It's time for Open Enrollment.

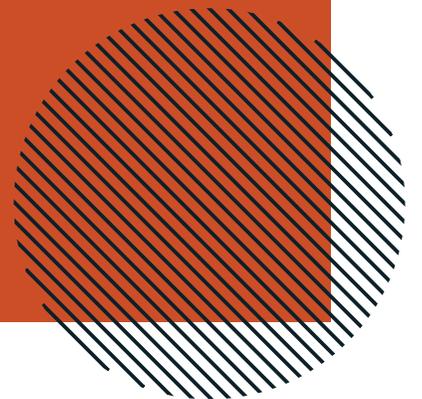

Providing you and your family with access to quality health care coverage is our mission at MCHCP.

MCHCP offers a variety of options when it comes to health care benefits. Your employer will make the decision on which health plans will be available to employees.

The 2026 MCHCP Enrollment Guide will help you make informed decisions about the health plans you have available through your employer. If your employer makes no changes to the health plans they offer their employees and you do not want to make changes to your health plan or covered dependents, MCHCP will automatically re-enroll you and your dependents in the same plan(s) for 2026 that you had in 2025.

To make any changes, log into your myMCHCP account and complete the listed enrollment steps anytime between Oct. 1–31, or you can ask your employer for a form to complete your enrollment.

Be sure to follow us on Facebook and YouTube! We post MCHCP news and updates, recipes, health videos and other useful information throughout the year.

MCHCP Plan Updates for 2026

There are a few changes to the health plans for 2026. The table below highlights what's new.

HSA Plan Updates	Deductibles: <u>\$1,800</u> for an individual <u>\$3,600</u> for a family Out of Pocket Maximum: <u>\$5,400</u> for an individual <u>\$10,800</u> for a family
PPO 750 and 1250 Updates	Prescription Drug Copays: Generic: <u>\$15</u> Copayment Preferred: <u>\$50</u> Copayment Non-Preferred: <u>\$120</u> Copayment Specialty: <u>\$100</u> through Accredo Notes: 1) Amounts are for a 31-day supply
Vision Plan Update	MCHCP added the NVA Ultra Plan option for members (refer to Vision Plan page for specific information)
Dental Plan Update	Oral exams and cleanings are now two per calendar year.

Health Plan Options

Check with your employer to see which health plan(s) will be available to you.

MCHCP offers three health plan options that include medical coverage administered by Anthem, and prescription drug coverage administered by Express Scripts. Each option offers the same nationwide networks. You can access non-network providers, too. Network preventive services are paid at 100%. Turn to pages 3 and 4 to compare health plans for medical coverage and cost-sharing. To learn more, visit MCHCP's website.

HSA Plan

The HSA Plan is a qualified high-deductible plan that can help you save money by giving you access to a health savings account (HSA) through the bank of your choice.

HSA funds accumulate to pay for IRS-qualified medical expenses, such as health care provider and chiropractor fees, dental treatments, hospital bills, prescriptions and more. You decide how to spend that money based on your health care needs and budget. Subscribers can contribute money to their HSA up to the federal contribution limits. Contribution rules for HSAs are complex. Consult a tax advisor if you have questions, as we do not provide tax advice.

On the HSA Plan, you will pay all medical and prescription drug expenses until your individual deductible is met — then you will usually pay coinsurance. Some services are covered at no cost to MCHCP members.

If two or more family members are covered by the HSA Plan, a larger family deductible must be met before the plan pays.

PPO Plans

MCHCP offers two PPO plans – the PPO 1250 Plan and PPO 750 Plan. The plan names come from the individual deductible amounts associated with them — \$1,250 for the PPO 1250 Plan and \$750 for the PPO 750 Plan.

Under our PPO plans, most services are subject to deductible and coinsurance. The PPO 1250 Plan includes the added benefit of office visit copayments not subject to deductible and coinsurance. There are also some services covered at no cost to MCHCP members.

Both PPO plans have a copayment for emergency room visits (waived if it is a true emergency or if admitted as an inpatient), plus you pay a deductible and coinsurance. Hospital stays also have a copayment, plus you pay a deductible and coinsurance. Copayments do not count toward the deductible, but do count toward the member or family unit's out-of-pocket maximum.

If two or more family members are covered under one of our PPO plans, and one family member reaches the individual deductible or out-of-pocket maximum, the medical plan begins paying claims for the individual. If one or more additional family members meet the individual deductible or out-of-pocket maximum, the medical plan begins paying claims for the entire family.

Prescription Drugs

All medical coverage includes MCHCP's prescription drug benefits, administered by Express Scripts. Express Scripts provides a nationwide retail pharmacy network, as well as its specialty pharmacy, Accredo. Express Scripts offers home delivery for maintenance medications that can help save you time and money. You may have to pay more if you get a brand name drug when a generic is available. Express Scripts' preferred formulary list is available on myMCHCP or by calling Express Scripts.

Subscribers have the option to declare a religious or moral objection and decline contraception coverage. Contact MCHCP for more information.

Special Enrollment Periods

We know things happen during the year that may make a change necessary. When one of the following events happens, you can enroll yourself or your dependents, or even change plans. We will need supporting documentation to prove that the event happened. Make sure to enroll within the time frame given for the event below.

EVENT	TIME PERIOD
Life events (marriage, birth, adoption or placement of child)	Within 31 days of life event
Loss of employer-sponsored group coverage	Within 60 days of involuntary coverage loss
Loss of Medicaid status	Within 60 days of status loss
Qualified Medical Child Support Order (QMCSO)	Within 60 days of court order

Dental

Delta Dental of Missouri offers dental benefits through their nationwide networks. These benefits include preventive services, basic restorative services, and major restorative services. Check with your employer to see if the dental plan is available to you.

You may select the dentist of your choice. Using a network Delta Dental PPO™ or Delta Dental Premier® dentist provides you the best benefit and savings. You may go to a non-network provider, however, your out-of-pocket costs will likely be higher. While network dentists are paid directly by Delta Dental for their services, a non-network dentist may require that you make full payment at the time of service and file the claim for reimbursement. They may also bill you the difference between the allowed amount and the full retail cost of their service.

National Vision Administrators, L.L.C.

Vision

National Vision Administrators, L.L.C. (NVA) offers vision benefits through a nationwide network. Basic, premium and ultra plans are offered with specific copayments for services from network providers. Plans offer allowances for services from non-network providers. The vision plan does not replace medical coverage for eye disease or injury. Check with your employer to see if the vision plan is available to you.

You select a provider of your choice. It is recommended you choose an NVA network provider for best use of the vision plan. If you decide to go to a non-network provider, you can, but your out-of-pocket costs will likely be higher. When receiving services from a network provider, NVA pays the provider directly. When receiving services from a non-network provider, members pay the provider and file the claim. Reimbursement checks for non-network claims may take up to 30 days to process.

Total Health Connections

With Total Health Connections, you have your own personal health champion, called a family advocate, who is here to help you and your family through unexpected emergencies and everyday health needs. They stay one step ahead, helping you get the care and support you need at no extra cost to you!

Here's how you'll benefit:

You can reach your family advocate by phone, email or even chat with them online via your computer or mobile device. Whatever you choose, you'll get an advocate who is ready to answer your questions and help you make the most of your health plan benefits.

A dedicated family advocate

Your family advocate is here to connect you with the right care at the right time. They can help you:

- ▶ Find and schedule appointments with network health care providers, specialists and care facilities.
- ▶ Stay on top of preventive care and manage chronic conditions.
- ▶ Understand the health plan benefits available to you.
- ▶ Quickly get preapprovals for urgent medical needs, like surgery.
- ▶ Connect with our in-house clinical experts, who work with you and your health care provider to create a personal care plan that supports your overall wellness and ongoing health needs.

A connected health record

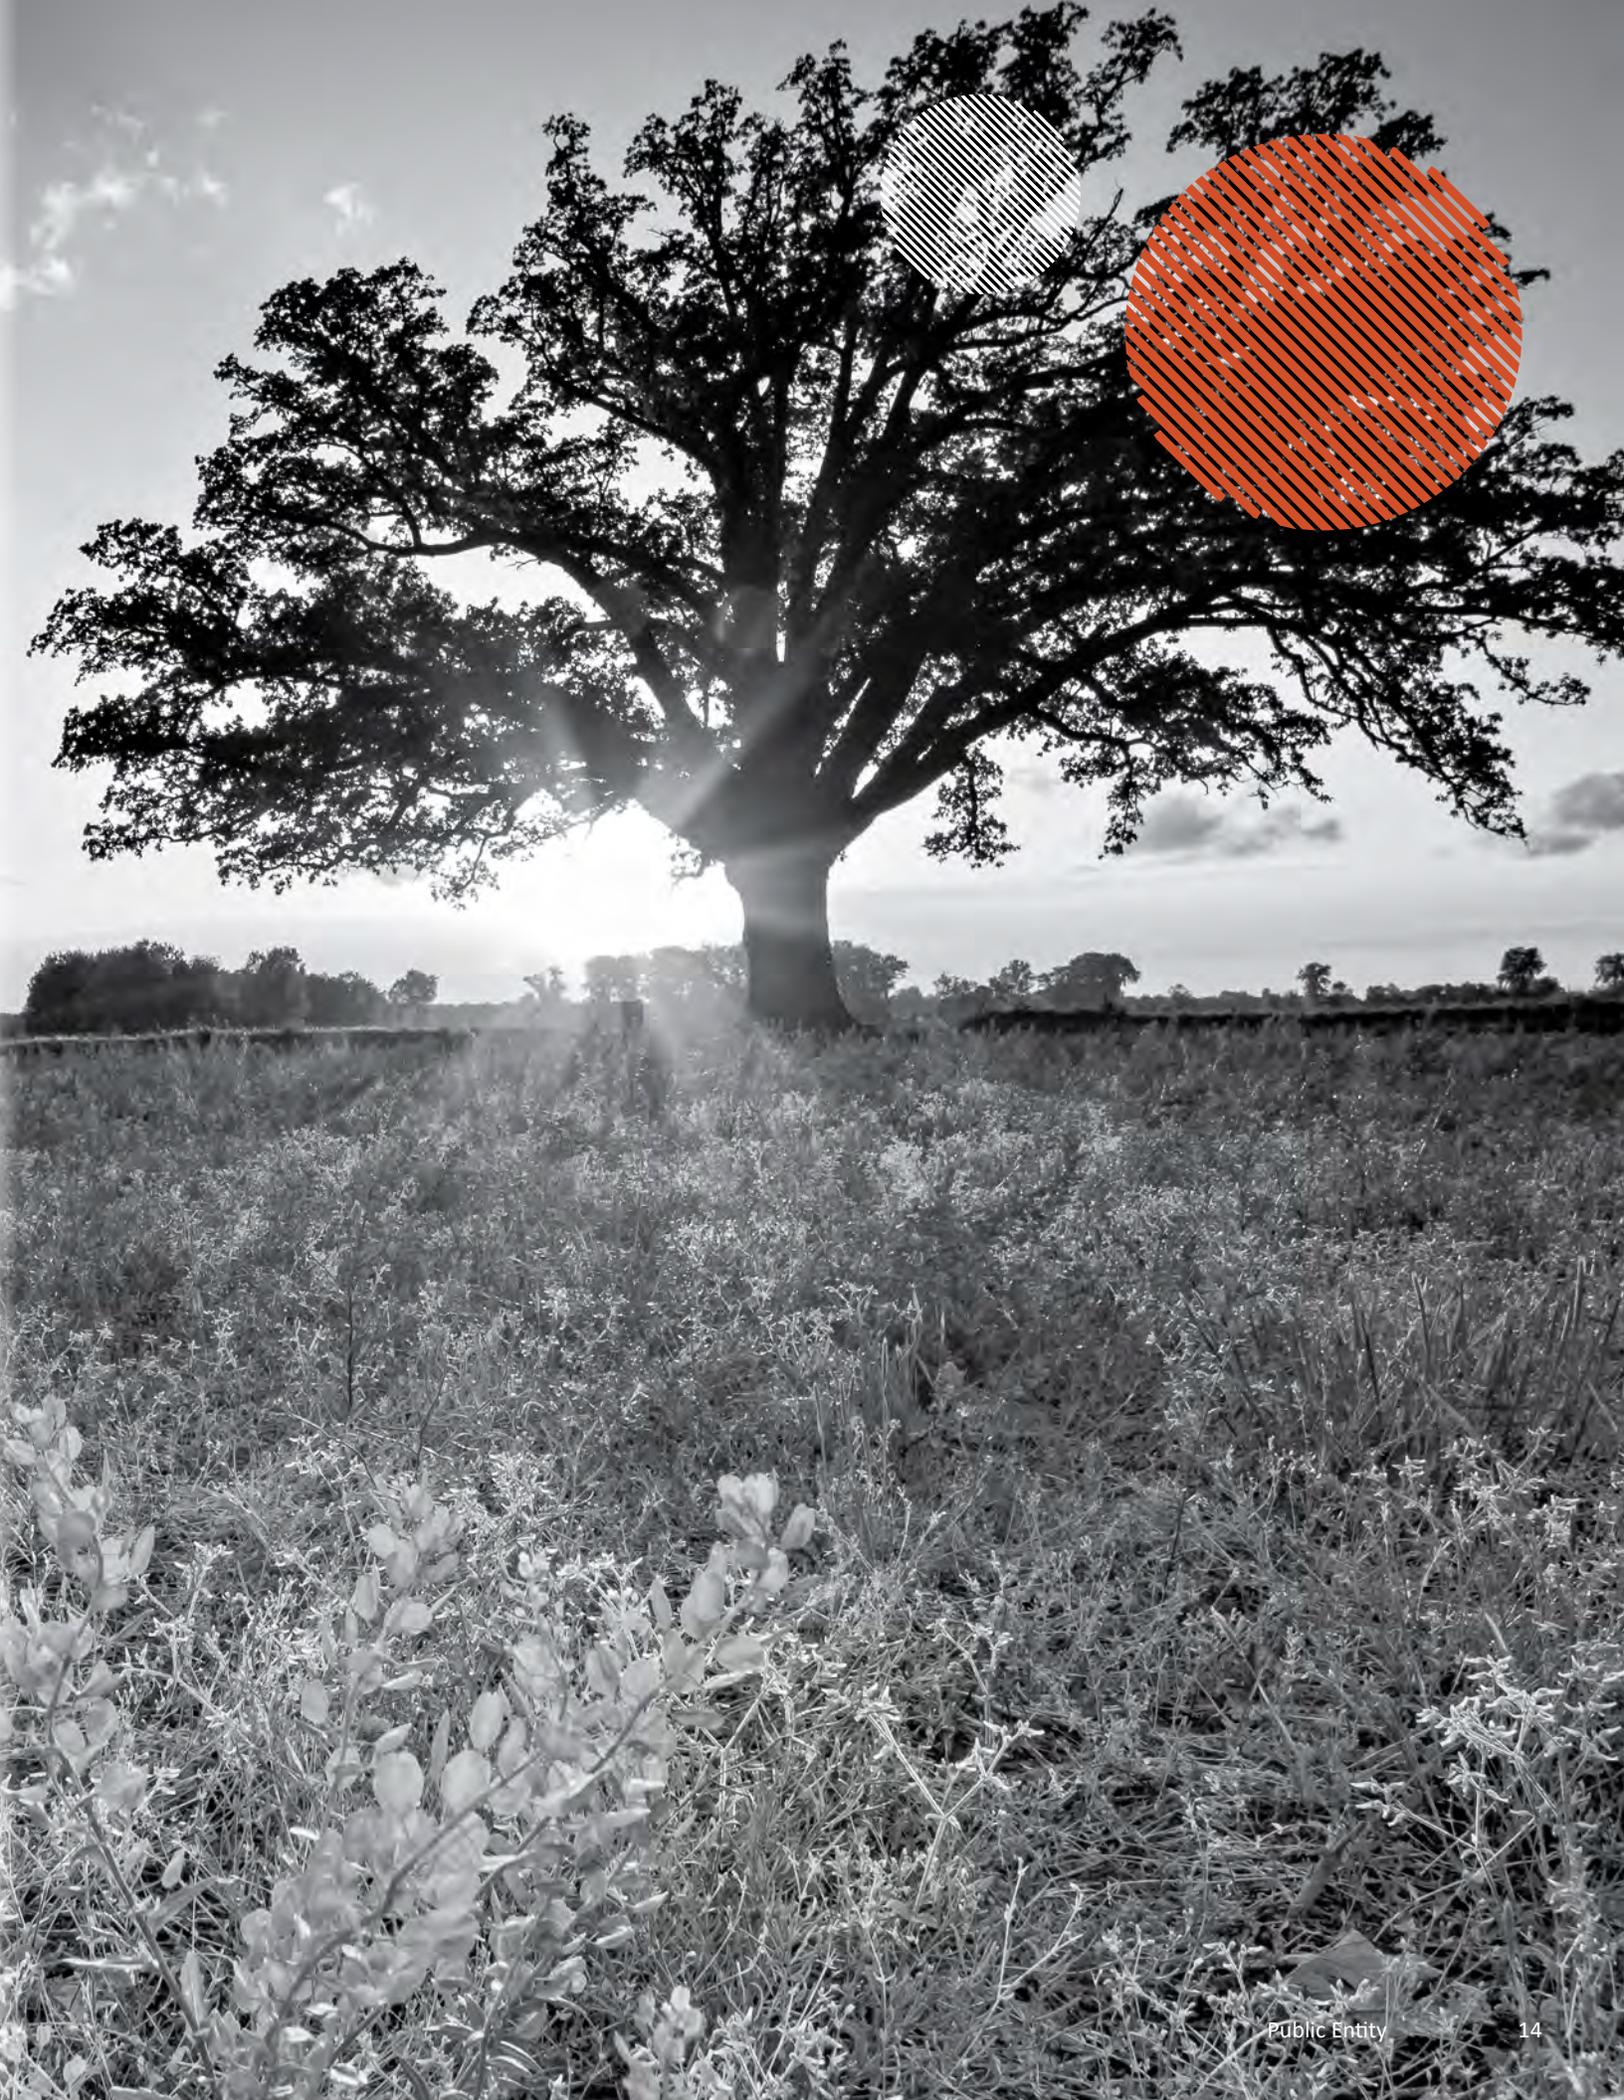

You and your advocate, health care providers and pharmacist have access to the most up-to-date information on your health in a single record. These real-time insights can help improve your care and may lower your healthcare costs over time.

Attention to your whole health

Your physical health impacts your overall well-being, but it's just one piece of the puzzle. Your advocate can connect you with community resources to help with food, child care, transportation, and other social, financial and mental health concerns.

Connect with your family advocate by downloading the SydneySM Health mobile app, or by selecting the "Medical" icon in your myMCHCP account.

With a dedicated advocate in your corner, health care is easier at every step!

Your Health Care Summary — **beyond an explanation of your benefits**

You expect a lot from us as your health plan. That's why your *Health Care Summary* from Anthem includes all the details you're used to seeing in an Explanation of Benefits (EOB) — the care you received, what the charge was, how much you'll pay and how much we'll pay. But it doesn't stop there! Check it out ...

▶ **It includes everything you'll want to know about a claim.**

In the *Claims summary* section, you'll get a quick look at how much the charge was for your care and how much of that you need to pay. For more details about a claim ... well, go to the *Claims details* page. It'll break down the amounts for your copay, deductible, percentage of the costs and services not covered to make it simpler to understand your claims.

▶ **Want to know how much of a claim went toward your deductible and out-of-pocket maximum?**

Your year-to-date summary will give you a look at that and also show you how much is left until you reach those.

▶ **Looking for savings opportunities?**

Maybe you didn't know how much money you can save when you get care from a health care provider or facility in your plan. Your *Health Care Summary* can show you easy ways to save on your out-of-pocket costs.

▶ **You'll also see any recommended preventive care you should get.**

You know, the screenings, checkups, lab tests or vaccines you may have put off or the things you need to do if you have certain health conditions. If you have kids, it'll even show any preventive care they should get.

▶ **How about tips and tools on health and wellness, and ways to get the most out of your health plan?**

Your *Health Care Summary* has those, too! For example, do you know where the closest urgent care is to your home? We do — and we'll make sure you do, too!

▶ **What's in a name? A lot!**

Your *Health Care Summary* is exactly what it says it is: a summary of all the important information you need to know about the health care you received.

When you need care quickly knowing where to go can save you time and money

When you need care right away, the emergency room (ER) might be the first place that comes to your mind. However, the ER may not be the best choice in every situation. You have options when you have a sudden need for care, and knowing what they are can help you save time and money — and feel better sooner.

Where to go for care

Going to the ER or calling 911 is always your best option for emergencies. If it's not an emergency, you can see your primary care provider (PCP), have a virtual visit with a provider, or go to a convenient care clinic or urgent care clinic. This chart compares those options:

Virtual Care		Primary Care Provider		Convenient Care Clinic	
					
<p>24/7 access to providers through the SydneySM Health app, no appointment needed</p>		<p>Usually available during normal business hours and may also provide medical advice by phone after hours</p>		<p>Typically walk-in or same day care</p>	
<p>Flu-like symptoms, allergies, fever, sinus pain, diarrhea, eye infection, rash, urinary tract infection (UTI), and other nonemergency symptoms</p>		<p>Mild asthma, back pain, flu-like symptoms, allergies, fever, sprains, diarrhea, eye or sinus infection, rash, urinary tract infection (UTI), sore throat, earaches, bumps, minor cuts and scrapes, and other nonemergency symptoms</p>		<p>Sore throat, flu-like symptoms, fever, sprains, infections (ear, sinus, urinary tract), minor burns, minor cuts and scrapes, and rash</p>

Anthem Information

How to find the care you need:

1. Go to **anthem.com** or download the **SydneySM Health** mobile app from the App Store[®] or Google Play[™]. Then, log in to:
 - Find a health care provider if you don't have a PCP.
 - Have a virtual visit with a provider using the Sydney Health mobile app.
 - Find a convenient care clinic, urgent care clinic, or ER.
2. Choose **Find Care** and follow the steps.

Urgent Care Clinic

Express Scripts Pharmacy Programs

Express Scripts provides options for members taking maintenance medications that could save them time and money.

Home Delivery

Skip the trip with home delivery

Members taking maintenance medications can choose to receive their prescriptions by home delivery from Express Scripts Pharmacy. The home delivery benefit covers a 90-day supply for 2½ copayments for those enrolled in a PPO plan. Members enrolled in the HSA Plan will pay their applicable deductible and coinsurance.

Other benefits of home delivery include:

- ▶ No-cost standard shipping with online tracking
- ▶ Medications sent in secure, weather-resistant packages
- ▶ Talk with a pharmacist by phone 24/7
- ▶ Get texts and emails about orders and refills and more

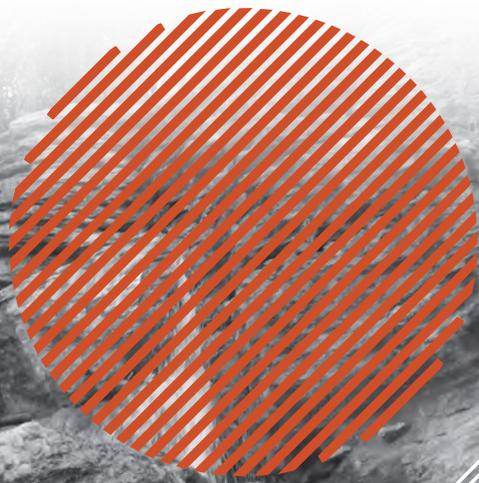

Smart90SM Program

Save time with the convenience of the Smart90 Program

Members enrolled in a PPO or HSA plan can choose the convenience of receiving a 90-day supply of maintenance medications at a participating retail pharmacy. Members enrolled in a PPO plan will pay the applicable 90-day retail supply copayment and members enrolled in the HSA Plan will pay the applicable deductible and coinsurance.

Other benefits of Smart90 include the easy transfer of prescriptions in-store, by phone or online and the convenience of auto-refills and refill reminders upon request.

Contact Express Scripts to find a pharmacy participating in the Smart90 program.

Tired of paying more than you should at the pharmacy? Lower your prescription drug costs with Rx Savings Solutions (RxSS)!

Health care providers know a lot, but they may not know what your prescriptions will cost you. That's where RxSS comes in. RxSS layers on top of your existing Express Scripts prescription drug coverage to

uncover every clinically sound way you can spend less on your prescriptions! RxSS proactively alerts members when lower-cost prescription drug options become available, saving them not only money, but time and energy, too!

If this all still sounds a bit overwhelming, remember: this resource is as simple as 1, 2, 3!

Review possible options for lower-cost medications (including generics that are equally effective).

Compare prices between different pharmacies.

Switch to a lower-cost prescription with one click.

Pharmacy technicians from RxSS will work with your health care provider to get the change approved, so you can begin saving money. (And in some instances, you may even earn a cash reward for your savings efforts.)
