III. Performance Expectations

The successful firm(s) must demonstrate an appreciation for and experience working within the budgetary constraints on MCHCP as the State of Missouri’s self-insured employer sponsored health plan by providing expert legal assistance with an eye toward discouraging unnecessary or protracted litigation and continually encouraging efficient and prompt resolution of matters, providing written or verbal advice or legal opinions to the Executive Director and the Board of Trustees as requested.

In this regard, we invite creative suggestions and options that can be utilized by MCHCP depending upon the urgency, complexity, and likelihood of litigation for any particular matter, while also encourage the performance expectations described in Section III.

5. A description of your firm’s proposed reporting process to staff and the Board of Trustees for supervision during particular engagements.

6. Identification of your firm’s malpractice insurance coverage limits.

IV. MCHCP Background

MCHCP was statutorily established and created under the provisions of Chapter 103 RSMo as a body corporate for the purpose of offering and providing health care coverage
for: most State of Missouri officers, employees, retirees, and their dependents; the surviving spouses and children of deceased member officers, employees and retirees of the Plan; and certain participating member agencies of the State. MCHCP currently covers over 96,000 state members and approximately 1,100 non-state local government members through their public entity employer.

MCHCP operates under the direction and control of a 13 member Board of Trustees. The board is responsible for overseeing the administration of MCHCP. The day-to-day management of MCHCP is delegated to the executive director who is appointed by the board.

MCHCP is a covered entity under HIPAA and, as such, any firm engaged in representation of MCHCP will be deemed a business associate as that term is defined in the HIPAA Rules and must enter into a Business Associate Agreement with MCHCP, the form of which will be provided to and negotiated with the successful bidder prior to finalization of any engagement.

For more information on MCHCP, you may view our information regarding the plan and MCHCP board members and management at: www.MCHCP.org.

V. Final Selection

Selected firms may be invited to meet with the MCHCP executive team. Following any finalist interviews, the MCHCP Board of Trustees may select a firm or firms to provide all or part of the requested services.

Following notification of the firm(s) selected, it is expected that a contract or contracts will be executed between MCHCP and the firm(s) as soon as possible. The selection process shall not be considered complete until final execution of a contract.

We look forward to working with you throughout this process.
