discretion, the defense of any such action. If information and assistance are furnished by MCHCP at the Contractor’s written request, it shall be at Contractor’s expense, but the responsibility for such expense shall be only that within Contractor’s written authorization. Contractor shall indemnify and hold MCHCP harmless from all damages, costs, and expenses, including attorney’s fees that the Contractor or MCHCP may pay or incur by reason of any infringement or violation of the rights occurring to any holder of copyright, trademark, or patent interests and rights in any products provided or used in the performance of this Contract. If any of the products provided by Contractor in such suit or proceeding are held to constitute infringement and the use is enjoined, Contractor shall, at its own expense and at its option, either procure the right to continue use of such infringement products, replace them with non-infringement equal performance products or modify them so that they are no longer infringing. If Contractor is
unable to do any of the preceding, Contractor agrees to remove all the equipment or software which are obtained contemporaneously with the infringing product, or, at the option of MCHCP, only those items of equipment or software which are held to be infringing, and to pay MCHCP: 1) any amounts paid by MCHCP towards the purchase of the product, less straight line depreciation; 2) any license fee paid by MCHCP for the use of any software, less an amount for the period of usage; and 3) the pro rata portion of any maintenance fee presenting the time remaining in any period of maintenance paid for.
