

TITLE 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership

PROPOSED AMENDMENT

22 CSR 10-2.075 Review and Appeals Procedure The Missouri Consolidated Health Care Plan is revising subsection (3)(B).

PURPOSE: This amendment revises the mailing address and telephone number for external reviews.

(3) Appeal Process for Medical and Pharmacy Determinations for PPO 750 Plan, PPO 1250 Plan, and Health Savings Account (HSA) Plan Members.

(B) Internal Appeals.

1. Eligibility, termination for failure to pay, or rescission. Adverse benefit determinations denying or terminating an individual's coverage under the plan based on a determination of the individual's eligibility to participate in the plan or the failure to pay premiums, or any rescission of coverage based on fraud or intentional misrepresentation of a member or authorized representative of a member are appealable exclusively to the Missouri Consolidated Health Care Plan (MCHCP) Board of Trustees (board).

A. The internal review process for appeals relating to eligibility, termination for failure to pay, or rescission shall consist of one (1) level of review by the board.

B. Adverse benefit determination appeals to the board must identify the eligibility, termination, or rescission decision being appealed and the reason the claimant believes the MCHCP staff decision should be overturned. The member should include with his/her appeal any information or documentation to support his/her appeal request.

C. The appeal will be reviewed by the board in a meeting closed pursuant to section 610.021, RSMo, and the appeal will be responded to in writing to the claimant within sixty (60) days from the date the board received the written appeal.

D. Determinations made by the board constitute final internal adverse benefit determinations and are not eligible for external review except as specifically provided in 22 CSR 10-2.075(4)(A)4.

2. Medical and pharmacy services. Members may request internal review of any adverse benefit determination relating to urgent care, pre-service claims, and post-service claims made by the plan's medical and pharmacy vendors.

A. Appeals of adverse benefit determinations shall be submitted in writing to the vendor that issued the original determination giving rise to the appeal at the applicable address set forth in this rule.

B. The internal review process for adverse benefit determinations relating to medical services consists of two (2) levels of internal review provided by the medical vendor that issued the adverse benefit determination.

(I) First level appeals must identify the decision being appealed and the reason the member believes the original claim decision should be overturned. The member should include with his/her appeal any additional information or documentation to support the reason the original claim decision should be overturned.

(II) First level appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. First level medical appeals will be decided within twenty (20) business days from the date the vendor received the first level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional thirty (30) days. The vendor must notify the member prior to the expiration of the first twenty- (20-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than thirty (30) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first. Written confirmation of the decision will be sent by the vendor within fifteen (15) business days.

(III) An expedited appeal of an adverse benefit determination may be requested when a decision is related to a pre-service claim for urgent care. Expedited appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. Expedited appeals will be responded to within seventy-two (72) hours after receiving a request for an expedited review with written confirmation of the decision to the member within three (3) business days of providing notification of the determination.

(IV) Second level appeals must be submitted in writing within sixty (60) days of the date of the first level appeal decision letter that upholds the original adverse benefit determination. Second level appeals should include any additional information or documentation to support the reason the member believes the first level appeal decision should be overturned. Second level appeals will be reviewed by the vendor by someone who was not involved in the original decision or first level appeal and will include consultation with a qualified medical professional if a medical judgment is involved. Second level medical appeals will be decided within twenty (20) days from the date the vendor received the second level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional thirty (30) days. The vendor must notify the member prior to the expiration of the first twenty- (20-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than thirty (30) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first. Written confirmation of the decision will be sent by the vendor within fifteen (15) business days.

(IV) The external review decision will be made as expeditiously as possible and within forty-five (45) days after receipt of the request for the external review.

(V) A claimant may make a written or oral request for an expedited external review if the adverse benefit determination involves a medical condition of the claimant for which the time frame for completion of a standard external review would seriously jeopardize the life or health of the claimant; or would jeopardize the claimant's ability to regain maximum function; or if the final internal adverse benefit determination involves an admission, availability of care, continued stay, or health care item or service for which the claimant received services, but has not been discharged from a facility.

3. For all internal appeals of adverse benefit determinations, the plan or the vendor reviewing the appeal will provide the member, free of charge, with any new or additional evidence or rationale considered, relied upon, or generated by the plan or the vendor in connection with reviewing the claim or the appeal and will give the member an opportunity to respond to such new evidence or rationale before issuing a final internal adverse determination.
